Alumnus Dave Adams (71, Arts) submitted this 1971 photo of the partially completed South Building, now known as the William G. Davis Building, for the #50Challenge photo contest. Dave (pictured here wearing stripes) writes: "Little did I know at the time that this building would end up being part of the 'Circle of Life.' My son Matthew begins his professorship at UTM in 2017. His office will be in the Davis Building."
