

VICE-DEAN, TEACHING & LEARNING

KEY PORTFOLIO CHALLENGES AND GOALS FOR 2021-2022

1. Academic Continuity

2. Ongoing curricular support toward proposals for academic change (new programs, major modifications, certificate programs, and program closures) and creation or change of EDUs

3. Comprehensive support for UTQAP external reviews of existing programs and units

4. Rollout of Foundation Writing Skills Initiative (Phase Three) and Numeracy Skills Initiative (Phase One)

- ISP130H5 will begin September 2021 as a pilot in GGE
- Writing Skills (Phase Three) - programs in Astronomy, Chemistry, and Political Science will propose curricular changes to introduce ISP100H5 as an enrolment and completion requirement this year (effective 2022-2023)

5. Undergraduate Curriculum Review & Renewal

- Introduction of canonical course experience tagging
- Permanent online by design course delivery mode changes

6. Graduate Curriculum Review & Renewal

- Introduction of new divisional review process and divisional graduate curriculum committee

7. Review & Update of UTM Undergraduate Degree Level Expectations (with Associate Dean, Undergraduate)

8. Associate Dean, Undergraduate: Curriculum Mapping Initiative
