AGENDA ITEM:

ITEM IDENTIFICATION:

Category 5, Cost Recovery Ancillary Fees, 2007-2008 (Items for Information)
Category 6, Administrative User Fees and Fines, 2007-08 (Items for Information)

JURISDICTIONAL INFORMATION:

The University's Policy on Ancillary Fees makes provision for a Category 5: University Schedule of Cost Recovery Fees and a Category 6: University Schedule of User Fees and Fines. A copy of the policy is attached (Attachment A).

Under the policy for Category 5, cost recovery fees shown on the schedule may be adjusted annually by administrative authority of the Vice-Provost, Planning & Budget, provided that the adjustments relate to changes in the cost of the materials or services provided. These changes are to be reported annually to the Business Board for information

Under the policy for Category 6, administrative user fees and fines shown on the Schedule may be adjusted annually by administrative authority of the Vice-Provost, Planning & Budget, provided that the adjustments relate to changes in the cost of the materials or services provided. These changes are to be reported annually to the Business Board for information.

PREVIOUS ACTION TAKEN:

The schedules come forward annually.

HIGHLIGHTS:

CATEGORY 5

The University's Policy on Ancillary Fees, under Category Five, permits divisions to charge students for the reasonable cost of the provision of certain learning materials and services. The University, through its operating budget, is responsible for the delivery of an academic program, but the student may be expected to purchase the requisite materials prescribed for the program.

These cost recovery fees include fees for: publications, case studies, or laboratory manuals; field trips; clothing; equipment that becomes the property of the student; equipment rentals; other goods or services provided individually to students for their exclusive use; and any non-credit

remedial instruction provided. All of the fees reported fall within one of these categories. The 2007-08 schedule of Category 5: Cost Recovery Fees is attached. (See Attachment B).

The Ministry of Training, Colleges and Universities' policy on ancillary fees now makes a special allowance for "system-wide" fees. The fee for the CANCOPY license and University Health Insurance Policy (UHIP) are now separated in the schedule on that basis.

As directed under the policy, the only cost recoveries that may be charged are those shown on the University Schedule of Cost Recovery Fees. This schedule has been updated and is attached for the Business Board's information. In most cases the fees have remained the same, a few have been increased or decreased. As a result of the re-negotiation of the license with CANCOPY, many divisions are no longer distributing and charging for publications directly. Instead, the publications are made available through the bookstore, through the University of Toronto Press, through a third party printing house or electronically.

CATEGORY 6

These fees include fees for special registration arrangements, optional copies or records, special arrangements relating to examinations. Placement fees, library fines, application fees, and other services. None of these fees is subject to the MTCU policy on ancillary fee protocols.

Details of changes to the existing fees are given on the following pages. Additions to the schedule are under a separate cover of approval.

The 2007-08 schedule of Category 6: Administrative User Fees and Fines is attached. (See Attachment C).

FINANCIAL AND/OR PLANNING IMPLICATIONS:

CATEGORY 5

The fees are set at a level to cover the cost of the service.

CATEGORY 6

In 2005-06, these fees produced \$10,966,983 in income for the University's academic divisions, which closely matched the costs of providing the relevant services.

RECOMMENDATION:

For information only.

FOR INFORMATION

The University's policy permits administrative user fees to be adjusted annually to reflect the cost of services provided. The following divisions are proposing adjustments to existing fees:

Request 1

6.1 Registration Fees

The Faculty of Medicine is requesting the Post Graduate Medical & Dental Student Fee be increased to \$350. The six Ontario medical schools agreed to increase the Post-graduate Medical Education registration fee from \$325 to \$350.

Description	2007-08	2006-07	Percent Change
Post Graduate Medical & Dental Student Fees	\$350.00	\$325.00	7.7%

Request 2

6.2 Records and Documents

The School of Graduate Studies is requesting the fee for micro-filming of graduate thesis remain unchanged but PST and part of the GST (33%) are to be added to the charge for this service. SGS currently charges \$39.00 for the microfilming of graduate theses. However, the National Library charges \$39.00 plus tax (GST 6% and PST 8%). As an educational institution, SGS receives a GST rebate of 67%. Thus, the new rate (\$42.89) for this service proposed by SGS will include the base price (\$39.00) plus the cost of total PST (\$3.12) and 33% of GST (\$0.77)

Micro-filming of graduate thesis	\$42.89	\$39.00	10.0%

6.4 Placement Fees

Woodsworth College is proposing the following changes to its International Summer Programs. The course fee for the Brno Program, Hong Kong Program and Sydney Program increased because the partner institutions have raised their costs. For the other 8 programs, small reductions in the course fees seen below are a result of an increase in the Arts & Science course fee (from \$837.00 to \$874.60) which is subtracted from the total cost to derive the summer program course fee. While the combined cost (Arts & Science plus summer program course fee) remains unchanged from 2006-07 levels, the summer course fee portion for these programs has decreased slightly.

Description	2007-08	2006-07	Percent Change
Amazon & Galapagos Islands Course Fee	\$925.40	\$963.00	-3.90%
Berlin Program Course Fee	\$1,125.40	\$1,163.00	-3.23%

6.4 Placement Fees

The Faculty of Architecture, Landscape & Design is proposing a \$100.00 increase to its Global Architecture Program Placement Fee. The faculty offers this summer Study Abroad program as part of the curriculum. Programs are offered fro Europe and China and enrolment is limited to 15 students for each and include two courses. Coordination of the trips and related activities within the programs are labour-intensive. Both local people and senior students of the faculty are hired to help with these activities. The proposed increase in the fee will help off-set the increased costs associated with the program.

The Faculty of Pharmacy is proposing that the application fee for the Bachelor of Science in Pharmacy program increase from \$180.00 to \$300.00. The faculty administers its own U of T Pharmacy Admission Test (UTPAT). The increase in the application fee will help off-set the increased costs associated with the administration of this test. Also, the faculty operates a data collection and management system to support the application process. The reduction in the volume of applications to the Pharmacy program 'post-double cohort bulge' has reduced to total revenue from application fees. An increase in the application fee is necessary to help off-set the costs associated.

- 1.1 Student Services
- 1.2 Health Services
- 1.3 Athletics
- 1.4 Hart House
- 1.5 Constituent College fees (excludes college library fees which are prohibited)

¹All fees in this category are compulsory.

The Ministry of Education and Training's Compulsory Ancillary Fee Policy requires that protocols be established in order to increase or add new fees to this category.

2.0 Student organisations and services provided by such organisations²

- 2.1 Student society fees including any portion thereof in support of student initiated health plans and communications.
- 2.2 Social and cultural services (excluding Hart House)

³Such fees must be approved by student referenda as required by the Ministry of Education and Training's Compulsory Ancillary Fee Policy. These fees are exempt from the protocol requirement of the Ministry's policy.

All fees in Categories 1.0, 2.0 and 3.0 that are compulsory will be governed by the University's Policy on Compulsory Non-academic Incidental Fees. The application of the Policy will not preclude the assignment of Category 3.0 Student levies for specific, limited projects to academic purposes.

Fees charged to recover costs must relate to those costs, and may not exceed them, or a reasonable estimate of them. The only cost recoveries that may be charged are those shown on the University Schedule of Cost Recovery Fees, which initially shall be the list of cost recoveries shown in the University's submission to the Ministry of Training & Education, February 16, 1987. The fees shown on the Schedule may be adjusted annually by administrative authority (the Vice-Provost, Planning & Budget) provided that the adjustments relate to changes in cost, and are for goods and services that comply with the Policy on Ancillary Fees. All changes shall be reported annually to the Business Board for information.

⁴Such fees, whether or not they are compulsory, are exempt from the Ministry of Education and Training's Compulsory Ancillary Fee Policy protocol requirement.

6. Administrative user fees and fines⁶

6.1 Registration fees

6.2 Records and documents (excluding diplomas and certificates, for which no fee may be charged except for replacements)

6.3 Examination and grades (excluding initial grade reports, for which no fee may be charged)

6.4 Co-op program placement fees

6.5 Library fines

6.6 Other administrative user fees or fines shown on the University Schedule of Administrative User Fees and Fines.

Administrative user fees must relate to the costs of the services provided, and may not exceed them, or reasonable estimates of them. The only administrative user fees and fines that may be charged are those shown on the University Schedule of Administrative User Fees and Fines. The fees and fines shown on the Schedule may be adjusted annually by administrative authority (the Vice-Provost, Planning & Budget), provided that the adjustments relate to the costs of the services provided. All changes shall be reported annually to the Business Board for information. The introduction or removal of

a fee from the Schedule must be submitted to the Business Board for review and approval.

⁶All fees in this category are exempt from the Ministry of Education and Training's Compulsory Fee Policy protocol requirement.

7.0 General program support

Other than tuition fees, no fees may be levied for general program support, except as provided for in Category 3.0, student levies for specific, limited projects.

8.0 System Wide Fees⁷

8.1 University Health Insurance Plan (UHIP)

Such fees are established through a formal agreement under which students at all Ontario universities pay a comparable fee for a comparable service. Such fees are exempt from the Ministry of Education and Training's Compulsory Ancillary Fee Policy protocol requirement.

⁷This is a new category introduced by the Ministry of Education and Training policy. The UHIP fee is actually a Council of Ontario Universities fee which is reported here for information.

Attachment A (ii)

Policy on Ancillary Fees - Administrative Interpretation Category Five

Categories one through four of the schedule will be maintained by the Office of the Vice Provost, Students.

Categories five through eight will be maintained by the Office of the Vice-Provost, Planning & Budget.

5.0 Cost Recoveries¹

Introduction

Divisions, under this section of the Policy on Ancillary Fees, may charge students for the reasonable cost of the provision of certain learning materials and services. As a matter of principle, the University through its operating budget will be responsible for the delivery of an academic program, while the student will be expected to purchase the requisite materials prescribed for the program.

Eligible Cost Recoveries

The following groups of cost recovery fees will be permissible under the provisions of the Policy:

5.1 Publications, case studies, laboratory manuals*

In determining the appropriate cost recovery for fees in this category, divisions may include the direct cost of supplies, a reasonable estimate of labour charges, and a provision for photocopy equipment utilisation, either rental charges or capital depreciation.

5.2 Field Trips**

Eligible cost recoveries for compulsory or non-compulsory field trips shall include only the reasonable, direct costs of transportation, accommodation, meals, equipment rentals, and admission charges as appropriate.

Such fees shall not include the costs (full or partial) of salaries, benefits, travel, accommodation, meals, equipment rentals, and admission charges of faculty or any other instructional activity.

¹ Such fees, whether or not they are compulsory, are exempt from the Ministry of Education & Training's Compulsory Ancillary Fee Policy protocol requirement.

Compulsory ancillary fees cannot be charged for any component of an out-of-province compulsory field trip in compulsory courses. Compulsory courses are defined as courses which a student is required to take in order to fulfil the requirements of his or her program or degree.

5.3 Clothing

Only the direct cost of clothing which is retained by the student may be recovered.

5.4 Equipment purchases***

Purchased equipment must become the property of students. This includes materials used in the production of items which become the property of students.

The direct cost of equipment, including brokerage, freight, and taxes, and a reasonable estimate of handling charges will be eligible for recovery. Associated items required for the operation of such equipment, such as computer software, may be included in such cost recoveries.

5.5 Equipment rentals***

Equipment rentals, for the period of rental, must come into the individual possession of students.

Divisions may, as a convenience to students, provide equipment on a rental basis in instances where the student would normally be expected to acquire the equipment. Such charges should not normally be compulsory for all students registered in a course of program.

Divisions may also levy a cost recovery fee in respect of students' personal use of University equipment, that is, use for purposes beyond the satisfaction of the academic requirements of a course or program. Cost recovery fees should be set with reference to the ongoing costs of operation and maintenance, as well as capital depreciation.

5.6 Other goods or services provided individually to students for their exclusive use.

Charges for various forms of non-credit remedial instruction, if provided, may be included here.

Divisions may elect to provide non-credit remedial instruction for specific groups of students who have specific skill deficiencies, for example, writing or mathematics workshops, or English proficiency instruction. In such instances

cost recovery fees should be levied only against those students enrolled in the remedial program, not as a compulsory fee against all students in a program.

Cost recovery fees should be set with reference to the direct cost of instruction, including salaries, supplies, equipment, and a reasonable estimate of administrative overhead.

5.7 Materials, services or licenses where the University acts as a broker with a vendor for the student

An example of such a fee would be Dental Instruments.

The CANCOPY fee, while it is a system-wide fee, is charged differentially across universities. For this reason it is categorized as a license.

- * Eligible for OSAP, as part of allowance for books.
- ** Eligible for OSAP, provided trip is compulsory.
- *** Eligible for OSAP, up to a maximum established by Ministry of Education and Training.

Approval

The only cost recoveries that may be charged are those shown on the University Schedule of Cost Recovery Fees, which shall be adjusted annually by administrative authority (the Vice-Provost, Planning & Budget) and reported for information to the Business Board.

1. Changes to Existing Fees

Initially the University Schedule of Cost Recovery Fees will be those cost recovery fees reported to the Ministry of Training & Education, on February 16, 1987. Divisions will be required to submit any changes to this schedule by January 31st each year to the Office of the Vice-Provost, Planning & Budget for review and implementation in subsequent academic sessions. Changes to existing fees must be accompanied by a description of the service provided and a detailed cost estimate of the service.

2. Implementation of New Fees

Divisions will be required to submit proposals for the introduction of new fees by January 31st each year to the Office of the Vice-Provost, Planning & Budget for review and implementation in subsequent academic sessions. Proposals for new fees should be accompanied by a description of the service provided and a detailed cost estimate of the service.

Refunds

Such fees will not normally be refundable.

Publication of Fees

Each division must publish a listing of such fees each year in its calendar, calendar supplement, or comparable publication. Students must in this manner be provided with notice of such fees prior to registration in a course, program or college.

Attachment A (iii)

Policy on Ancillary Fees - Administrative Interpretation Category Six

Categories one through four of the schedule will be maintained by the Office of the Vice Provost, Students.

Categories five through eight will be maintained by the Office of the Vice-Provost, Planning & Budget.

6.0 Administrative User Fees and Fines

Introduction

The University Policy on Ancillary Fees established a formal schedule of user fees and fines which may be charged by divisions for the provision of certain services to students. With the single exception of placement fees, these charges are not compulsory -- they are paid only by those students who make use of a particular service, at the time they make use of that service.

The University Schedule of Administrative User Fees and Fines establishes a uniform rate to be charged for like services across all divisions of the University. Divisions may, at their discretion, elect to waive such charges in the case of any or all individuals making use of a service. Divisions may not, however, charge a fee or fine different from the amount shown on the University schedule.

The fees and fines are established with reference to the cost of providing a particular service, or a reasonable estimate thereof.

Workplace Placement Fees

Such fees can be compulsory. They are exempt from the protocol requirements required in the Ministry of Education & Training's Compulsory Ancillary Fee Policy.

Eligible placement service costs include: Salaries and benefits of that portion of each position directly relate to the provision of placement services and work-term activity, including such positions as placement directors, officers, assistants and administrative and support staff; and

Non-salary expenditures attributable to the provision of placement services and work-term activities including travel, telephone, mailing/postage, printing, photocopying, publicity, computing, equipment and furnishing, supplies and expenses and external meetings, etc.; and

Maintenance costs of space used for placement service, including costs of utilities, custodial service and security of this space. Eligible space should include: the space used for administrative and professional placement staff and interviewing or meeting rooms used in the placement function. The costs of space used for part of the time for other purposes should be adjusted according to the proportion of usage for placement service.

Approval

The fees and fines shown on the Schedule may be adjusted annually by administrative authority (the Vice-Provost, Planning & Budget) provided that the adjustments relate to the cost of the service provided. Divisions may request, by January 31st of each year, that the fees be reviewed for their relationship to cost. Since these fees are levied on a uniform basis across the University, a divisional request to review the fee will normally lead to consultation across a number of affected divisions. Any proposal for introduction of a new type of user fee or fine must be accompanied by a description of the service provided and a detailed cost estimate.

All changes shall be reported annually to the Business Board for information. The introduction or removal of a fee from the Schedule must be submitted to the Business Board for review and approval.

Refunds

Such fees and fines will not normally be refundable, except as specifically provided for in the Schedule.

Publication of Fees

The University Schedule of Administrative User Fees and Fines will be published each year as part of the University Schedule of Fees.
