**PRESENTER:** See above  
**CONTACT INFO:**

**DATE:** April 26, 2018 for May 10, 2018

**AGENDA ITEM:** 7

**ITEM IDENTIFICATION:**

2018-19 List of University of Toronto programs eligible for the Ontario Co-operative Education Tax Credit (under Section 88 of the *Taxation Act, 2007*)

**JURISDICTIONAL INFORMATION:**

The Committee on Academic Policy and Programs (AP&P) has general responsibility for policy on, and for monitoring, the quality of education of the University.

**GOVERNANCE PATH:**

1. **Committee on Academic Policy and Programs [for approval] (May 10, 2018)**

**PREVIOUS ACTION TAKEN:**

The list of University of Toronto programs eligible for the Ontario Co-operative Education Tax Credit is brought forward annually to governance. The 2017-18 list was approved by the AP&P on May 9, 2017.

**HIGHLIGHTS:**

The attached document is the 2018-19 list of graduate and undergraduate programs at the University of Toronto that incorporate paid work placements or internships that meet the criteria of the Ontario Co-operative Education Tax Credit. This program allows businesses to claim a tax credit for any qualifying paid student work placement to a maximum of \$3,000 per placement. The regulations require eligible educational institutions to submit a list of programs that meet the criteria of eligibility to the Ministry of Finance.

Under Section 88 of the Provincial *Taxation Act, 2007* the criteria that the placement or internship must meet include:

1. The student must be engaged in productive work during the placement and not be just an observer,
2. The work placement is:
  - a. not less than eight months or more than sixteen months, for a qualifying internship program or
  - b. at least 10 weeks for all other qualifying co-operative education programs,
3. The student is paid for the work performed during the placement,
4. The employer supervises and evaluates the student's job performance during the placement and
5. The educational institution monitors the student's progress in the work placement.
6. The total time spent in the work component is not more than 75 per cent of the total time spent in required academic study, and
7. The total time for mandatory work component must be at least 30 per cent of the total time spent in required academic study.

The terms of the tax credit require all eligible educational institutions to keep “proper documentation to prove that its governing body or its authorized delegate has stated that the submitted list of programs to the ministry meet the above requirements.” See: <http://www.fin.gov.on.ca/en/bulletins/ct/4014.html#whatisaqualifyingcoop>.

There were four (4) additions to the 2018-19 list; three from OISE (Counselling and Clinical Psychology, MA; School and Clinical Child Psychology, MA; and, Counselling Psychology, M.Ed) and one from the Faculty of Applied Science and Engineering (Clinical Engineering, MHSc).

#### **FINANCIAL IMPLICATIONS:**

None.

#### **RECOMMENDATION:**

Be It Recommended

THAT the 2018-2019 List of University of Toronto Programs Eligible for the Ontario Co-operative Education Tax Credit, dated May 10, 2018, be approved.

---

\* The range is attributed to the method of calculation (e.g. length of placement or contact hours).

\*\* The PEY option is open to all undergraduate students. Most students are registered in the STEM (science, technology, engineering and mathematics) programs. Normal participation includes 60% of engineering students, 65% of computer science students, and pharmacology and toxicology students.
