# THE AWA PROJECT

Innovating Water Delivery

The Awa Project is an NGO that focuses on implementing sustainable and innovative solutions to reduce water scarcity in vulnerable communities around the world.

AWA seeks to provide spaces where youth can engage in understanding the variety of inequalities that arise from water scarcity.

**\$9k**

Funding received from The Carey Project, The Munk School of Global Affairs & Public Policy and Donors.

**100%**

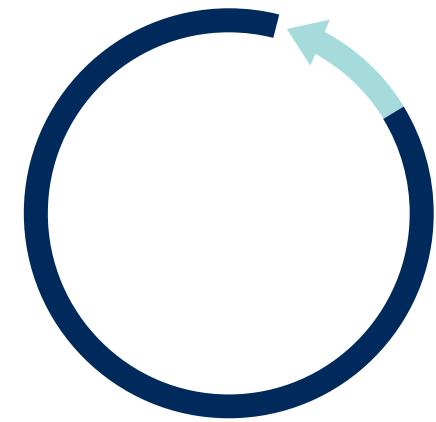

100% of all donations were invested for the project and in the community.

**15**

Fog catcher were installed in the community of San Juan de Ihuanco

**+80 L**

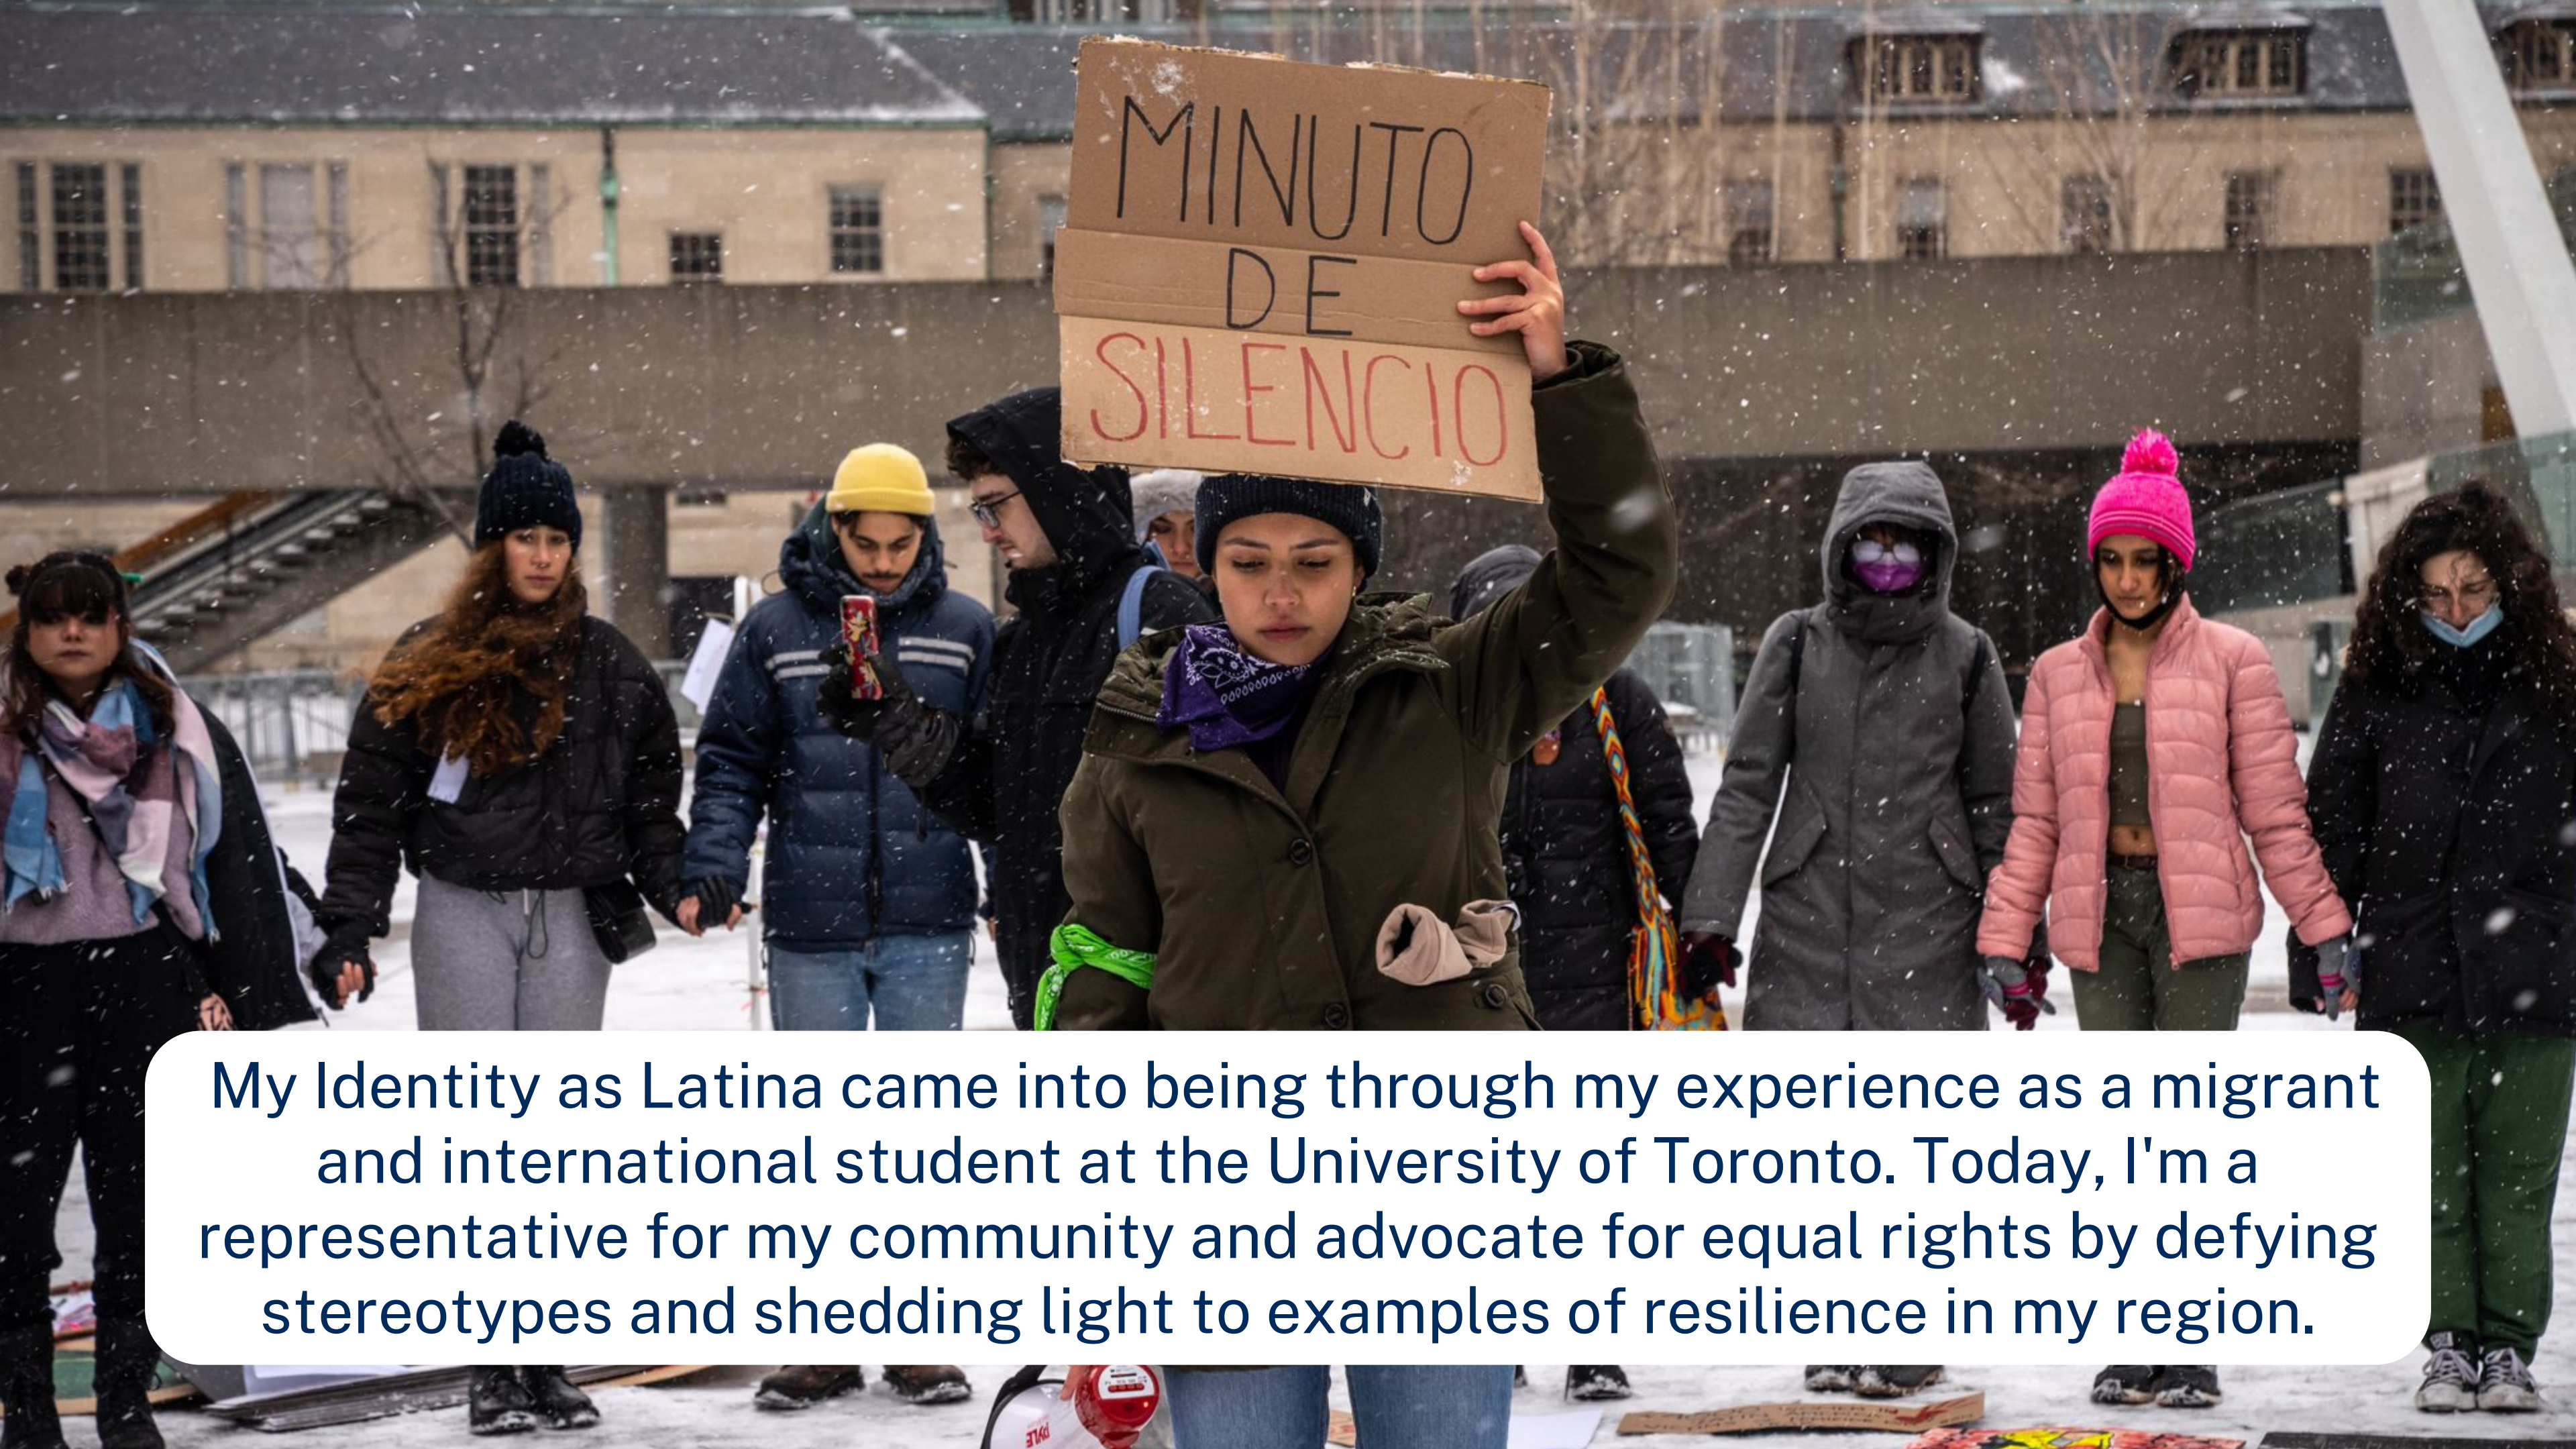

We are collecting more than 80 Liters of water per day from the fog catchers.

# Reach Alliance

## **Strengthening small family businesses in Tequila, Mexico**

**“The unique opportunity to reconnect with my Mexican roots and create a genuine impact on the development of small artisanal businesses in Tequila.” - Reach and ITESO Turn to Mexican Family Business in 2022**

My Identity as Latina came into being through my experience as a migrant and international student at the University of Toronto. Today, I'm a representative for my community and advocate for equal rights by defying stereotypes and shedding light to examples of resilience in my region.
