SECTION 1**Section 1.1 *Principles of Good Governance and Equity, Diversity and Inclusion***

Subject to applicable laws, University governance must be guided by excellent principles of good governance in relation to stewardship and public accountability, and at the same time recognize the unique nature and characteristics of the academic community or institution, including:

- the fundamental autonomy of universities, coupled with the essential responsibility for public accountability;
- the need to respect the academic mission of excellence in teaching and research;
- the importance of ensuring that academic freedom and responsibility are respected;
- the need to be seen to be accountable – through transparency – to all parties interested in and supporting the University;
- the desire for meaningful and objective stakeholder participation in governance; and
- the diversity and broad representation of governors.

Further to the principles of good governance, it is critical that governance bodies reflect the diversity of the University community.

Building a culture of belonging increases our capacity to effectively address and serve the interests of our global community. Therefore, the University of Toronto is working to correct inequities that were developed historically and are ongoing. We strongly encourage nominations from Indigenous Peoples, Black and racialized persons, women, persons with disabilities, and people of diverse sexual orientations and gender identities. We value candidates who have demonstrated a commitment to equity, diversity and inclusion and recognize that diverse perspectives, experiences, and expertise are essential to strengthening our academic mission. We are committed to fostering a community of belonging and creating inclusive conditions in which everyone can thrive.

SECTION 3 - Introduction to the Governing Council of the University of Toronto

3.1 The Role and Powers of the Governing Council of the University of Toronto¹

The Governing Council of the University of Toronto (the “Governing Council”) is composed of 50 people, the majority of whom are elected from the Administrative Staff, the Alumni, the Teaching Staff, Full-Time Undergraduate Students, Part-Time Undergraduate Students, and Graduate Students of the University (see Section 1.2(4) for details). The current iteration of the legislation which established the University, *The University of Toronto Act, 1971*, as amended, (the “Act”), vests the Governing Council with many powers, including the powers to govern, manage, and control the University and the property, revenues, business, and affairs of the University. The Governing Council may delegate certain powers to the President, to the President’s designees, and to its Boards and Committees. *By-law Number 2* of the Governing Council² stipulates how the powers of the Council are exercised, and how its meetings are conducted.

Generally, the Governing Council exercises its powers through judging matters of broad policy and through monitorial functions. The Governing Council monitors the President and the President’s senior officers (collectively, referred to as the “Administration”), who are responsible for the administration of the University, through, for example:

- the review, assessment, and deliberation of matters and proposals brought before the Governing Council by the Administration for approval;
- the receipt of regular oral and written reports from the Administration;
- the use of Question Period at meetings of the Governing Council;
- the requirement in policy documents for routine reporting of specific administrative actions;
- the receipt of an annual report from the University Ombudsman;
- the right to approve the establishment and disestablishment of senior executive offices and the appointment of University officers; and
- an active Audit Committee.

Some examples of matters brought by the Administration before the Governing Council and its Boards and Committees for approval include:

- proposals for new academic programs and units;
- policies on admissions and awards, tuition and ancillary fees, research, and grading practices;
- multi-year budget guidelines and capital plans;
- resource allocation in support of the University’s priorities;
- campus and student services; and
- acquisition and/or disposal of assets.

3.2 Members of the Governing Council: Their Duty, Being Effective Members, and Time Commitment

(1) The Duty of Members of the Governing Council

The *Act* imposes a legal obligation on members of the Governing Council to act with diligence, honestly, and with good faith in the best interests of the University.

(2) Expectations and Attributes of Members of the Governing Council

Governors are collectively and individually stewards of the University. Each Governor must act in good faith with the view to the best interests of the University as a whole, to defend the autonomy and the independence of the University and to enhance its public image. In this context, listed below are principles considered critical to being an effective member of the Governing Council.

- Advancing and upholding the mission of the University.
- Understanding and having relevant input in the University's vision, strategies and objectives.
- Assuming, with other Governors, the stewardship role of overseeing the business and affairs of the University.
- Exercising informed judgement – within a reasonable time of joining the Council, becoming knowledgeable about the University and its role in the province, the country, and globally; the academic sector more broadly; emerging trends, issues and challenges, thereby being able to provide wise counsel on a range of issues, through knowledge and experience with topics and their context.
- Understanding the current governance policies and practices, the mandates and authorities of the committees on which a member serves.
- Understanding that the Governing Council's role is one of oversight with a focus on strategic matters rather than management or administration.
- Preparing thoroughly for each meeting by reviewing the material provided and requesting, as appropriate, additional information in order to appropriately add value in deliberations and exercising oversight.
- Communicating persuasively and logically at governance meetings and being willing to be accountable for and be bound by decisions made by the Governing Council or its Boards / Committees.
- Voting on all matters requiring a decision except where a conflict of interest may exist.
- Committing to participate actively in governance meetings. Attending at least 75% of all meetings and advising the Secretariat in advance if one must be absent and, if there is a need for extended absences, consulting the Chair about the need and implications. Electronic participation can be considered in some circumstances.
- Consistent with the University's values, supporting the fullest range of respectful and constructive debate.
- Maintaining the transparency which the University prides itself on within the immediate and broader communities, by disclosing, considering, and appropriately managing or eliminating any actual, potential, or appearance of a conflict.
- Understanding the obligation to protect confidential information to which Governors are exposed.

(3) Time Commitment

- In addition to being members of the Governing Council, members are also expected to volunteer as members of two Boards and/or Committees of the Council.
- Members are expected to attend the meetings of the Governing Council and the meetings of the Boards and/or Committees of which they are members. Most meetings are scheduled throughout the academic year between September and June, usually beginning at either 3:00, 4:00 p.m. or 5:00 p.m. and continuing for up to two and a half hours.
- In total, a member is expected to prepare for and attend approximately 18 meetings during an academic year.
- From time to time, members are also asked to serve on *ad hoc*, search, or advisory committees.
- Past members have estimated a time commitment averaging approximately four hours per week, translating to approximately 200+ hours per governance year (July 1 to June 30).
- Additionally, members of the Governing Council should engage their constituents and attend University and community events to serve as ambassadors of the University.

(4) Composition of the Governing Council

In accordance with the Act, the Governing Council has the following composition (totaling 50 members)³:

³ Subsection 2(2) of the *Act*.

(5) Boards and Committees of the Governing Council

The Boards and Committees of the Governing Council are composed of members of the Council as well as individuals within the University community, who have been selected based on their backgrounds and expertise to serve on these bodies. Members of the Governing Council play a critical role in the work of Boards and Committees, and these bodies contribute to the governance of the University in the following ways.

First, the Governing Council has delegated some of its powers to the Boards and Committees. For example, the Academic Board and the Committee on Academic Policy and Programs have final decision-making authority on certain purely academic matters. Accordingly, the Administration would bring such matters directly to the Academic Board or the Committee on Academic Policy and Programs for final approval.

Second, matters which require the ultimate approval of the Governing Council are first brought by the Administration before Boards and Committees for detailed review, assessment, and deliberation. The types of matters brought before a particular Board or Committee depends on the function and responsibilities of that Board or Committee. Following preliminary approval from Boards and/or Committees, such matters progress to the Governing Council for final approval. This decision-making structure facilitates careful examination of matters at a preliminary stage by bodies comprising members with appropriate backgrounds and expertise before they are brought to the Governing Council for final consideration and approval.

Third, the monitorial role of the Governing Council is also shared with its Boards and Committees. It is prudent for certain matters to be monitored by individuals with appropriate backgrounds or expertise. For instance, the Audit Committee is composed of members with accounting and business backgrounds who are qualified to analyze and deliberate on technical matters relating to the internal and external audits of the University's finances.

There are four classes of Boards, Campus Councils and Committees of the Governing Council, each with specific functions and responsibilities⁴:

- (1) the Executive Committee;
- (2) the Academic Board, the Business Board, the University Affairs Board, the University of Toronto Mississauga (UTM) Campus Council, and the University of Toronto Scarborough (UTSC) Campus Council;
- (3) Special Committees which may be established from time to time; and
- (4) Standing Committees, which report either to the Governing Council, to a Board, or to a Campus Council. The table below lists the Standing Committees together with the corresponding body to which the Standing Committee reports:

Standing Committee	Body to which the Committee Reports
Agenda Committee	Academic Board
Academic Appeals Committee	Academic Board
Committee on Academic Policy and Programs	Academic Board
Planning and Budget Committee	Academic Board
Audit Committee	Business Board
Elections Committee	Executive Committee
Committee for Honorary Degrees	Governing Council
UTM Campus Council	Executive Committee
UTM Agenda Committee	UTM Campus Council
UTM Academic Affairs Committee	UTM Campus Council
UTM Campus Affairs Committee	UTM Campus Council
UTSC Campus Council	Executive Committee
UTSC Agenda Committee	UTSC Campus Council
UTSC Academic Affairs Committee	UTSC Campus Council
UTSC Campus Affairs Committee	UTSC Campus Council

Detailed information about the Boards and Committees of the Governing Council, including their meeting schedules, membership information, terms of reference (information about size, composition, quorum, and function of a particular Board or Committee), and agendas and minutes (referred to as “Reports”) of past meetings are available online at: <https://governingcouncil.utoronto.ca/governance-bodies>

⁴ These four classes of Boards and Committees of the Governing Council are prescribed by section 29 of By-Law Number 2 of the Governing Council.

SECTION 4 - The Roles of the Chief Returning Officer, Deputy Returning Officer(s), and the Election Overseers

4.1 Chief Returning Officer

The Chief Returning Officer (CRO) is appointed by the Executive Committee on the recommendation of the Secretary of the Governing Council. The CRO is responsible for the interpretation and implementation of these *Guidelines*, including, but not limited to:

- (1) ruling on matters such as the validity of nominations, violations of these *Guidelines*, and voter eligibility;
- (2) coordinating matters relating to on-line voting in the Governing Council, Academic Board, and UTM/UTSC Campus Councils and their Standing Committees' elections, including liaising with appropriate University departments on the production of the on-line balloting procedures; and
- (3) Verifying and tabulating mail ballot returns.

The CRO also provides information and recommendations for consideration and approval to the Elections Committee in the role of a non-voting assessor.

The CRO is intended to be an impartial participant in the administration of the elections; accordingly, the CRO may not vote in the elections.

Decisions of the CRO may be appealed to the Elections Committee in accordance with these *Guidelines*.⁵

The CRO is employed within the Office of the Governing Council. The CRO's contact information is available in the Elections Section of the Governing Council website:
<https://governingcouncil.utoronto.ca/elections>

4.2 Deputy Returning Officer

One or more Deputy Returning Officers (DROs) may be appointed at the discretion of the Secretary of the Governing Council. Appointments are reported to the Executive Committee for information.

The Deputy Returning Officers assist the CRO in their duties as appropriate, and act in the CRO's absence as required. Deputy Returning Officers may not vote in the Governing Council, Academic Board or UTM/UTSC Campus Councils and their Standing Committees' elections.

4.3 Elections Committee as Election Overseers

As discussed above, the Elections Committee is responsible for developing and updating these *Guidelines*, which establish the manner of and the procedures to be used in the elections.

Additionally, the members of the Elections Committee also serve as the Election Overseers and consider any appeal of a decision of the CRO as well as any appeal or any other question arising from the conduct of the elections as outlined in these *Guidelines*. The decision of the Election Overseers in such matters shall be final and not subject to any further review or appeal.

⁵ Please refer to the Table of Contents (pages 2-9) to locate information on the "Filing of Notice of Intent to Appeal Decision of Invalidation and Appeals"; "Recount"; and "Filing of Notice of Intent to Appeal and Appeals" within Sections 7 to 11.

A member of the Elections Committee, who is standing for election, involved in an election Campaign, or endorsing a candidate for election, may act as an Election Overseer provided the Member does not participate in considering a matter arising from or pertaining to the Member's own constituency or the constituency of a candidate the Member is publicly endorsing.

SECTION 5 - Authority for Elections and these Guidelines⁶

The *Act* empowers the Governing Council to determine the manner and procedure of election of its members, including the determination of constituencies, assign Students and members of the Teaching Staff and Administrative Staff to such constituencies, and conduct such elections, but in the case of election of members by the Administrative Staff, the Teaching Staff and the Students, or any of them, the elections shall be by secret ballot and no person shall be eligible to cast more than one ballot.⁷

Some of these powers of the Governing Council have been delegated to the Executive Committee and the Elections Committee.

The Elections Committee is responsible for developing the *Election Guidelines*, which establishes the manner and procedure to be used in the election of Administrative Staff, Librarians, Students and Teaching Staff to the Governing Council, the Academic Board, and the Campus Councils and their Standing Committees, including the establishment of constituencies within these categories.

The Elections Committee reports to the Executive Committee. Recommendations of the Elections Committee may be approved by the Executive Committee or forwarded to the Governing Council for approval. Amendments to the policy on elections are considered by the Executive Committee and recommended to the Governing Council for approval. Major amendments to the annual *Election Guidelines* are approved by the Executive Committee and do not require the approval of the Governing Council. Minor amendments to the *Election Guidelines* are approved by the Elections Committee. The determination of whether amendments are major is made by the Chair of the Executive Committee.

The *Election Guidelines* are formulated in accordance with the *Act*. For instance, the provisions in these *Guidelines* relating to eligibility and nomination procedures are crafted to adhere to the provisions of the *Act* be elected by and from among constituents from the members' own constituencies. Furthermore, consistent with the *Act*, constituencies were established within the Administrative Staff, Teaching Staff, and the Student categories to enable broad representation on the governance bodies from various divisions of the University.

⁷ Clause 2(14)(nb) of the *Act*.

SECTION 6 – Commitment Regarding Individuals with Disabilities

The University strives to facilitate the inclusion of individuals with disabilities into all aspects of University life, including full participation in the work of Governing Council, its Boards and Committees. At the same time the University endeavours to protect each individual’s privacy, confidentiality and autonomy (University’s *Statement of Commitment Regarding Persons with Disabilities*, February 25, 2021).

In developing its procedures for accommodation requests, the University is committed to compliance with existing legislation [*Ontario Human Rights Code* and portions of the *Accessibility for Ontarians with Disabilities Act* (AODA)]. The University is also mindful that accommodation is a shared responsibility and that, to be effective, the process requires the co-operative engagement of everyone involved. As part of the elections process, the Office of the Governing Council endeavours to make all election related materials accessible and compliant with the AODA. The Office of the Governing Council consults on a regular basis with the University’s AODA Office regarding legislation and policy to ensure that its procedures are in compliance. The procedures outlined below indicate the roles and responsibilities of university offices, and of the person seeking accommodation.

Confirmation of Disability Accommodations Process

Staff in the Office of the Governing Council will not compel disclosure of the nature of an individual’s disability, nor do they wish to see supporting documentation. However, in order to ensure that the accommodation provided is appropriate and individuals are best supported, individuals requesting an accommodation should contact one of the offices listed in the chart below. That office will work with individuals to discuss options for appropriate accommodations. As part of this process an individual may be asked to provide supporting documentation to one of these offices, as provided under Human Rights legislation.

- (f) Once a ballot has been received by the Office of the Governing Council, the ballot shall not be returned to the voter, shall not be changed, and no additional ballots shall be provided to replace the ballot already received.

(5) Verification of Ballots

- (a) All mail ballots received by the Office of the Governing Council will be assessed to ascertain their validity by:
 - (i) examining the envelope in which the ballot is sealed to ensure that it has not been compromised;
 - (ii) examining each ballot to determine, among other things, its authenticity and whether it was properly marked;
 - (iii) cross-referencing each voter's personal information provided on the pre-addressed return envelope against the staff records provided by the Human Resources Information System and the Federated Universities to determine whether the voter is eligible to vote for the candidate(s) selected by the voter; and
 - (iv) examining the pre-addressed return envelope to determine whether the voter's signature is present and whether all the information required was printed legibly thereon.
- (b) Grounds for invalidating a mail ballot include, but are not limited to:
 - (i) the information required on the pre-addressed return envelope is missing or illegible;
 - (ii) the voter casting the mail ballot is not eligible to vote;
 - (iii) the ballot received is not the one provided by the Office of the Governing Council;

- (v) the voter cast more than one ballot, in which case, all ballots of the voter shall be invalidated; and
- (vi) the markings on the ballot are ambiguous.

(6) Secrecy of Ballots

The secrecy of the balloting process is maintained:

- (a) with respect to the web-based balloting process, votes cast are kept in a database which is separate from and independent of the list of eligible voters, so that votes cast cannot be identified with any individual voter; and
- (b) with respect to the mail balloting process, mail ballots are removed from their sealed secrecy envelopes and tabulated only after all secrecy envelopes received have been removed from the self-addressed envelopes and accumulated in a manner to ensure that none of the secrecy envelopes can be associated with any particular pre-addressed return envelope. This process ensures that a mail ballot cannot be identified with any individual voter.

7.15 Notification of Ballot Counting and Scrutineering

The eligibility of a voter will be verified upon logging into the online voting platform. The voter's personal information will be verified against a list of eligible voters compiled using staff records from the Human Resources Information Systems and the Federated Universities.

(4) Mail Ballot Voting

- (a) Teaching Staff without an e-mail account within the utoronto.ca domain may only vote by mail ballot provided by the Office of the Governing Council.

- (i) Photocopies of ballots or copies of ballots obtained from other sources will be declared invalid.
 - (ii) Mail ballots will be mailed to Teaching Staff who do not have e-mail accounts within the utoronto.ca domain at their addresses within the University according to the records of the Human Resources Information Systems and the Federated Universities.
 - (iii) Individuals who will be absent from their University addresses during the voting period may ask to have their ballots forwarded to them at alternate addresses.
- (b) Each mail ballot will be accompanied by:
- (i) an information sheet containing:
 - i) the names of each of the candidates together with their respective statements;
 - ii) instructions on the correct method to return the ballot;
 - iii) information on eligibility to use that particular ballot;
 - iv) a short description of the powers and duties of the Governing Council; and
 - v) instructions on how to obtain the correct ballot for persons who receive an incorrect ballot;
 - (ii) a small secrecy envelope into which the marked ballot should be sealed; and
 - (iii) a pre-addressed return envelope into which the small secrecy envelope should be sealed. (Voters will be instructed to sign and to legibly print their names and the names of the department or office in which they are employed on the upper left corner of this pre-addressed return envelope. Failure to do so will invalidate the ballot.)
- (c) Information about how to obtain a mail ballot will be advertised in the campus media and on the Elections Section of the Governing Council website to target those individuals who are entitled but did not receive a mail ballot.
- (d) Non-receipt of mail ballots will not invalidate an election.
- (e) Individuals who wish to vote must cast their ballots in accordance with the following:
- (i) A voter may vote for as many candidates as the number of vacancies on the Governing Council to be filled by Teaching Staff from the voter's constituency.
 - (ii) Any kind of mark on the ballot that unambiguously indicates an intention on the part of the voter to cast a vote for a particular candidate shall be acceptable provided all other requirements are met.
 - (iii) Ballots must be returned to the Office of the Governing Council in accordance with the instructions provided, including:
 - i) placing the marked ballot into the secrecy envelope;
 - ii) sealing the secrecy envelope;
 - iii) inserting the secrecy envelope into the pre-addressed return envelope;
 - iv) filling in the information required on the pre-addressed return envelope; and
 - v) signing the pre-addressed return envelope.
 - (iv) Ballots must be delivered to the Office of the Governing Council by Canada Post, University Mail, or hand delivery by 5:00 p.m. on Friday, February 16, 2024. Ballots returned by electronic, facsimile or any other means will be invalidated.
- (f) Once a ballot has been received by the Office of the Governing Council, the ballot will not be returned to the voter, shall not be changed, and no additional ballots shall be provided to replace the ballot already received.

(5) Verification of Ballots

- (a) All mail ballots received by the Office of the Governing Council will be assessed to ascertain their validity by:
- (i) examining the envelope in which the ballot is sealed to ensure that it has not been compromised;
 - (ii) examining each ballot to determine, among other things, its authenticity and whether it was properly marked;
 - (iii) cross-referencing each voter's personal information provided on the pre-addressed return envelope against the staff records provided by the Human Resources Information System and the Federated Universities to determine whether the voter is eligible to vote for the candidate(s) selected by the voter; and
 - (iv) examining the pre-addressed return envelope to determine whether the voter's signature is present and whether all the information required was printed legibly thereon.
- (b) Grounds for invalidating a mail ballot include, but are not limited to:
- (i) the information required on the pre-addressed return envelope is missing or illegible;
 - (ii) the voter casting the mail ballot is not eligible to vote;
 - (iii) the ballot received is not the one provided by the Office of the Governing Council;
 - (iv) the voter selected more candidates than the number of vacancies on the Governing Council to be filled by Teaching Staff from the voter's constituency; and
 - (v) the voter cast more than one ballot, in which case, all ballots of the voter shall be invalidated; and;
 - (vi) the markings on the ballot are ambiguous.

(6) Secrecy of Ballots

The secrecy of the balloting process is maintained:

- (a) with respect to the web-based balloting process, votes cast are kept in a database which is separate from and independent of the list of eligible voters, so that votes cast cannot be identified with any individual voter; and
- (b) with respect to the mail balloting process, mail ballots are removed from their sealed secrecy envelopes and tabulated only after all secrecy envelopes received have been removed from the self-addressed envelopes and accumulated in a manner to ensure that none of the secrecy envelopes can be associated with any particular pre-addressed return envelope. This process ensures that a mail ballot cannot be identified with any individual voter.

8.16 Notification of Ballot Counting and Scrutineering

- (a) Prior to the end of the voting period, the CRO shall notify each Teaching Staff candidate in writing of the location and the schedule for counting the mail ballots and any subsequent changes thereto.
- (b) Each Teaching Staff candidate or a designee, so designated by the candidate by submitting a signed statement to this effect to the Office of the Governing Council, shall be entitled to:
 - (i) observe the tabulation of mail ballots received from Teaching Staff; and
 - (ii) seek verification that the voters voting by mail ballot are eligible to vote for Teaching Staff.

- (c) Mail ballot counting will proceed at the location and in accordance with the schedule indicated in the written notification sent to the candidates, whether or not candidates or their designees are present.

 - i) The prescribed form that must be used will be available at the Office of the Governing Council.

 - i) dismiss the recount request if it decides that the grounds do not have merit;
 - ii) authorize the recount without a hearing; or
 - iii) hold a hearing in a manner and in accordance with such procedures as it may determine to be appropriate and render a decision thereafter.
 - (iii) If authorized by the Election Overseers, a recount of the mail ballots shall be conducted.

8.19 Equality of Votes

- (a) In the case of equality of votes where the election of the candidates receiving an equal number of votes would result in the election of a greater number of candidates than there are vacancies on the Governing Council to be filled by Teaching Staff of a particular constituency, the successful candidate or candidates shall be determined by a second election between or among the candidates of that constituency receiving an equal number of votes, subject to the proviso that no two members of the Governing Council may be from the same department within Constituency V, members of the Teaching Staff of the Faculty of Medicine.
- (b) The CRO shall set the election schedule for any second or subsequent elections.
- (c) If the second election also results in an equality of votes, the CRO shall consult the Elections Committee on how to proceed.

 - (i) The Notice of Intent to Appeal must be submitted to the Office of the Governing Council by the deadline noted in the Election Schedule, either through e-mail or by hand-delivered letter to the CRO.
- (b) The Election Overseers shall review the appellant's grounds for an appeal as outlined in the Notice of Intent to Appeal filed by the appellant and the Election Overseers may:
 - (i) dismiss the appeal if it decides that the grounds do not have merit;
 - (ii) grant the appeal without a hearing if it decides that the grounds have merit; or
 - (iii) hold a hearing in a manner and in accordance with such procedures as it may determine to be appropriate and render a decision thereafter.
- (c) The Election Overseers shall render a decision by 12:00 noon on Friday, February 23, 2024.

(1) Composition of the Academic Board

The Academic Board is composed of 123 people. Of the elected members of the Academic Board who are not also members of the Governing Council, 51 members are elected from the Teaching Staff and 2 members are elected from the Librarians.

“Teaching Staff” means employees of the University who hold the academic rank of Professor; Associate Professor; Assistant Professor; Professor, Teaching Stream; Associate Professor, Teaching Stream; Assistant Professor, Teaching Stream; Lecturer and Senior Lecturer; Tutor and Senior Tutor; Assistant Professor (Conditional); Assistant Professor, Teaching Stream (Conditional); Sessional Lecturer I, Sessional Lecturer II, Sessional Lecturer III, Athletics Instructor and Senior Athletics Instructor but does not include any part-time lecturer who is registered as a student. “Librarian” means an employee of the University, University College, the Constituent Colleges and the arts and science faculties of the Federated Universities who hold the rank of Librarian I, Librarian II, Librarian III, or Librarian IV.

(2) The Function and Responsibilities of the Academic Board¹⁹

The Academic Board is responsible for consideration of policy in the academic area and for monitoring matters within this area of responsibility. In general, the Board reviews and assesses matters brought before it by the President and the President’s senior officers which affect the teaching, learning and research functions of the University, including the establishment of University objectives and priorities, the development of long-term and short-term plans, and the effective use of resources in the course of these pursuits.

The Academic Board has final decision-making authority on certain purely academic matters, including, but not limited to, (1) dealing with matters arising in connection with the award of fellowships, scholarships, medals, prizes and other awards for academic achievement and (2) determining and regulating the standards of admission of students to the University, the contents and curricula of all programs and courses of study and the requirements for graduation. With respect to matters which the Academic Board does not have final decision-making authority, most such matters are examined by the Academic Board, and if appropriate, recommended to the Executive Committee, which can confirm approval thereof on behalf of the Governing Council. However, for matters having significant impact on the University as a whole, having serious steering effects on the development of a particular division, or having a major impact on the relationships amongst divisions and relationships between the University and the community at large, such matters normally require the approval of the Governing Council.

Examples of matters reviewed by the members of the Academic Board include:

- academic appeals;
- academic appointments policies and individual appointments;
- academic discipline;

10.2 Term of Office

The term of office of an elected Teaching Staff or Librarian member of the Academic Board begins on July 1st in the year in which the member is elected and ends 3 years later on June 30th. A member may serve a maximum of nine consecutive years on the Board.

10.3 Constituencies and Departments (or Equivalent Units)

Elected Teaching Staff members of the Academic Board, who are not also members of the Governing Council, are elected from nineteen constituencies to enable broad representation on the Academic Board from various divisions within the University (see table below). Elected Librarians who serve on the Academic Board are elected by and from amongst Librarians, which constitute an additional constituency for the purpose of Academic Board elections.

Teaching Staff's constituencies are determined primarily on the basis of the College, Federated University, faculty, or school in which they hold their major teaching appointments. If a single constituency cannot be identified for an individual on the basis of their major teaching appointment, the CRO shall determine the appropriate constituency for the individual following any appropriate consultations. Individuals may consult the CRO if they require clarification as to the constituency to which they belong.

For constituencies with more than one elected member on the Academic Board, including the Faculties of Applied Science and Engineering, Arts and Science, Medicine, the Ontario Institute for Studies in Education, the University of Toronto Scarborough, the University of Toronto Mississauga, the School of Graduate Studies, and Librarians, no more than one person shall be elected from each department or equivalent unit within the particular constituency. Accordingly:

- (1) nominations for a candidate from the same department or equivalent unit as a current member of the Academic Board, whose term will not expire in 2024, will be rejected, unless the candidate is also appointed in another department or equivalent unit which will not already be represented on the Academic Board in the 2024-2025 academic year by another member of the Academic Board, in which case the candidate shall declare on their nomination form that the candidate is seeking nomination on the basis of their appointment in the latter department; and
- (2) if there is more than one candidate from a particular department or equivalent unit, only the candidate receiving the most votes of the candidates from the same department or equivalent unit will be eligible to fill any vacancy on the Academic Board; the other candidates within that same department or equivalent unit will be eliminated from consideration for any vacancy on the Academic Board, notwithstanding that these candidates may have received more votes than other candidates in other departments or equivalent units within the same constituency.

- (b) with respect to the mail balloting process, mail ballots are removed from their sealed secrecy envelopes and tabulated only after all secrecy envelopes received have been removed from the self-addressed envelopes and accumulated in a manner to ensure that none of the secrecy envelopes can be associated with any particular pre-addressed return envelope. This process ensures that a mail ballot cannot be identified with any individual voter.

11.2 Appointments to the UTM and UTSC Campus Councils and their Standing Committees

The terms of reference for the [UTM and UTSC Campus Councils and their Standing Committees](#) allow for appointments to those governance bodies by both the Governing Council and the respective Campus Councils.

Appointments by the Governing Council to its respective governance bodies are carefully considered by the Chair and the Executive Committee based on the skills and experience required on those bodies, the need for both continuity and renewal of membership, and governors' expressed preferences.

The elections for the Governing Council, the Academic Board, the UTM and UTSC Campus Councils, and their Standing Committees will be conducted simultaneously in February 2024 to allow for full student participation prior to the April examination period and while students are still on campus before leaving for the summer. The timing of the elections process will also ensure that the appointment of governors to the UTM and UTSC Campus Councils and their Standing Committees may be considered for approval by the Governing Council on Thursday, April 4, 2024. Subsequent appointments to the UTM and UTSC governance bodies, which must occur sequentially, may then be considered for approval by June 30th, prior to the start of members' terms on July 1st.

As a matter of procedure, there will be an embargo on the declaration of the result of the elections to the UTM and UTSC Campus Councils and their Standing Committees until after the governor appointments to the UTM and UTSC Campus Councils and their Standing Committees have been approved by the Governing Council. The results will be known only to the Chief Returning Officer and shall not be disclosed to any other member of the Governing Council, including the Chair, or the members of the Governing Council Secretariat.

By agreeing to stand for election to the UTM and UTSC Campus Councils and their Standing Committees all candidates accept that, if elected, they may not be able to serve a) if a seat from their estate/constituency has been filled by the appointment of a member of the Governing Council to a Campus Council or one or more of its Committees or b) if a seat from their estate/constituency has been filled by the appointment of a member of the UTM or UTSC Campus Council to one or more of its Committees.

11.3 Candidates of more than one election of the Governing Council, the UTM and UTSC Campus Council and their Standing Committees

Some candidates may choose to participate in multiple elections for seats on Governing Council, and the Campus Councils and/or their Standing Committees.

In instances where candidates are successful in winning the Governing Council election and the election of the Campus Councils and/or their Standing Committees, the candidate will be declared elected for the Governing Council only. The candidates with the next highest number of votes polled in each of the elections for the Campus Council and/or their Standing Committees will then be declared winners of those elections.

In instances where candidates are successful in winning the Campus Council election and the election of one or both of their Standing Committees, the candidate will be declared elected for the Campus Council only. The candidates with the next highest number of votes polled in each of the elections for the Standing Committees will be declared winners of those elections.

11.4 Term of Office

The term of office for elected Student members of the Campus Council begins on July 1st in the year in which the member is elected ends one year later, on June 30th.

 - iii) Recommend charges under the Code of Student Conduct or appropriate action under other relevant policies of the University including the Statement on Prohibited Discrimination and Discriminatory Harassment.
- (iv) Decisions made by the CRO in this regard are subject to appeal to the Elections Committee.

Hearings of Alleged Campaign Violations

- (a) When an investigation confirms a Campaign violation, the CRO will call a meeting of the Election Overseers to discuss the charges of violations to the Campaign rules and to decide on the appropriate action to be taken.
 - (i) The CRO will invite both the candidate making the allegation and the candidate alleged to have committed the offense to the meeting where the alleged violation will be addressed.
 - (ii) Each candidate will have an opportunity to present their case.
 - (iii) A written report of the meeting will be made available within a forty-eight (48) hour period to all those in attendance at the meeting.

Serious and Severe Violations

- (a) Violations of these *Guidelines* and the policies and regulations of the University, its faculties, buildings and residences fall into two categories, Serious violations and Severe violations as interpreted by the Election Overseers.
 - (i) The Election Overseers have the sole authority to determine the category into which a particular violation falls
 - (ii) The degree of a violation may influence its classification
- (b) A Serious violation is one which contravenes the spirit and letter of these *Guidelines* in an attempt to gain an unfair advantage in the elections process but does not itself constitute a substantial effort to undermine that process.
 - (i) The Election Overseers may also determine that a serious violation has been committed even if it appears that the candidate did not intentionally seek to gain unfair advantage in the electoral process.
 - (ii) Serious violations might include, but are not limited to:
 - i) violations of the rules of fair play as defined on page 118 of these *Guidelines*;
 - ii) interfering with a voter's freedom to cast a ballot for the candidate of the voter's choice or compromising the secrecy of the ballot process;
 - iii) using material, in the course of a Campaign, explicitly forbidden by these *Guidelines* (e.g. University Crest);
 - iv) violations of any restrictions imposed by University faculties, departments, or administrative services;

- v) unauthorized solicitation of votes, including but not limited to speaking in class without the prior permission of the instructor;
 - vi) the use in a Campaign of any tangible benefit (see Use of Resources, p.119);
 - vii) deliberate misrepresentation of facts;
 - viii) spending marginally over the maximum spending limit as set by the *Election Guidelines*;
 - ix) making frivolous and/or vexatious Campaign violation allegations.
- (c) A Severe violation is one characterized by a deliberate and substantial effort to undermine the elections process;
- (i) Severe violations might include, but are not limited to:
 - i) contravening or undermining the secrecy of the balloting/voting process;
 - ii) spending grossly over the maximum spending limit as set by the *Election Guidelines*;
 - iii) intentionally misrepresenting Campaign expenditures;
 - iv) attempting to interfere in the election process, including the online voting process, as regulated by these *Guidelines*.

Sanctions

- (a) Sanctions imposed for a confirmed violation may include:
- (i) Disqualification from the election;
 - (ii) Reduction or elimination of a candidate's reimbursement;
 - (iii) A declaration that an election in a particular constituency or the election of a specific candidate be ruled void.
- (b) The University of Toronto reserves the right to charge any person who violates these *Guidelines* under the provisions of these *Guidelines* and under any other applicable Codes, including the Code of Student Conduct (<http://www.governingcouncil.utoronto.ca/Assets/Governing+Council+Digital+Assets/Policies/PDF/ppjul012002.pdf>) and the Statement on Prohibited Discrimination and Discriminatory Harassment (<http://www.utoronto.ca/safety.abroad/progmanual/harass.pdf>).
- (c) The Election Overseers may disqualify from the election (or void the election of) any candidate found to have committed a single Severe violation or two Serious violations of these *Guidelines*, or the policies and regulations of the University, its faculties, buildings and residences.
- (i) At their discretion, the Election Overseers may choose not to disqualify (or void the election of) a candidate found to have committed two Serious violations if the cumulative effect of those violations does not, in their view, warrant disqualification (or voiding).
- (d) Declaration of Winning Candidate in the Event of a Disqualification
- (i) In the event a winning candidate in any election is disqualified (or the election of a candidate is voided), the candidate with the next greatest number of votes will be declared elected, provided that this does not violate the proviso that no two elected candidates may be from the same college, campus or faculty in certain constituencies.

Details of confirmed violations, including the offending candidate's name, will be highlighted on the Governing Council's elections website and, in web-based elections, on the voting website, for such time as <https://governingcouncil.utoronto.ca/elections>
