With respect to the financial, property and human resource arrangements, the Business Board concurred with the prospective Academic Board

## **HIGHLIGHTS:**

University of Toronto Schools (UTS) is one of Canada's leading pre-eminent preparatory schools, recognized both nationally and internationally. The School has been a part of the broader University of Toronto community for 105 years. In that period it has established a strong reputation as a middle and secondary school for academically able students. In addition, UTS has continued to fulfill its original mandate as a model school supporting research, innovation and teacher training. The University provided considerable assistance to UTS over many years, including financial, administrative and facilities support arising from its original association with the University's Faculty of Education. As a result of the 2006 *Affiliation Agreement* UTS has become financially independent and capable of sustaining itself separately from the University, however a continuing affiliation will have benefits for both parties.

The Insurance component of the *Affiliation Agreement* for occupancy and construction is currently being developed and there is a "Note to Draft" in the *Agreement* that all aspects of insurance will be settled prior to agenda planning for Governing Council.

## Background

University of Toronto and UTS have a current *Affiliation Agreement* which affirmed their long standing association which was executed in June 2006 for a 15 year term. This current *Affiliation Agreement* expires in June 2021.

The UTS premises are located on land owned by the University at 371 Bloor Street West. The UTS premises require renewal, and such re-development must reflect the quality standards associated with the School as a pre-eminent learning institution supporting best practices in teaching. In order to accomplish this, UTS wishes to make a significant investment in the re-development of their existing facilities. The existing *Affiliation Agreement* established the process for redevelopment of the site and UTS's right to propose renewal of their facilities to the University. Since the existing *Affiliation Agreement* expires in five years and UTS wishes to make significant capital improvements, UTS has approached the University to renew the *Agreement* now for a longer term in advance of completing fundraising and commencing design for their new facilities.

UTS proposes the renovation and/or construction of about 147,000 gross square feet of space on the northeast portion of 371 Bloor St. A new 700 seat auditorium will be provided for partial shared use by the University on a mutually agreed basis. A renewed and enhanced UTS facility will benefit the school, the University and the local community surrounding the site.

Over the last several years, the University and UTS have worked together on a preliminary plan for the re-development of UTS taking into consideration the University's interests in the development of the remainder of the 371 Bloor St West site, by the University. The proposed

revised *Agreement* reflects those preliminary UTS plans but also maintains all of the University's rights and interests in their development of the remainder of the site. Additionally, UTS is obligated to provide certain site improvements for the benefit of the University as part of the commercial terms of the renewal of the *Agreement*.

### Executive Summary of the revised *Affiliation Agreement*

The existing *Affiliation Agreement* has now been revised to reflect changes to a number of principal terms and in particular to describe the obligations and rights of both parties in the respect of the re-development of the site. The revised *Affiliation Agreement* contains three ancillary agreements which are attached as exhibits: a Real Property License Agreement, a Trademarks License and Consent Agreement, and a Project Agreement. The principal terms of these agreements are summarized below:

The costs of such emergency services, as and when requested by UTS, shall be paid by UTS within thirty (30) days of UTS receiving an invoice from the University for such costs. If UTS contracts with security personnel for non-emergency service, such contract must meet the University's standards typically applicable for other University-owned premises (as same may be amended from time to time). The University acknowledges and agrees that UTS must take all reasonable steps to ensure the safety and security of its students and staff, taking into consideration the age of the students, the location of the Licensed Premises and their shared usage and that this may require additional measures than may be the case for other University-owned premises.

## **ARTICLE 10 – MATTERS RELATING TO FACILITIES AND IMPROVEMENTS**

- 10.01 Any construction, alteration, maintenance, repair, replacement, installation, removal or decoration undertaken by or for UTS in connection with the Licensed Premises shall be subject to the terms of this Article 10 and shall be carried out by or on behalf of UTS in a good and workmanlike manner and in compliance with all laws applicable to such work.

UTS covenants to undertake all maintenance, repairs, replacements and improvements to ensure the Licensed Premises are adequate for UTS's use of the Licensed Premises as set out herein and that the Licensed Premises are safe, secure and in good condition.
- 10.03 UTS, at its own expense (subject to the University's obligation to contribute to the costs of same as expressly set forth in this Licence), shall maintain and keep the Licensed Premises and all fixtures, systems (including Building Systems) and equipment therein, in good order, condition and repair and promptly make all needed repairs and replacements, using at all times new materials, including but not limited to, repairs and replacements to all electrical, plumbing, climate control systems, machinery and equipment, all entrances, glass, window mouldings, partitions, doors and any and all other fixtures, equipment and appurtenances, as are part of, within or otherwise serving or appurtenant to the Licensed Premises (reasonable wear and tear not inconsistent with the maintenance and repair of the Licensed Premises generally in good order and repair and condition, and damage by fire, lightning, and tempest only excepted). If any structural repairs (including roof repairs) to the building located on the Licensed Premises are required within the last ten (10) years of the Term and the Term is not being extended or renewed, the University shall contribute a reasonable share of the cost of such structural repairs undertaken by UTS, having regard to whether the useful life of the structural repairs extends beyond the end of the Term, provided however that

the University may waive the requirement for UTS to undertake any such structural repairs.

10.04 If UTS shall during the Term desire to make, affix, install or erect partitions, counters, fixtures or other repairs, alterations, replacements, decorations or improvements in any part of the Licensed Premises (referred to collectively herein as “**Alterations**”), it may do so at its own expense at any time and from time to time, provided that UTS’s rights to make any Alterations to the Licensed Premises shall be subject to the following conditions:

- (a) Prior to undertaking any Alterations, except for Minor Alterations, UTS shall submit to the University a plan showing the proposed Alterations and shall obtain the written approval and consent of the University to the same and such approval and consent shall not be unreasonably withheld or delayed, provided that such Alterations are consistent with the terms of this Licence and the Affiliation Agreement, and UTS shall provide evidence of all requested building permits and approvals, and satisfactory insurance naming the University as an additional insured;
- (b) all Alterations shall conform to and be carried out in accordance with as same may be amended and updated from time to time, all applicable building by-laws, if any, and other applicable laws then in force affecting the Licensed Premises and all Alterations shall be completed in a good and workmanlike manner using, at all times, new materials and, except for Minor Alterations, shall conform to the plans and specifications approved by the University;
- (c) Alterations will not be of such kind or extent as to in any manner reduce the value of the New Building in any material respect;
- (d) UTS acknowledges that the University is bound or is contractually required to apply various construction collective agreements. UTS shall not and UTS shall ensure that any contractors or subcontractors engaged by or under UTS do not, in any way whatsoever, contravene or cause the University to contravene any provision of any construction collective agreement to which the University is a party or which the University is contractually required to apply from time to time.

10.05 Except as set out below, all Alterations made by UTS, or made by the University on UTS’s behalf (to the extent expressly permitted hereunder) shall immediately become the property of the University free and clear of all liens, claims and encumbrances and without compensation therefor to UTS. Such Alterations shall not be removed from the Licensed Premises either during or at the expiration of the Term or sooner determination of this Licence except that:

UTS shall, in the case of every such removal, either during or at the end of the Term, make good any damage caused to the Licensed Premises and the New Building by the installation and/or removal of any such trade fixture, alteration, decoration, addition or improvement. The provisions of this Section 10.05 shall survive the termination of the Licence.

- 10.08 If UTS fails to observe any of the requirements of this Article 10, the University may require that all Alterations stop immediately and that UTS promptly rectify the breach or default. In addition, the University may, but shall not be obligated to, after thirty (30) days' notice in writing to UTS specifying such default, or without notice if in the reasonable exercise of the University's judgment an emergency exists, perform same for the account and at the expense (including reasonable legal fees) of UTS and shall be reimbursed by UTS for any costs, expenses or outlays so incurred by the University. The amount of any payments made or expenses incurred by the University for such purpose shall become due and payable within thirty (30) days of receipt by UTS of invoices therefor, with interest thereon at the rate of the then current prime rate of interest published by The Bank of Nova Scotia plus five per cent per annum, but any such expenditure by the University shall not be deemed to waive or release UTS's default or the right of the University to take such action as may be permissible under the terms of this Licence or the Affiliation Agreement or the Project Agreement in the event of such default. When no emergency exists, the provisions of this Section shall be inapplicable if, within thirty (30) days after such notice by the University, UTS shall have cured such default or shall have commenced and is diligently proceeding to cure same and actually cures same within a reasonable period.

- 10.09 If all or any material part of the Licensed Premises is damaged or destroyed and greater than 25% of the UTS Premises are rendered unfit for occupation, subject to UTS having complied in all material respects with its obligations under this Licence (including to maintain the required insurance in accordance with Article 14), and if this Licence is not terminated as provided in Section 10.10 or Section 10.11, UTS will, at its sole cost and expense, with reasonable diligence and without unnecessary delay, restore and/or repair the damage or destruction so that the Licensed Premises are substantially restored to their former state and condition as existed immediately prior to such damage or destruction, and restore at its expense its leasehold improvements and trade fixtures in a good and workmanlike manner, and the University will make all proceeds of insurance maintained by UTS pursuant to the terms of this Licence available to UTS for such purpose on a similar basis, and pursuant to similar agreements with the University as were made pursuant to the original construction pursuant to the Project Agreement. The University hereby agrees to cooperate with such reconstruction, and enter into such agreements as are reasonably required.
- 10.10 Notwithstanding Section 10.09, if all or a material portion of the Licensed Premises are damaged and destroyed and greater than 25% of the UTS Premises are rendered unfit for occupation, UTS shall be entitled, within 90 days of such damage or destruction to provide notice in writing to the University that it is terminating this Licence, in which case:
- (a) the Licence shall terminate with effect on the date of such notice, and
  - (b) the University shall return to UTS all insurance proceeds received in connection with such damage and destruction, less an estimate of any out of pocket expenses reasonably required to demolish any remaining portion of the New Building and clean up the UTS Site (provided that University and UTS will adjust between themselves such estimated amount once such demolition and clean-up is actually completed).
- 10.11 Notwithstanding Section 10.09 or Section 10.10, if all or a material portion of the Licensed Premises are damaged and destroyed and greater than 25% of the UTS Premises are rendered unfit for occupation, and fewer than 5 years remain in the Term as of the date of such damage or destruction, then the Licence shall terminate automatically with effect on the date of such damage or destruction, and the University shall return to UTS all insurance proceeds received in connection with such damage and destruction, less an estimate of any out of pocket expenses reasonably required to demolish any remaining portion of the New Building and clean up the UTS Site (provided that University and UTS will adjust between themselves such estimated amount once such demolition and clean-up is actually completed).

- 11.02 If UTS elects to retain the University to perform regular maintenance and cleaning services for the Licensed Premises on behalf of UTS at UTS's cost in accordance with Section 10.06, cleaning services and maintenance services for the Licensed Premises will be provided by the University in accordance with the University's standards (as may be amended from time to time). If UTS wishes to purchase from the University additional services beyond the services typically provided by the University, this can be done, subject to availability, at a rate to be negotiated at the time the request is made. For certainty, UTS shall not be required to retain the University in respect of any maintenance and cleaning services in respect of the Licensed Premises.
- 11.03 During the Term, UTS shall pay all public utility consumption charges, including, without limitation, all water, gas, heating and electricity rates and charges in connection with the Licensed Premises and all such utilities shall be separately metered at the cost of UTS.
- 11.04 The University and UTS acknowledge that UTS shall generally be responsible for administering the operating costs payable in connection with the Licensed Premises. To the extent any costs payable by UTS in respect of the Licensed Premises pursuant to this Licence are paid by the University hereunder, such costs will be payable within 30 days of receipt of invoice provided to UTS by the University. To the extent that any costs provided for herein are paid based on estimates, UTS or the University will, as applicable, provide the other with an annual reconciliation statement and any necessary re-adjustment payment will be made by the University or by UTS, as applicable, within 30 days after said reconciliation statement is provided.

The parties agree that, if and only to the extent that UTS is not exempt from municipal taxation and (a) either the Licensed Premises are not exempt from municipal taxation or (b) the University pays grants in lieu of municipal taxes to the City of Toronto with respect to the Building as a result of the use and occupation of the Building by UTS, UTS will reimburse the University for the amount (the “**Tax Amount**”) of the municipal taxes paid to the City of Toronto in respect of the Licensed Premises or the grants paid to the City of Toronto in lieu of municipal taxes, as the case may be in respect of the Licensed Premises. The Tax Amount will be payable by UTS within 30 days of receipt of invoice provided to UTS by the University. The foregoing provisions of this Section 15.02 will not apply so long as UTS is itself

exempt from municipal taxation. The University agrees to pay the Tax Amount to the City of Toronto.

- (b) the operations or activities of UTS or the University on behalf of UTS resulting from or related to its performance under this Licence;

save and except, in each case, for such Losses as are occasioned by the University’s negligence, fraud, wrongful act, or breach or default of the University’s obligations under this Licence.

16.02 For all claims arising on or after the date of this Licence, and not having their basis prior to the date of this Licence, the University will indemnify and save harmless UTS, its governors, officers, employees and agents, of and from any and all suits, and other claims, liabilities, losses, costs or expenses, including reasonable legal fees (including both those incurred in connection with the defence or prosecution of the indemnifiable claim and those incurred in connection with the enforcement of this provision) (collectively, “**Losses**”), that may arise by reason of:

- (a) any act or omission of the University, or its directors, officers, employees, agents or other persons engaged or retained by them for whose acts or omissions they are in law responsible, resulting from or related to their performance under this Licence, including, without limitation, any breach or default of the University’s obligations under this Licence, including disclosure to third parties of any confidential information of UTS; and
- (b) the operations or activities of the University or UTS on behalf of the University resulting from or related to its performance under this Licence;

save and except, in each case, for such Losses as are occasioned by UTS's negligence, fraud, wrongful act, or breach or default of the UTS's obligations under this Licence.

## **ARTICLE 17 – REVOCATION OF LICENCE**

- 17.01 (a) Each party shall have the right to terminate this Licence at any time upon the occurrence of any of the following events, such termination to be effective on the date that is ten (10) months after the date of written notice to the other party to that effect (other than in respect of the events listed in (iv) in which case such termination shall occur automatically without the requirement of the other party to provide any notice) or as otherwise specified herein:
- (i) if a party is in material default of, has failed to observe or perform or breached any of its obligations, representations, warranties or agreements set forth herein in any material respect and such default, failure or breach is not rectified within 90 days of receipt of written notice of such default, failure or breach delivered by the other party, or such longer period as is reasonably required to rectify such default, failure or breach, provided that the defaulting party is diligently pursuing such rectification;
  - (ii) if a party ceases operations in the ordinary course;
  - (iii) if a writ of execution is issued against any or all of the assets owned by such party that remains unsatisfied for 60 days;
  - (iv) makes an assignment for the benefit of creditors, becomes bankrupt under applicable legislation, is the subject of the appointment of a receiver or manager in respect of any substantial part of its assets and undertaking that is not removed or for which no stay is entered within 60 days thereafter, or takes proceedings for winding up, liquidation, or dissolution of its assets; or
  - (v) the Affiliation Agreement expires or is terminated.
- (b) Each party must provide the other party with written notice at least 15 days prior to making an assignment for the benefit of creditors or taking any action or commencing any proceedings for winding-up, liquidation or dissolution of its assets as specified in Section 17.01(a)(iv).
- 17.02 Upon the termination of this Licence in accordance with Section 17.01, UTS shall vacate the Licenced Premises on or before the effective date of termination and Section 12.01 shall apply.
- 17.03 In the event of a termination by the University pursuant to Section 17.01, the University shall pay an early termination fee (the “**Early Termination Fee**”) to

UTS within 30 days after the Early Termination Fee has been determined in accordance with Section 17.04.

17.04 In order to calculate the Early Termination Fee, if applicable hereunder, the Appraised Value of the New Building shall be calculated as follows:

- (a) Within thirty (30) days after the effective date of termination by the University, each party shall select one Appraiser and notify the other party of the selected Appraiser. Each Appraiser shall be jointly directed by UTS and the University to undertake a valuation of the replacement cost of the New Building using a replacement cost method valuation (not including the value of the land) for the New Building as at the date of termination. Each Appraiser shall be directed to report to both UTS and the University within sixty (60) days after being directed to undertake the valuation and after each such Appraiser has submitted its valuation as aforesaid:
  - (i) if the two valuations are within 10% of one another, the “**Appraised Value**” shall be the average of them for the purposes hereof; and
  - (ii) if the two valuations are not within 10% of one another, the two appointed Appraisers will appoint a third Appraiser, which third Appraiser shall be jointly directed by UTS and the University to undertake a valuation of the New Building using a replacement cost method valuation (not including the value of the land) for the New Building as at the date of termination. Such third Appraiser shall be directed to report to both UTS and the University within sixty (60) days after being directed to undertake the valuation and after such third Appraiser has submitted its valuation as aforesaid, the “**Appraised Value**” shall be determined by taking the average of such third valuation and the valuation of the first two Appraisers which is closest to such third valuation.

17.05 Each party shall pay the cost of the Appraiser appointed by it, and the parties shall equally share the cost of the third Appraiser, if applicable. Immediately following the calculation of the Appraised Value, UTS shall provide UTS of notice in writing of the Early Termination Fee, and within 30 days of receipt of such notice, the University shall pay the Early Termination Fee without deduction or set-off to UTS. Upon payment of such Early Termination Fee, the University shall have no further liability to UTS in connection with the termination of the Licence by the University pursuant to Section 17.01. For additional certainty, the payment of the Early Termination Fee shall not relieve UTS from liability for acts or omissions under this Licence which gave rise to such termination by the University.

17.06 Neither termination nor expiration of this Licence shall relieve either party of liabilities previously accrued hereunder, or any liability, obligation or agreement

in the terms hereof which, to give practical effect thereto, must survive such termination, and such terms shall survive and be performed after such termination or expiration, including, without limiting the generality of the foregoing, the indemnities included in Article 16.

17.07 For greater certainty, in connection with any termination of this Licence by UTS pursuant to Section 17.01 above, UTS shall not be entitled to the Early Termination Fee, but such termination shall be without prejudice to the rights of UTS hereunder, including the indemnities included in Article 16.

17.08 Notwithstanding anything contained in this Article 17, in the event the University is required to pay the Early Termination Fee hereunder, the University shall be entitled to deduct an amount equal to the University's Termination Claim, if applicable, from such payment, provided that:

- (a) the amount of the University's Termination Claim shall have been included with the notice of termination delivered by the University in accordance with Section 17.01 above, and shall have included reasonable particulars thereof;
- (b) UTS shall not have, prior to date on which the Early Termination Fee is payable hereunder, paid to the University the University's Termination Claim, or otherwise settled such claim, on terms acceptable to the University and UTS;
- (c) if the University has not commenced formal proceedings in a court of competent jurisdiction in respect of the University's Termination Claim, by the date on which the Early Termination Fee is payable hereunder, it shall do so within 10 business days of such date, failing which the amount of the University's Termination Claim shall be paid forthwith by the University to UTS;
- (d) following the commencement of formal proceedings as referenced in paragraph (c) above, the University shall, on written request by UTS, pay forthwith an amount equal to the University's Termination Claim into a court of competent jurisdiction, pending the resolution or settlement of such claim; and
- (e) to the extent that the University's Termination Claim is settled for an amount less than the amount so claimed, or a final judgment is rendered in an amount less than the amount so claim, the difference shall be paid to UTS forthwith.

17.09 For certainty, nothing in Section 17.08 hereof shall be deemed to:

- (a) limit UTS's liability hereunder to the University's Termination Amount; or

- (b) limit the application of the dispute resolution procedure described in Article 7 hereof.

17.10 The University hereby agrees that it will, to the extent an amount equal to the University's Termination Claim has been deducted from the Early Termination Fee in accordance with this Agreement, diligently pursue such University's Termination Claim with a view to obtaining a final judgment of a court of competent jurisdiction in respect of such claim as soon as reasonably possible.

## **ARTICLE 18 – REPRESENTATIONS AND WARRANTIES**

18.01 UTS represents and warrants to the University as set out in this Section 18.01 and acknowledges that the University is relying on such representations and warranties in connection with the arrangements contemplated in this Licence:

  - (i) its governing, formation or organizational documents, including any by-laws;
  - (ii) any applicable law; or
  - (iii) any covenant, contract, agreement, or understanding to which it is a party or by which it or any of its properties or assets is bound or affected.

- (f) There are no actions, suits, proceedings, or investigations pending or threatened against UTS at law or in equity before any governmental authority or arbitral body (whether or not covered by insurance) that individually or in the aggregate could result in any material adverse effect on the business, properties, or assets, or the condition, financial or otherwise, of UTS or in any impairment of its ability to perform its obligations under this Licence, and UTS has no knowledge of any violation or default with respect to any order, writ, injunction, or decree of any governmental authority or arbitral body that could result in any such material adverse effect or impairment.

18.02 The University represents and warrants to UTS as set out in this Section 18.02 and acknowledges that UTS is relying on such representations and warranties in connection with the arrangements contemplated in this Licence:

- (a) The University is a university validly existing under the laws of the Province of Ontario, is in good standing, and has all the requisite power and authority to own its properties and assets, to carry on its authority as it is currently being conducted, and to enter into this Licence and perform its obligations hereunder.
- (b) The University has the requisite power, authority and capacity to execute and deliver this Licence, and to do all acts and things, and enter into, execute, deliver and perform its obligations under all other agreements, instruments, undertakings and documents as are required by this Licence to be entered into, executed, delivered and performed.
- (c) No steps or proceedings have been taken or are pending to supersede or amend the governing documents of the University in a manner that would impair or limit its ability to perform the obligations of the University under this Licence.
- (d) This Licence has been duly authorized, executed, and delivered by the University and constitutes a legal, valid, and binding obligation of the University, enforceable against the University in accordance with its terms.
- (e) The execution, delivery, and performance by the University of this Licence does not and will not violate or conflict with, or constitute a default under:
  - (i) its governing, formation or organizational documents, including any by-laws;
  - (ii) any applicable law; or

- (iii) any covenant, contract, agreement, or understanding to which it is a party or by which it or any of its properties or assets is bound or affected.
- (f) There are no actions, suits, proceedings, or investigations pending or threatened against the University at law or in equity before any governmental authority or arbitral body (whether or not covered by insurance) that individually or in the aggregate could result in any material adverse effect on the business, properties, or assets, or the condition, financial or otherwise, of the University or in any impairment of its ability to perform its obligations under this Licence, and the University has no knowledge of any violation or default with respect to any order, writ, injunction, or decree of any governmental authority or arbitral body that could result in any such material adverse effect or impairment.

## **ARTICLE 20 - LIENS**

20.01 UTS shall not register or permit the registration of any encumbrance or lien on the Lands and shall make all payments and take all steps as may be necessary to ensure that no lien is registered against the Lands as a result of any work, services, or materials supplied to UTS or to the Licensed Premises. If any such encumbrance or lien is registered, UTS shall cause any such registration to be discharged or vacated immediately after notice thereof from the University or within ten (10) days following such registration, whichever is earlier. UTS shall indemnify and save harmless the University from and against any liabilities, claims, liens, damages, costs and expenses, including legal fees, arising in connection with any such registration and in connection with any work, services or materials supplied to UTS or the Licensed Premises. If UTS fails to cause any such registration to be discharged or vacated as aforesaid, then, in addition to any other rights of the University, the University may, but shall not be obliged to, discharge the same by paying the amount claimed into court, and the amount so paid and all related costs incurred in respect thereof by the University, including legal fees and disbursements, shall be paid by UTS to the University forthwith upon demand.

## **ARTICLE 21- GENERAL**

21.01 This Licence shall be binding upon and enure to the benefit of the parties and their respective successors and permitted assigns. Neither party shall assign any of its rights or obligations hereunder without the prior written consent of the other party. Without limiting the foregoing, the University agrees that, prior to the transfer of the Lands to any person, including, without limitation, any corporation wholly or partly owned by the University, the University will obtain a covenant in writing from such transferee agreeing to be bound by the obligations and covenants of the University hereunder.

21.02 This Licence and all performance hereunder shall be governed by and construed in accordance with the laws of the Province of Ontario and the laws of Canada applicable therein. Wherever possible, each provision of this Licence shall be interpreted in such manner as to be effective and valid pursuant to applicable laws and if any provision of this Licence shall be prohibited by or held invalid pursuant to applicable law, such provision shall be ineffective only

to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Licence.

- 21.03 Nothing in this Licence is intended to bestow upon UTS any rights whatsoever as a tenant or subtenant of the Licensed Premises, and any rights and privileges which are available to a tenant or subtenant, whether expressly under the *Commercial Tenancies Act* (Ontario) or otherwise, are expressly waived by UTS. Nothing contained in this Licence or in any acts of the parties hereto shall be construed to create any relationship between the parties other than that of licensor and licensee, or to create a relationship of partnership or of joint venture between the parties hereto, or to constitute this Licence as a lease, or to create any right of ownership in UTS. The University shall exercise no supervision over UTS's mode and manner of performance and UTS's employees or agents shall not be deemed to be employees or agents of the University. UTS shall be solely responsible for the wages, benefits, taxes, and any other similar obligation, in connection with its employees, agents, or servants.

Except as otherwise expressly provided herein, no modification of this Licence or supplementary agreement of any kind shall be binding upon either party unless and until the same has been made in writing and duly executed by both parties.
- 21.05 No delay, omission, or forbearance on the part of a party herein to exercise any right, option, duty or power arising out of any breach or default by the other party of any of the terms, provisions, or covenants contained herein, shall constitute a waiver by the non-defaulting party to enforce any such right, option, duty or power as against the defaulting party or as to a subsequent breach or default of the defaulting party.
- 21.06 Neither party is responsible for damages caused by the delay or failure to perform any of its obligations under this Licence when the delay or failure is the result of a Force Majeure Event (as defined in the Project Agreement). If the invoking party contends that any of its obligations is suspended by reason of a Force Majeure Event, it shall immediately give notice to the other party, providing all necessary details. The obligations of the invoking party under this Licence will be extended for the duration of the Force Majeure Event. Upon cessation of a Force Majeure Event, the invoking party shall (a) immediately give notice to the other party, advising of its cessation, and (b) commence performance of its obligations under this Licence as promptly as reasonably practicable.

- 21.07 Any termination of this Licence shall not affect any obligation intended to survive termination.

This Licence shall become effective when each party hereto shall have received a counterpart thereof signed by the other party hereto. - (b) UTS is in default of, has failed to observe or perform or breached any of its obligations, representations, warranties or agreements set forth herein and such default, failure or breach is not rectified within 30 days of UTS's receipt of written notice of such default, failure or breach.

## **ARTICLE 7 USE OF MARKS**

### **7.01 Audit**

The University shall have the right, upon reasonable prior written notice to UTS, to inspect and audit the use of the Marks by UTS from time to time to ensure UTS's compliance with the terms of this Agreement.

### **7.02 Additional Marks**

UTS may not use any variation of the Marks and/or any trademarks that incorporate the Marks ("**Additional Marks**") without the University's prior written consent, which consent may be withheld in the University's discretion. Any Additional Marks approved by the University in writing shall thereafter be considered to be Marks, and the ownership and licensing of their use shall be governed by the terms and conditions of this Agreement. If an Additional Mark incorporates the words "University of Toronto" or any other corporate name, business name or trade name, official mark or other trademark of the University, such additional mark shall be automatically deemed added to Schedule A hereto on the terms and conditions hereunder.

### **7.03 Unauthorized Use**

Any and all amounts recovered in respect of any such administrative proceeding or litigation, including any settlement thereof, shall be the sole property of the University. UTS shall cooperate fully with the University in such litigation, but at the expense of the University. If the University undertakes the defence or prosecution of any such action relating to UTS's use of any of the Marks, or any unauthorized uses by others of any of the Marks, UTS agrees to execute any and all documents and to do such acts and things as may be necessary, in the opinion of the University, to carry out such defence, prosecution, or settlement, including becoming a party (at the University's expense) to any such

action. In that last event, the University shall indemnify UTS against any and all costs, claims or demands that UTS may incur in consequence of becoming a party to such action.

## **ARTICLE 2 FUNDAMENTAL PROJECT PRINCIPLES**

### **2.01 Overarching Principles**

The Parties agree to cooperate in good faith in all matters necessary to enable the Parties to meet the goals and objectives of this Project Agreement. The Parties will endeavour to minimize sources of disagreement and to take timely action before they become matters of Dispute. Without limiting the generality of the foregoing, in respect of the performance of their roles and responsibilities under this agreement, the Parties agree that they shall:

- a) act in a cooperative and collaborative manner in carrying out their respective roles with respect to the Project and to facilitate the effective and efficient delivery of the Project pursuant to the Project Milestones; and
- b) throughout the delivery of the Project, regardless of the nature of a Party's role, the Parties shall make Commercially Reasonable Efforts that are not limited to financial matters to:
  - i. consider any input that a Party receives from the other Party in carrying out its roles and responsibilities under this Project Agreement;
  - ii. keep the other Party informed with respect to the status of the Project, as reasonably necessary and appropriate;
  - iii. provide such information and documents related to the Lands, the Building, the UTS Site, or otherwise, as may be reasonably required by the other Party to efficiently and effectively complete the Project.

### **2.02 General Description of the Project**

A portion of the Lands is currently used as the location of the School, pursuant to the 2006 Real Property Licence Agreement operated in affiliation with the University in accordance with the 2006 Affiliation Agreement.

The Project shall consist of two separate phases, as follows:

- a) Pre-construction, during which the Pre-Construction Works are completed and Final Approval is achieved; and
- b) Construction, during which the Construction Works are completed and Project Completion is achieved.

### **2.03 University Redevelopment**

UTS acknowledges that the University will be pursuing, at its sole election and discretion, the redevelopment of the portion of the Lands not comprising the UTS Site at the sole cost of the University (the "**University Redevelopment**"). The Parties agree that it is a fundamental principle of this Project Agreement that the Project will not negatively impact on the University Redevelopment and the University may, acting reasonably, require that UTS modify the Project, at UTS' sole cost, to prevent possible negative impact on the University Redevelopment. Any modification to the Construction Plans or the Project requested by the University subsequent to Municipal Approval shall be at the sole cost of the University. For additional certainty, any changes to the University Design Standards and/or University Policies which would necessitate

modifications to the Construction Plans and/or Project after Municipal Approval shall be at the sole cost of the University.

The University acknowledges that, notwithstanding the foregoing or anything else contained in this Agreement, timing of the University's plans in respect of the University Redevelopment shall not be a basis for delaying any University Approval hereunder; in particular, the Parties acknowledge that UTS shall be entitled to pursue site plan approval and other approvals of applicable Governmental Authorities in connection with the Project, subject to University Approval, without regard to the timing of the University Redevelopment.

UTS will, if requested, assist and support the University in the University Redevelopment at the sole cost of the University. ## **SCHEDULE B PROJECT REQUIREMENTS – HERITAGE**

The premises known as 371 Bloor Street West were constructed for UTS and the Faculty of Education (University of Toronto) in 1910. This first phase consisted of the centre block on Bloor including the principal entry and the wing extending east along Bloor Street to the entry and stairs at Huron Street. The architects were Darling and Pearson. Subsequently in 1924 a second wing was added extending from the east end of the first phase south along Huron Street, also designed by Darling and Pearson. They also designed the third wing in 1931 which extended west along Bloor from the centre block. In 1949 and 1955 a fourth wing and addition was constructed on the west side of the block along Spadina extending to the Bloor Street W corner.

The property, in particular the 1910, 1924 and 1931 wings are listed in the City of Toronto Inventory of Heritage Properties. Under the Ontario Heritage Act, Heritage Preservation Services (HPS) reviews Development and Building Applications which will impact the property.

It is the intention to retain and renovate the entirety of the 1910 and 1924 wings as part of the UTS facility. The exception is the auditorium and mechanical space below. The current main lobby on Bloor Street is to be retained for University control and use and UTS may access their entrance through the lobby. UTS will relocate their historical exhibition and artifacts presently in this entrance area to a space inside the UTS Site.

UTS undertakes to repair and restore the north and east heritage facades of 371 Bloor St. West, on Bloor St and Huron St including those constituted in 1910, 1924 and 1931. This includes the repair of deteriorated masonry, repainting mortar joints as required, repairing flashing and downspouts as required and the replacement of window and door units within existing windows. These new doors and windows will be selected for their thermal and performance qualities as well as their appropriate fit to the heritage character of the facades. UTS will restore related interior areas to the back side of the main corridor of the above noted heritage facades or provide cash in lieu to the University. UTS will also coordinate with Heritage Preservation Services of the City of Toronto to review the window replacement and masonry repair work and other heritage work required by HPS. UTS will restore interior related areas in the main entrance lobby and UTS occupied areas for the 1910, 1924 and 1931 wings as required by HPS and University design standards and the University DRC.

It is expected that the University may renovate the heritage wing west of the 371 Bloor St W entry at some point after the UTS work proceeds. As the University proceeds with construction work on their lands, the University will protect heritage work completed by UTS west of the main entrance.
