PRESENTER: Prof. Katherine Larson: Vice-Dean Teaching, Learning & Undergraduate Programs
CONTACT INFO: (416) 208-2978, vdundergrad.utsc@utoronto.ca

DATE: January 3, 2022 for January 10, 2022

AGENDA ITEM: 7

ITEM IDENTIFICATION:

Minor Modifications, Undergraduate Curriculum Changes (Out of Cycle), Sciences, UTSC (for information)

JURISDICTIONAL INFORMATION:

University of Toronto Scarborough Academic Affairs Committee (AAC) “is concerned with matters affecting the teaching, learning and research functions of the Campus (AAC *Terms of Reference (2021), Section 4*).” Under section 5.7 of its *Terms of Reference*, the Committee “receives annually from its assessors, reports on matters within its areas of responsibility.”

GOVERNANCE PATH:

- 1. UTSC Academic Affairs Committee [For Information] (January 10, 2022)**

PREVIOUS ACTION TAKEN:

No previous action in governance has been taken on this item.

HIGHLIGHTS:

The Office of the Vice-Principal Academic and Dean reports, for information, all curricular changes that do not impact program and course learning outcomes or mode of delivery. These include, but are not limited to:

- Adding, deleting or moving an optional course in a program;
- Adding, deleting or moving a required course in a program, as long the change does not alter the nature of the program;
- All course deletions; and
- Changes to course level and/or designator, prerequisites, enrolment limits and breadth requirement categories.

This package includes minor modifications to undergraduate curriculum, submitted by the academic units identified below. These changes have been made to correct errors in the 2021-22 Calendar that were identified by the academic units at the time of publication. The changes have already been implemented and are in effect as of Fall 2021, for the 2021-22 academic year.

- The Department of Computer and Mathematical Sciences
 - 1 program change
 - Major Program in Mathematics

FINANCIAL IMPLICATIONS:

There are no significant financial implications to the campus operating budget.

RECOMMENDATION:

This item is presented for information only

DOCUMENTATION PROVIDED:

Undergraduate Minor Curriculum Modifications for Information Report: Out-of-Cycle Minor Modifications for Information

December 8, 2021

Computer and Mathematical Sciences (UTSC), Department of

1 Minor Program Modification:

MAJOR PROGRAM IN MATHEMATICS (SCIENCE)

Enrolment Requirements:

Enrolment in the Major Program in Mathematics is limited. Students may apply to enter the program after completing 4.0 credits, and must meet the requirements described below:

1. Students already admitted to the UTSC Year 1 Mathematics admissions category:

Required Courses:

Students must have passed the following CSC and MAT courses: [~~CSCA08H3 or CSCA20H3~~], [CSCA67H3 or MATA67H3], MATA22H3, MATA31H3, and MATA37H3.

Required Grades:

Students that meet all of the following requirements will be admitted to the Mathematics Major POST:

- A cumulative grade point average (CGPA) of at least 2.0 over the following courses: CSC/MATA67H3, MATA22H3, MATA31H3, and MATA37H3; and
- A final grade of at least B in one of the following: CSC/MATA67H3, MATA22H3, and MATA37H3.

2. Students admitted to other UTSC Year 1 admissions categories:

Students that have been admitted to other CMS admissions categories (Computer Science or Statistics) or any other of the UTSC Year 1 admissions categories are eligible to apply for a Mathematics Major POST. Admission will be based on academic performance in the required A-level courses, identified above. The admission requirements change each year depending on available spaces and the pool of eligible applicants, and students are cautioned that there is no guarantee of admission; as such, students are strongly advised to plan to enroll in backup programs.

For more information about the admission requirements, please visit the following [CMS webpage](#).

Description of Proposed Changes:

CSCA20H3 is being removed from the program requirements

Rationale:

CSCA20H3 is no longer a required course in the Major/Major Co-op programs in Mathematics; instead, students must complete CSCA08H3. Not removing CSCA20H3 from the enrolment requirements for the programs, when it was removed

from the program requirements effective Fall 2021, was an oversight. It is being removed now to correct an error in the Calendar, and to ensure that students complete the correct course for entry into the programs.

Impact:

None

Consultation:

DCC approved: December 1, 2021.

Resource Implications:

None.
