

UNIVERSITY OF TORONTO
FACULTY OF MEDICINE

FOR APPROVAL

TO: Members of the Academic Board

SPONSOR: Professor Ken Pritzker, Speaker, Faculty Council
Faculty of Medicine

DATE: April 15 for May 2, 2013

AGENDA ITEM: 8a

ITEM IDENTIFICATION:

Constitutional Amendments: Faculty of Medicine

JURISDICTIONAL INFORMATION:

Section 5.2.2 of the Academic Board’s terms of reference calls for amended divisional constitutions to be considered by the Board and confirmed by the Executive Committee. Amendments to by-laws are approved by divisional councils.

PREVIOUS ACTION TAKEN:

Amendments to the Faculty of Medicine Constitution were previously approved by the Faculty Council on February 27, 2012 and approved by the Executive Committee of the Governing Council on March 29, 2012.

HIGHLIGHTS:

- Added definition of “Postgraduate Trainee”.
- Changed quorum requirement to a percentage of Council.
- Changed “Agenda Committee” references to “Executive Committee” to correspond with changes made to the Faculty of Medicine By-Laws.
- Major modifications to the membership of Council.

Background:

The Faculty of Medicine Faculty Council membership composition has not changed since 2003 despite major changes within the Faculty. The goals of the Agenda Committee’s By-Laws Working group, which was established in February of 2011, were to update the membership to reflect new, expanded or eliminated constituencies; to better create proportional representation (especially within the student constituency); and to increase the number of Teaching Staff seats (both to balance the increased number of *ex officio* seats

HIGHLIGHTS: (cont'd)

Background: (cont'd)

and to help facilitate a possible future increase of the number of Standing Committee members drawn directly from Council). The Working Group consulted with representatives of the Office of the Governing Council and the Office of the Vice-President and Principle on multiple occasions during the Summer and Fall of 2011. During the 2011-2012 academic year, the goals of the Working Group were set aside in order to amend the Faculty's Constitution and By-laws to be consistent with the University of Toronto Quality Assurance Process. These amendments were approved in the Spring of 2012. All Standing Committees of Faculty Council reviewed a first draft of the Working Group's proposed changes during Fall 2012 and were asked to specifically review their own Terms of Reference and provide proposed amendments to the Working Group. The Working Group prepared a draft for approval in February 2013 which was circulated to the Education; Graduate Education; Continuing Education and Professional Development; and Research Committees for minor modifications. The final draft was reviewed by the Faculty's Agenda Committee on April 10, 2013 and will be presented for approval to Faculty Council on April 29, 2013.

Proposed Changes:

- **Constituency 2** (Chairs of Standing Committees): The increase from six to nine seats represents an increase in the number of Standing Committees.
- **Constituencies 3-6** (Elected Teaching Staff Representatives): The faculty numbers have been increased from one to two representatives per department, in order to keep the proportion of teaching staff on Council consistent. Membership numbers reflect changes in the number of departments since 2003
- **Constituency 7** (Elected Representatives of the Faculty at Large): The number of seats has been decreased slightly from 14 to 10 to keep total faculty representation proportionally the same as current.
- **Constituency 8** (Elected Student Representatives): The Research and Graduate Education Committees of Faculty Council (both of which include graduate student representation) felt strongly that the Graduate Student population was underrepresented given their number (3, 065 as of November 2013) and suggested that the number of graduate student members be more than the number of Undergraduate Doctor of Medicine representatives (964 students in 2012-2013) without decreasing the current number of Undergraduate Medicine Student seats (12). For this reason, the number of Graduate Student seats has been increased from 5 to 15. The Postgraduate Trainee representation was increased from one to five members to reflect their number (3, 185 in 2011-2012) but remains lower than the Graduate and Undergraduate Medicine to reflect their unique role as teaching hospital employees and their membership in Professional Association of Interns and Residents of Ontario (PAIRO). The Medical Radiation Sciences compliment is increased from one to two seats to better reflect its student population (345 in 2012-2013) in comparison to the new BScPA Program which has one representative for its 28 students (2012-2013).

HIGHLIGHTS: (cont'd)

Proposed Changes: (cont'd)

- **Constituency 11** (Administrative Staff): Increased from two to five seats on the recommendation of the Governing Council Secretariat.
- **Constituency 17** (Deputy Dean): This is a new position.
- **Constituency 18** (Vice-Deans): This reflects an increase in the number of positions from one to six.
- **Constituency 19** (Associate Deans): This reflects an increase in the number of positions from four to six.
- **Constituency 20** (Departmental Chairs and Directors): The primary change is that the length of term (three years) is stated and these members are to be elected. The number of seats has been decreased from 10 to 9 such that annually three members may be elected to a three-year term.
- **Constituency 21** (Chief Financial Officer): Currently serves as an *ex officio* member of the Agenda Committee but not as a member of Faculty Council.
- **Constituency 22** (Director, Dean's Office): This is a new, non-voting position.
- **Constituency 23** (Faculty Affairs Officer): Currently serves as an *ex officio* member of the Agenda Committee but not as a member of Faculty Council.
