BACKGROUND

The University's Policy on Ancillary Fees makes provision for a Category 5: University Schedule of Cost Recovery Fees and a Category 6: University Schedule of User Fees and Fines. Under the policy for Category 5, cost recovery fees shown on the schedule may be adjusted annually by administrative authority of the Vice President, University Operations, provided that the adjustments relate to changes in the cost of the materials or services provided. These changes are to be reported annually to the Business Board for information. Under the policy for Category 6, administrative user fees and fines shown on the schedule may be adjusted annually by administrative authority of the Vice President, University Operations, provided that the adjustments relate to changes in the cost of the materials or services provided. These changes are to be reported annually to the Business Board for information.

The University's Policy on Ancillary Fees makes provision in Category 6 for a University Schedule of User Fees and Fines. Under the policy, the introduction or removal of a fee from the Schedule must be submitted to the Business board for review and approval. The report for approval of new and discontinued Category 6 fees (for approval) accompanies this report, which is for information.

Ancillary fees are fees charged to pay for services, materials and activities not supported by operating grants, capital grants or tuition fees. MTCU Guidelines state that compulsory ancillary fees are to be non-tuition related and should not be charged for items and services that support the general costs of program delivery, with certain exceptions permitted by the Guidelines. MTCU Guidelines do not encompass non-compulsory ancillary fees. The University of Toronto introduced its own policy in 1995 which translates the provincial Guidelines into the University of Toronto context. The University of Toronto is committed to ensuring that compulsory ancillary fees are compliant with MTCU Guidelines and University of Toronto policy.

Category 5 Cost Recovery Fees and Category 6 Administrative User Fees and Fines have been reviewed in the context of MTCU Guidelines, University Policy and the Administrative Review of Ancillary Fees conducted in 2012-13. Recommendations resulting from the review process have been implemented and the administration continues to work with divisions to ensure ongoing compliance and to enhance communication to students.

The Category 5 and 6 fees proposed for 2015-16 have been reviewed and are deemed to comply with MTCU Guidelines and University Policy.

University of Toronto Policy on Ancillary Fees

In Addition to the Tuition Fee Schedule, there shall be a Schedule of Ancillary Fees. The schedule will be organised as follows:

1.0 Student Services provided by the University¹

- 1.1 Student Services
- 1.2 Health Services
- 1.3 Athletics
- 1.4 Hart House
- 1.5 Constituent College fees (excludes college library fees which are prohibited)

¹All fees in this category are compulsory.

The Ministry of Education and Training's Compulsory Ancillary Fee Policy requires that protocols be established in order to increase or add new fees to this category.

2.0 Student organisations and services provided by such organisations²

- 2.1 Student society fees including any portion thereof in support of student initiated health plans and communications.
- 2.2 Social and cultural services (excluding Hart House)
- 2.3 Other fees levied by student organisations to cover the costs of operating the organisations or services provided by them. The University may act as a collection agent for the student organisation, but the fees will be passed directly to the respective student organisations.

²In accordance with the Ministry of Education and Training's Compulsory Ancillary Fee Policy fees established by student governments, including those resulting from referenda sponsored by them are excluded from the protocol requirement.

3.0 Student levies for specific, limited projects³

Student organisations may establish levies for specific, limited projects within the University which are designated by them.

The University may act as a collection agent for the student organisation, but the fees will either be passed directly to the respective student organisation or to a restricted account for the purpose(s) designated by the organisation.

³Such fees must be approved by student referenda as required by the Ministry of Education and Training's Compulsory Ancillary Fee Policy. These fees are exempt from the protocol requirement of the Ministry's policy.

All fees in Categories 1.0, 2.0 and 3.0 that are compulsory will be governed by the University's Policy on Compulsory Non-academic Incidental Fees. The application of the Policy will not preclude the assignment of Category 3.0 Student levies for specific, limited projects to academic purposes.

4.0 Academic surcharges for extraordinary cost

4.1 Studio Fees

4.2 Cinema Screening Fees

4.3 Laundry

4.4 Computing Fees

Compulsory ancillary fees normally may not be levied for these services. The only exception may be for extra services beyond those normally provided and required by a degree program or course, as for example when additional computing time is made available to students at their option.

5.0 Cost Recoveries⁴

5.1 Publications, case studies, laboratory manuals

5.2 Field trips

5.3 Clothing

5.4 Equipment purchases that become the property of students

5.5 Equipment rentals that, for the period of rental, come into the individual possession of students

5.6 Other goods and services provided individually to students for their exclusive use. Charges for various forms of non-credit remedial instruction, if provided, may be included here.

5.7 Materials, services, or licenses where the University acts as a broker with a vendor for the student.⁵

Fees charged to recover costs must relate to those costs, and may not exceed them, or a reasonable estimate of them. The only cost recoveries that may be charged are those shown on the University Schedule of Cost Recovery Fees, which initially shall be the list of cost recoveries shown in the University's submission to the Ministry of Training & Education, February 16, 1987. The fees shown

on the Schedule may be adjusted annually by administrative authority (the Vice-Provost, Planning & Budget) provided that the adjustments relate to changes in cost, and are for goods and services that comply with the Policy on Ancillary Fees. All changes shall be reported annually to the Business Board for information.

⁴Such fees, whether or not they are compulsory, are exempt from the Ministry of Education and Training's Compulsory Ancillary Fee Policy protocol requirement.

⁵This is a new category introduced by the Ministry of Education and Training Policy. For the University of Toronto, this category replicates Category 5.4.

6. Administrative user fees and fines⁶

6.1 Registration fees

6.2 Records and documents (excluding diplomas and certificates, for which no fee may be charged except for replacements)

6.3 Examination and grades (excluding initial grade reports, for which no fee may be charged)

6.4 Co-op program placement fees

6.5 Library fines

6.6 Other administrative user fees or fines shown on the University Schedule of Administrative User Fees and Fines.

Administrative user fees must relate to the costs of the services provided, and may not exceed them, or reasonable estimates of them. The only administrative user fees and fines that may be charged are those shown on the University Schedule of Administrative User Fees and Fines. The fees and fines shown on the Schedule may be adjusted annually by administrative authority (the Vice-Provost, Planning & Budget), provided that the adjustments relate to the costs of the services provided. All changes shall be reported annually to the Business Board for information. The introduction or removal of a fee from the Schedule must be submitted to the Business Board for review and approval.

⁶All fees in this category are exempt from the Ministry of Education and Training's Compulsory Fee Policy protocol requirement.

7.0 General program support

Other than tuition fees, no fees may be levied for general program support, except as provided for in Category 3.0, student levies for specific, limited projects.

8.0 System Wide Fees⁷

8.1 University Health Insurance Plan (UHIP)

Such fees are established through a formal agreement under which students at all Ontario universities pay a comparable fee for a comparable service. Such fees are exempt from the Ministry of Education and Training's Compulsory Ancillary Fee Policy protocol requirement.

⁷This is a new category introduced by the Ministry of Education and Training policy. The UHIP fee is actually a Council of Ontario Universities fee which is reported here for information.

Policy on Ancillary Fees - Administrative Interpretation Category Five

Categories one through four of the schedule will be maintained by the Office of the Vice Provost, Students.

Categories five through eight will be maintained by the Office of the Vice-Provost, Planning & Budget.

5.0 Cost Recoveries¹

Introduction

Divisions, under this section of the Policy on Ancillary Fees, may charge students for the reasonable cost of the provision of certain learning materials and services. As a matter of principle, the University through its operating budget will be responsible for the delivery of an academic program, while the student will be expected to purchase the requisite materials prescribed for the program.

Eligible Cost Recoveries

The following groups of cost recovery fees will be permissible under the provisions of the Policy:

5.1 Publications, case studies, laboratory manuals*

In determining the appropriate cost recovery for fees in this category, divisions may include the direct cost of supplies, a reasonable estimate of labour charges, and a provision for photocopy equipment utilisation, either rental charges or capital depreciation.

5.2 Field Trips**

Eligible cost recoveries for compulsory or non-compulsory field trips shall include only the reasonable, direct costs of transportation, accommodation, meals, equipment rentals, and admission charges as appropriate.

Such fees shall not include the costs (full or partial) of salaries, benefits, travel, accommodation, meals, equipment rentals, and admission charges of faculty or any other instructional activity.

Compulsory ancillary fees cannot be charged for any component of an out-of-province compulsory field trip in compulsory courses. Compulsory courses are defined as courses which a student is required to take in order to fulfil the requirements of his or her program or degree.

5.3 Clothing

Only the direct cost of clothing which is retained by the student may be recovered.

5.4 Equipment purchases***

Purchased equipment must become the property of students. This includes materials used in the production of items which become the property of students.

¹ Such fees, whether or not they are compulsory, are exempt from the Ministry of Education & Training's Compulsory Ancillary Fee Policy protocol requirement.

The direct cost of equipment, including brokerage, freight, and taxes, and a reasonable estimate of handling charges will be eligible for recovery. Associated items required for the operation of such equipment, such as computer software, may be included in such cost recoveries.

5.5 Equipment rentals***

Equipment rentals, for the period of rental, must come into the individual possession of students.

Divisions may, as a convenience to students, provide equipment on a rental basis in instances where the student would normally be expected to acquire the equipment. Such charges should not normally be compulsory for all students registered in a course of program.

Divisions may also levy a cost recovery fee in respect of students' personal use of University equipment, that is, use for purposes beyond the satisfaction of the academic requirements of a course or program. Cost recovery fees should be set with reference to the ongoing costs of operation and maintenance, as well as capital depreciation.

5.6 Other goods or services provided individually to students for their exclusive use.

Charges for various forms of non-credit remedial instruction, if provided, may be included here.

Divisions may elect to provide non-credit remedial instruction for specific groups of students who have specific skill deficiencies, for example, writing or mathematics workshops, or English proficiency instruction. In such instances cost recovery fees should be levied only against those students enrolled in the remedial program, not as a compulsory fee against all students in a program.

Cost recovery fees should be set with reference to the direct cost of instruction, including salaries, supplies, equipment, and a reasonable estimate of administrative overhead.

5.7 Materials, services or licenses where the University acts as a broker with a vendor for the student

An example of such a fee would be Dental Instruments.

The CANCOPY fee, while it is a system-wide fee, is charged differentially across universities. For this reason it is categorized as a license.

* Eligible for OSAP, as part of allowance for books.

** Eligible for OSAP, provided trip is compulsory.

*** Eligible for OSAP, up to a maximum established by Ministry of Education and Training.

Approval

The only cost recoveries that may be charged are those shown on the University Schedule of Cost Recovery Fees, which shall be adjusted annually by administrative authority (the Vice-Provost, Planning & Budget) and reported for information to the Business Board.

1. Changes to Existing Fees

Initially the University Schedule of Cost Recovery Fees will be those cost recovery fees reported to the Ministry of Training & Education, on February 16, 1987. Divisions will be required to submit any changes to this schedule by January 31st each year to the Office of the Vice-Provost, Planning & Budget for review and implementation in subsequent academic sessions. Changes to existing fees must be accompanied by a description of the service provided and a detailed cost estimate of the service.

2. Implementation of New Fees

Divisions will be required to submit proposals for the introduction of new fees by January 31st each year to the Office of the Vice-Provost, Planning & Budget for review and implementation in subsequent academic sessions. Proposals for new fees should be accompanied by a description of the service provided and a detailed cost estimate of the service.

Refunds

Such fees will not normally be refundable.

Publication of Fees

Each division must publish a listing of such fees each year in its calendar, calendar supplement, or comparable publication. Students must in this manner be provided with notice of such fees prior to registration in a course, program or college.

Policy on Ancillary Fees - Administrative Interpretation Category Six

Categories one through four of the schedule will be maintained by the Office of the Vice Provost, Students.

Categories five through eight will be maintained by the Office of the Vice-Provost, Planning & Budget.

6.0 Administrative User Fees and Fines

Introduction

The University Policy on Ancillary Fees established a formal schedule of user fees and fines which may be charged by divisions for the provision of certain services to students. With the single exception of placement fees, these charges are not compulsory -- they are paid only by those students who make use of a particular service, at the time they make use of that service.

The University Schedule of Administrative User Fees and Fines establishes a uniform rate to be charged for like services across all divisions of the University. Divisions may, at their discretion, elect to waive such charges in the case of any or all individuals making use of a service. Divisions may not, however, charge a fee or fine different from the amount shown on the University schedule.

The fees and fines are established with reference to the cost of providing a particular service, or a reasonable estimate thereof.

Workplace Placement Fees

Such fees can be compulsory. They are exempt from the protocol requirements required in the Ministry of Education & Training's Compulsory Ancillary Fee Policy.

Eligible placement service costs include: Salaries and benefits of that portion of each position directly relate to the provision of placement services and work-term activity, including such positions as placement directors, officers, assistants and administrative and support staff; and

Non-salary expenditures attributable to the provision of placement services and work-term activities including travel, telephone, mailing/postage, printing, photocopying, publicity, computing, equipment and furnishing, supplies and expenses and external meetings, etc.; and

Maintenance costs of space used for placement service, including costs of utilities, custodial service and security of this space. Eligible space should include: the space used for administrative and professional placement staff and interviewing or meeting rooms used in the placement function. The costs of space used for part of the time for other purposes should be adjusted according to the proportion of usage for placement service.

Approval

The fees and fines shown on the Schedule may be adjusted annually by administrative authority (the Vice-Provost, Planning & Budget) provided that the adjustments relate to the cost of the service provided. Divisions may request, by January 31st of each year, that the fees be reviewed for their relationship to cost. Since these fees are levied on a uniform basis across the University, a divisional request to review the fee will normally lead to consultation across a number of affected divisions. Any proposal for introduction of a new type of user fee or fine must be accompanied by a description of the service provided and a detailed cost estimate.

All changes shall be reported annually to the Business Board for information. The introduction or removal of a fee from the Schedule must be submitted to the Business Board for review and approval.

Refunds

Such fees and fines will not normally be refundable, except as specifically provided for in the Schedule.

Publication of Fees

The University Schedule of Administrative User Fees and Fines will be published each year as part of the University Schedule of Fees.
