Preface:

The University of Toronto Campus Police, Mississauga Campus, is a service dedicated to the concepts of Community Policing. The functions of Campus Police go well beyond the enforcement of selected Federal, Provincial and Municipal laws. The Campus Police maintains a close working relationship with the Peel Regional Police Service, the City of Mississauga Fire and Rescue Service, Mississauga EMS, and other related agencies to ensure a safer university community for students, staff, faculty and visitors.

Officers conduct foot, bicycle and vehicle patrols of the campus 24 hours a day, 7 days a week. Officers participate in a wide range of events and sit on several committees. The department continues to meet the challenges brought on by a continued increase in enrollment and the campus' ongoing physical growth. Three new buildings that opened in late 2006, two academic buildings and one residential apartment building, completed their first full calendar year in operation in 2007.

The Campus Police continue to work closely with many of the different departments, sections and student groups at U of T Mississauga to help them with their unique needs around safety and security. We look forward to a continued partnership with our community.

Emergency Planning: *The University of Toronto Mississauga campus remains committed to providing the safest and securest environment possible for its community members and visitors. To that end, the University recognizes that effective emergency planning is paramount in delivering this commitment, particularly in light of past tragic events at several North American colleges and universities. Campus Police and Administrative staff at U of T Mississauga have been working diligently in reviewing and updating the campus' Emergency Response Procedures. An emergency communication and warning system is also being developed. Additionally, Campus Police is working closely with officers from Peel Regional Police to implement the "School Police Emergency Action Response" plan (SPEAR) at U of T Mississauga. This comprehensive and innovative database driven program is the first of its kind in Canada and was developed by Peel Regional Police to assist police and other emergency services in providing the most effective response to school and university emergencies.*

DEPARTMENTAL MANDATE, STRUCTURE AND TRAINING

MANDATE

The Campus Police Department is dedicated to creating a safe and secure environment for students, staff, faculty and visitors. In fulfilling this purpose, the University Police department works in partnership with the U of T Mississauga community in developing programs and conducting activities to promote safety and security on campus. The Campus Police Department is an interdependent service that facilitates internal and external resources. The department operates on the philosophy that safety and security of the community is a responsibility of all members of the community.

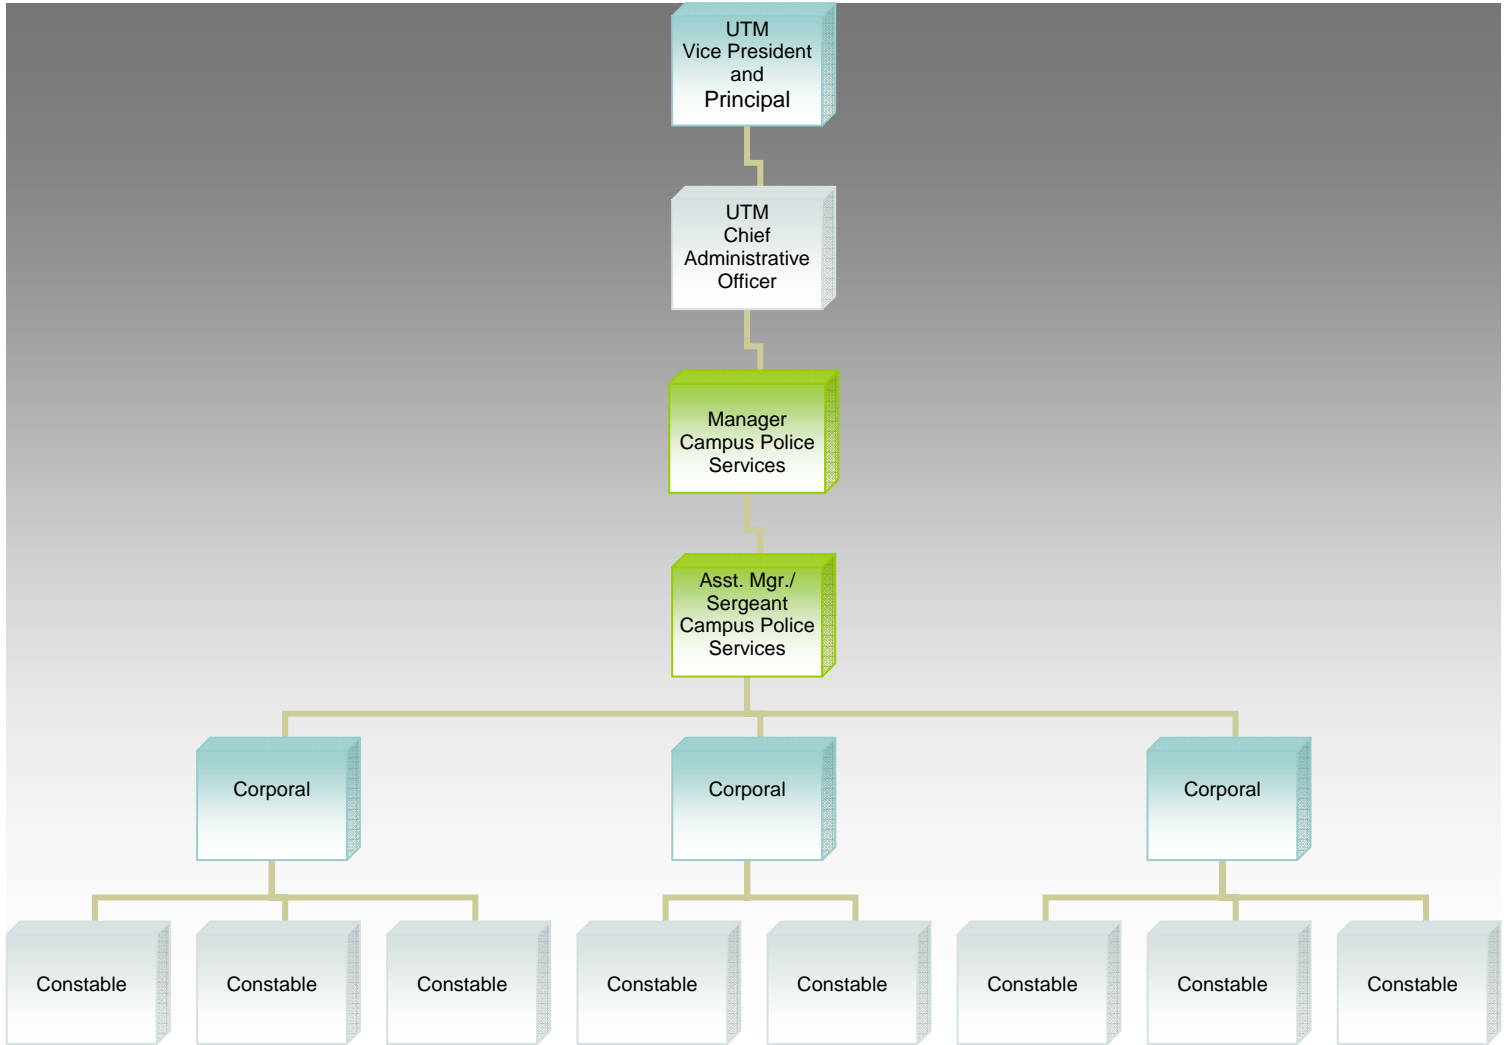

The eight points of the mandate are as follows:

- * *Personal safety*
- * *Protection of property*
- * *Conflict resolution*
- * *Maintenance of public order*
- * *Community services and referral*
- * *Emergency response assistance*
- * *Crime prevention and detection*
- * *Enforcement of the Criminal Code of Canada, applicable provincial statutes, municipal By-laws and university regulatory policies*

The following principles and values guide the Campus Police staff to ensure the fulfillment of their mandate.

- * *Respect for the dignity, worth, and diversity of all persons*
- * *Fair and Impartial treatment of all individuals*
- * *An approach to campus policing that welcomes and encourages community involvement*
- * *A departmental philosophy that promotes safety and security as a responsibility of all members of the community*
- * *Reliability*
- * *Competence*
- * *Accountability*
- * *Teamwork and open communication*

ORGANIZATIONAL STRUCTURE

DEPARTMENTAL STRUCTURE

The number of staff for 2007 remained at thirteen.

As reflected in the organizational chart above, the department consists of a Manager, an Assistant Manager/Sergeant, three Corporals and eight Constables. In the absence of a Corporal, the senior Constable on duty is delegated the duties of Acting Corporal.

All officers are sworn as Special Constables by the Peel Regional Police Services Board. They have the powers of a police constable while engaged in their duties at U of T Mississauga for the purposes of enforcing the Criminal Code of Canada, and selected provincial and municipal statutes.

EQUIPMENT AND UNIFORM UPDATE

The Ford Escape Hybrid patrol vehicle was in service for all of 2007. Gas usage for the Escape Hybrid compared favourably over the usage of the former patrol vehicle, a traditional gas engine car.

In 2005, the last full calendar year in which Campus Police used a gas engine vehicle, gas usage amounted to 5,683 litres.

In 2007, the first full year of use for the hybrid vehicle, gas usage dropped to 3,620 litres. This 36.3% reduction in gas usage served to reduce smog-forming emissions.

CCTV surveillance cameras continue to be added to campus buildings. Student Housing and Residence Life Staff added a number of cameras within residence apartments (Campus Police monitor these cameras in tandem with Residence staff). This brings the total number of closed circuit cameras for all areas of campus to 105.

A new Campus Police crest was introduced in 2007 across all three U of T campuses. The new wording more accurately reflects the unique status of Campus Police within the policing community. Changes are in keeping with requirements set out by the Ontario Ministry of Community Safety and Correctional Services.

COMMUNITY POLICING PROGRAMS AND ACTIVITIES

Campus Police has long recognized the need for a partnership with the university community. As a result, the service finds itself integrated with all groups that make up U of T Mississauga. Students, staff, faculty and visitors expect a safer community, and Campus Police have responded with a range of activities and programs.

Campus Policing is not primarily a law enforcement doctrine. It allows for a diverse involvement that expands the boundaries of traditional forms of policing. Some of the programs coordinated by U of T Mississauga Police were as follows:

WALKSAFER SERVICES

Eleven students worked on a part-time basis, each averaging four hours per week, January to April and September to December. Operating in teams of two, a male and a female, one team per evening, Monday through Friday, they provided accompaniment to anyone wishing to be walked on campus. The program did not operate on Saturdays and Sundays. When not providing escorts, team members walked throughout the campus remaining visible for those who wished to use their services

University Police oversaw the general management of the program, and were responsible for hiring and training its members. Scheduling and daily coordination were left to the program's student coordinator.

On average, two persons were walked per evening. Typical routes were between academic buildings, residence areas and parking lots. Off campus service was not provided. Women used the service more than men. When the program was not operating, Campus Police provided escorts.

Walksafer team members participated in a number of activities and events throughout the year:

- They received job training from Campus Police;
- They Staffed an information kiosk during Safety Week, Library Safety Day, and Career Expo Day, and Fall Open House; and
- They Participated in the Residence Light the Night Walk

FIRST AID, CPR AND DEFIBRILLATION PROGRAM

An officer with Campus Police is certified through St. John Ambulance as an instructor in First Aid, CPR and Defibrillation. First Aid and CPR training remained popular with students wishing certification. Training and recertification was provided to various departments and groups throughout the year. The expanded program also covered training to a select group of staff on campus for the operation of the defibrillation apparatus.

ECSpeRT is a group of dedicated students with extensive training in First Aid and CPR.

Campus Police assisted the team with their equipment, policies/procedures, and maintain an ongoing liaison with the team. ECSpeRT members are on duty five days a week from 11:00 am to 5:00 pm and assist Campus Police with medical emergencies. The members also volunteer their time and services during special events on campus.

MEDIA CONTACT

Weekly summaries were released to the campus student media most Thursday mornings from September to April. The release provided community members with information on weekly events involving crime and other police related occurrences on campus. On occasion, investigative journalists focusing on safety and security issues that had campus wide interest, met with the University Police for comments and more information.

PEEL CRIME STOPPERS

Affiliation with Peel Crime Stoppers continued in 2007. Releases were coordinated with investigating detectives of Peel Regional Police.

STUDENT EMERGENCY FUND

Campus Police continue to maintain a student emergency fund. Proceeds from the sale of unclaimed lost and found items served as a fund to assist students in crisis to meet an immediate need for food, emergency housing, medication, transportation, etc.

SAFETY AUDITS/ SURVEYS

Efforts last year to address a number of “peeping tom” incidents in the Residence areas seem to have been effective as there were no further incidents in 2007. Campus Police continued to conduct ongoing lighting and safety audits throughout the campus.

The Commissionaires of Canada contract with the HMALC ended in late 2007. Campus Police maintain an ongoing liaison with Reilly’s Security Service officers who now provide services to the HMALC.

There was a dramatic decrease in Hate Crime/Graffiti in 2007. Much of the graffiti reported in 2006 was present for some time prior to it being reported. Also, public education and awareness by the Anti-Racism and Cultural Diversity Office and the Office of Diversity, Equity and Leadership served to decrease incidents.

Causing a Disturbance saw an increase in 2007 as HMALC staff and Campus Police worked towards implementing strategies and programs to minimize the disruption being caused by individuals and groups

studying in the library.

TOTAL	152	148	153	133	113

- There was a notable increase of incidences of Mischief Under \$5000.00. This increase is attributable, in large part, to the fact that three buildings that opened in late 2006 – the RAWC, HMALC, and OPH – were now in operation for the full calendar year in 2007. This simple fact translated into additional physical structures prone to acts of mischief, albeit minor in most cases.

- **3** tickets were issued for Liquor Licence Act offences
- Highway Traffic Act includes speeding, careless driving and motor vehicle accidents (Campus Police do not lay charges under the Highway Traffic Act)

OTHER MOTOR VEHICLE AND/OR DRIVING RELATED OCCURRENCES

11 instances of “failing to remain at the scene of an accident” (a criminal offence by definition) were investigated by Campus Police in 2007. In the majority of these cases, the accidents occurred in parking lots and involved unoccupied vehicles struck at low speeds by other vehicles leaving or entering parking spots. Additionally, **42** other motor vehicle and/or driving related incidents, e.g. towed vehicles, disabled vehicles, etc., were investigated.

BY-LAW OFFENCES

TOTAL	53	40	47	37	28

PARKING OFFENCES: Parking regulations on campus continue to be enforced by City of Mississauga Parking Control Officers, Campus Police, and U of T Mississauga Parking and Transportation staff. The combined total of parking tickets issued in 2007 was: **14,790**. The increased enforcement in 2006, resulting in approximately 20,100 parking tickets being issued, proved to deter unlawful parking which in turn reduced the number of tickets issued in 2007.

TOTAL	114	102	79	104	109

A large number of the reported injuries were sports related. In many instances, where injuries or illness were not serious, Campus Police provided transportation to Credit Valley Hospital.

NOTABLE MISCELLANEOUS OCCURRENCES

CATEGORY	2007	2006	2005	2004	2003
INSECURE PREMISE	56	51	51	32	126

CALL FOR UTILITIES SERVICES	108	73	80	51	131
TOTAL	256	210	234	157	352

Call for Utilities Services increased by 35 incidents. The three new buildings completing their first full year in operation accounted for most of the increase.

ALL OTHER OCCURRENCES

The remainder of occurrences that Campus Police investigated in 2007 totalled **204** as compared to **215** in 2006. Most of these occurrences did not satisfy the necessary criteria for inclusion in established categories but did require involvement and/or investigation by Campus Police. As stated earlier, this also encompassed categories where incidents were very sparse and sporadic from one year to the next and thus were not cited or listed separately.
