JURISDICTIONAL INFORMATION:

The Policy on Student Awards specifies that the University Registrar report all new, amended and withdrawn awards annually to the Academic Board through the Committee on Academic Policy and Programs.

HIGHLIGHTS:

In 2002-03, the number of new awards established in the University (198) was comparable with those in the years since the inception of various donor matching programs in 1996.

RECOMMENDATION:

For information

April 26, 2004

Professor J. J. Berry Smith
Chair, Committee on Academic Policy and Programs
c/o The Office of the Governing Council
Simcoe Hall

Dear Professor Smith:

RE: Report on Student Awards Established, Amended and Withdrawn:
July 1, 2002 to June 30, 2003

In accordance with the Policy on Student Awards, I am pleased to submit the enclosed annual summary for the Committee's information. We will also distribute copies of the Policy to members.

I am pleased to note that there were 198 new awards established in 2002-03. This is comparable to the number (220) established the previous year. Prior to the various government and University matching programs beginning in 1996, the average number of new awards annually was generally about one quarter of this number. The matches provided have been noted on the list.

At the meeting, I shall be pleased to answer any questions about the Report.

Sincerely

Karel Swift
University Registrar
