Campaigns

Campaigns

SCSU takes the lead from our membership to bring student issues and concerns to the University administration, and decision—makers at all three levels of government. Students shape the direction of our efforts, and the campaigns listed in this presentation rely on active participation from our members to be successful.

Education For All:

A just post-pandemic response

My Mental Health Matters:

Develop a student-driven response plan

Building Consent Culture:

Creating a long-term strategic plan for UTSC

Campaigns

SCSU takes the lead from our membership to bring student issues and concerns to the University administration, and decision—makers at all three levels of government. Students shape the direction of our efforts, and the campaigns listed in this presentation rely on active participation from our members to be successful.

Unite with Students:

- Increase Public Funding for PSE
- Fairness for International Students
- Investing in the Scarborough Community

Local & Global Justice:

Protect students, and promote social justice initiatives locally and globally

More Student Representation:

SCSU is requesting for ex-officio voting seats on all central committees, hiring committees, working groups, and governing bodies at UTSC.

We would like one voting seat on:

- UTSC Campus Council
- UTSC Campus Council Academic Affairs Committee
- UTSC Campus Council Campus Affairs Committee
- UTSC Campus Council Agenda Committee

However, we don't want to be taking space away from other student elected representatives and we are asking for an additional student seat for SCSU. We are requesting for this seat to be a yearly appointment into our ex-officio voting seat since our elected terms have a change over once a year.

Services

COVID-19 Emergency Bursary Fund

This pandemic has been a particularly difficult time for students, especially those living at many different intersections of race, class, disability, etc. We launched two rounds of the emergency bursary fund in hopes to relieve a bit of financial stress on our members. Students who applied to the Emergency Support Bursary received **up to \$500**, depending on the demonstration of the need.

\$74,300.50

was allocated by SCSU to support students through our COVID-19 emergency grant 198

Students for the 2020–2021 academic year

COVID-19 Emergency Bursary Fund

Our application period just closed for the summer semester. More than 80 students have applied, but we are limited to our remaining \$9,000.

Moving forward, SCSU is committed to continuing our emergency grant for non-academic based needs, as well as returning our textbook grant to support students in accessing their academic needs starting November 1st.

Student Victory for Health and Dental Coverage Lobbied by the SCSU

The SCSU team has successfully lobbied for the following:

Addition of semi-private hospital coverage.

Addition of Social Workers, Counsellors, Masters of Social Worker, and Psychotherapist practitioners.

Increased psychology benefits from \$800 to \$2,000 per benefit year for all services, combined.

EVENTS

Virtual + Potential In-Person Events

Building meaningful connections through events and social activities is a great way to create a balanced university experience. We strive to create inclusive and accessible programming both on and off-campus that are catered to the interests of our students, giving them the space to kick-back, de-stress a little bit and have a great time. Here are some of our staple events we are currently preparing for.

Ol SCSU's Frosh/Orientation Programming

O2 Monthly Academic Consultation Spaces

O3 SCSU's Annual Week of Welcome Programming

New SCSU's Lobby Week with UTSC's Administration

O5 Black History Month Programming

O6 Undergraduate Research Symposium

O7 International Womens' Day + Monologues

O8 Spring Formal (hopefully!!)

How you folks can help!

Recommendations for UTSC's Campus Council

Here is a couple of ways that your team can commit to helping SCSU, and ultimately the students of UTSC:

SCSU's ex-officio voting seat: Student representation is so important and that is why this year, moving forward, SCSU would like a seat at one of the highest decision making bodies at UTSC.

SCSU's Bursaries & Grants: We are requesting that any funds that UTSC's Campus council can donate to either our Emergency bursary or our Academic Textbook bursary would be greatly appreciated.

SCSU's Food Centre: Our food centre helps hundreds of UTSC students weekly with free groceries. Contributing to the food centre would help us fight food insecurity on our campus.

SCSU's Academic Support Centre: We need financial support in purchasing more textbooks so we can continue with our textbook exchange program. Additionally we need more laptops either used and donated or monetary support so we can purchase laptops for the students of UTSC.

Thank you for listening!
