AGENDA ITEM: 6(c)

ITEM IDENTIFICATION:

Annual Report: Recognized Campus Groups, University of Toronto, St. George

JURISDICTIONAL INFORMATION:

Section 5.6 of the University Affairs Board Terms of Reference states:
The Board receives annually, from the appropriate administrators, reports on services within its areas of responsibility, including but not limited to multi-campus services and offices, Campus Police, Human Resources and Equity, crisis response, and campus organizations.

GOVERNANCE PATH:

1. University Affairs Board [for information] (May 21, 2020)

PREVIOUS ACTION TAKEN:

The report is presented annually to the Board.

HIGHLIGHTS:

In accordance with the University's *Policy on the Recognition of Campus Groups*, this is a report on administrative decisions to grant, deny, or withdraw recognition for groups based on the St. George campus for the 2019-20 academic year.

There are 835 groups listed in this memorandum that have been granted recognition, and 34 applications under review (for a total of 869 active applications). Of the 835 groups granted recognition status, 219 are new and 616 have successfully renewed or are

applying to renew their campus group status recognition. No group was denied recognition.

As many campus organizations address the complex issues of the world around us, engagement in a campus group can often provide important opportunities to be exposed to different ideas and perspectives. This helps the University provide meaningful opportunities for debate and dissent and fosters the development of students' understanding of difference. Participation in campus groups provides means by which students integrate and engage with small communities within the University of Toronto.

FINANCIAL AND/OR PLANNING IMPLICATIONS:

There are no financial implications for the University's operating budget.

RECOMMENDATION:

The report is presented for information only.

DOCUMENTATION PROVIDED:

Annual Report (2019-20): St. George Recognized Campus Groups

MEMORANDUM

To: Members of the University Affairs Board

From: David Newman, Executive Director, Student Experience

Date: May 21, 2020

Subject: UTSG Recognized Campus Groups, 2019-2020

The size and diversity of the student community at the UTSG campus provides an extraordinary number of opportunities for students to participate in a vast array of activities undertaken by campus organizations. Participation in these groups forms an integral part of the student experience. Campus groups contribute in a variety of ways to the educational, intellectual, recreational, social and cultural life of the University community. For many students, involvement in voluntary campus organizations is not only a traditional part of campus life; it forms a significant component of their learning while at the University.

Many recognized campus organizations engage in co-curricular activities that enrich the participation of their members in their own academic programs. Involvement in a campus organization can also provide significant learning opportunities for students with respect to leadership, civic and community engagement, and organizational capacity. Since many campus organizations address the complex issues of the world around us, engagement in a campus group can often provide important opportunities to be exposed to different ideas and perspectives. This helps the University provide meaningful opportunities for debate and dissent, and fosters the development of students' understanding of difference. Finally, participation in campus groups provides one means by which students integrate and engage with small communities within the University of Toronto.

A recent review of 16 years of club recognition data analysed the average lifespan of clubs. This data revealed that approximately 40% of recognized clubs only 'last' 1 year beyond the date of their official recognition. The longevity of the group life span is improving over time, with 18% of recognized clubs sustaining and continuing recognition 5+ years past the original recognition date. To support ongoing club stability and longevity, the Clubs and Leadership Development team initiated targeted supports which include; accessible and sharable resources for starting and running a club, informal information sessions, diverse drop-in office hours, transition-related workshops and resources, and leadership development programming designed specifically for "new and start-up" clubs on campus. (i.e. Ulead Conference).

In accordance with the University's *Policy on Recognition of Campus Groups*, this is a report on administrative decisions to grant, deny or withdraw recognition for groups based on the UTSG campus

in this academic year. The campus groups listed below have been granted recognition until September 30, 2020.

All groups that have been granted recognition for the 2019-2020 academic year are listed in this memorandum.

Recognition of campus groups by the University provides a number of benefits and opportunities:

1. the right to use the name of the University in the name of the group and in conjunction with group activities;
2. eligibility to use University facilities and meeting spaces at no cost or at a lower cost compared to external organizations;
3. eligibility to apply for temporary office space;
4. access to University web site and other internet services;
5. listings in select University directories as a University recognized campus group;
6. verification letters confirming recognition status (sometimes required by banks and other external organizations); and
7. access to other University services and resources made available from time to time.

An organization seeking recognition must submit an annual application to Student & Campus Community Development along with a copy of group's constitution. The constitution outlines the group's purpose, objectives and procedures. It addresses organizational structure, membership, meetings, the election or appointment of members in leadership positions, amendments to the constitution, and rules of conduct. A commitment to democracy and accountability to members should also be reflected.

Full membership in a recognized campus group (including eligibility to vote and serve in a leadership position) must be open to any member of the University community (including all students, staff, faculty and alumni) from any division. While discriminatory membership practices are not allowed, it is acknowledged that certain groups could well be homogeneous in nature without being discriminatory. Status as non-voting members may be extended to interested persons from outside the University.

Groups seeking recognition by the University must be genuine campus organizations and generally non-profit in nature. A recognized campus group cannot be controlled by any external body. However, many organizations are affiliated with provincial, national or international bodies and other external groups.

Under the terms of the *Policy*, the University will not attempt to censor, control or interfere with any group on the basis of its philosophy, beliefs, interests or opinions expressed unless and until these lead to activities which are illegal or which infringe the rights and freedoms of others within the community. By the same token, recognition as a campus group implies neither endorsement of a group's beliefs or philosophy, nor the assumption of legal liability for the group's activities.

Please note that pursuant to the *Policy*, the recognition of groups which draw their membership from only one academic division is delegated to the governance body of that division.

It is important to note that there are hundreds of additional clubs, many athletics and recreation activities, Hart House clubs and committees, as well as recognized campus groups based on other campuses which, while not listed here, add significantly to the educational, intellectual, recreational, social and cultural life of the U of T community. In addition, many students are involved in student governments, college and faculty student societies, course unions, and departmental student associations.

Recognition Granted

As of April 2, 2020, recognition has been granted by Student & Campus Community Development to the following organizations for this academic year. More information about these organizations is available on-line at ulife.utoronto.ca and at <http://www.studentlife.utoronto.ca/cld>;
