Graduate Students - Constituency II (Physical & Life Sciences)

<p>Erika Daley</p> <p>The University of Toronto became my new home last May as I began my PhD in inorganic chemistry. As your graduate student representative I hope to influence positive change and improvements throughout the university, with your suggestions and concerns in mind. It is particularly important to have informed, prepared stewards in the academic, strategic, and financial decision-making process for the university. I believe that my extensive involvement in a number of organizations throughout the university and in the community have provided invaluable experiences that I can channel into this position. PLEASE VOTE ERIKA DALEY. I support fair grading practices, more opportunities for teaching assistantships, increased graduate funding, and better student services. Through my involvement with the Canadian Diabetes Association, I lobby for better healthcare policies on the provincial and national level. These experiences have given me strong leadership, communication and organizational skills. On ROSI from February 9-20, vote Alex for your Division III/IV representative on Governing Council. www.facebook.com/votealex4gc</p>
