Annual Report on Cases of Non-Academic Discipline: 2015-16

JURISDICTIONAL INFORMATION:

Section 5.6 of the *Terms of Reference* for the University Affairs Board provides that:

The Board receives, annually from its assessors, reports on matters within its areas of responsibility, (for example, but not limited to, trademark licensing, **non-academic discipline**, and submission of audited financial statements of student societies) including statements of current issues, opportunities and problems, and recommendations for changes in policies, plans or priorities that would address such issues.

Section 5 of the *Memorandum on the Maintenance and Use of Records of Non-Academic Discipline Proceedings*, which is appended to the *Code of Student Conduct, 2002*, provides that:

Decisions of the Hearing Officer, including the name of the respondent, the offence and the sanction, shall be reported to the Vice-President & Provost, who shall convey the information, anonymously and in statistical form, annually to the University Affairs Board.

GOVERNANCE PATH:

1. **University Affairs Board [For Information] (May 25, 2016)**

PREVIOUS ACTION TAKEN:

The previous report was presented to the University Affairs Board on April 26, 2005.

HIGHLIGHTS:

The *Code of Student Conduct*, together with other specific codes of conduct such as residence, athletics facilities, and library use codes, sets out expectations for student behaviour and prescribes processes for dealing with behaviour that is prohibited under the *Code*.

In October 2009, the Office of the Vice-Provost, Students undertook a process review of the *Code of Student Conduct* to consider administrative and procedural issues, including University-wide consistency of approach and application where appropriate. The review prompted the development of a more robust structure in order to support the Policy. Efforts were made to support divisional appointments by Division Heads, the Student's Companion to the Code document was published to assist students, staff and faculty in understanding and interpreting the *Code*. Additionally, workshops were developed in partnership with the Appeals, Discipline and Faculty Grievances Office to assist those responsible for administering the *Code* at the divisional level.

The *Code of Student Conduct, 2002* provides that decisions of Hearing Officers are conveyed to the University Affairs Board. A Hearing has not occurred since 2001-2002. One case proceeded to a Hearing in 2014-2015. Information regarding the outcome of the Hearing is available on page 3. For reporting purposes, the reporting year corresponds to the academic year - from July 1 - June 30. The data is collated based on the academic year in which a case is closed.

Code of Student Conduct cases may be concluded by a number of means: an informal resolution, a hearing, the withdrawal of charges or addressing the matter under another code, policy or guideline. A *Code of Student Conduct* case may also be considered concluded when the matter has not reached a decision through the University's process, such as: a) a resolution is unlikely, and b) the matter is resolved via a legal settlement between legal counsel for the University and for the respondent. There are also cases where the need to resolve is precluded, including cases where the respondent is legally prevented from engaging with the University, either as a result of a court matter, or through a University-served Notice of Trespass, or when the student has formally withdrawn from the University.

The information presented within this report relates to concluded *Code of Student Conduct* cases that have been reported to the Office of the Vice-Provost, Students and the Office of Appeals, Discipline and Faculty Grievances for the 2011-2012 to 2015-2016 academic years. The report includes data for the 2015-2016 academic year as of April 30, 2016. This information will be updated to reflect the entire 2015-2016 academic year in subsequent versions of the report, which will be submitted to the University Affairs Board annually for information.

The report provides statistics regarding types of offenses, divisional statistics, interim measures and conditions, concluded cases, and timeliness under the *Code of Student Conduct*.

FINANCIAL AND/OR PLANNING IMPLICATIONS:

There are no financial implications.
