Campaigns

Campaigns

Put Equity In Education

This year, we're lobbying for better academic resources and support. Students deserve to learn in safe and supportive environments!

FIGHT THE FEES!

UTSC has the highest population of students on OSAP, which means we need to join together to Fight the Fees!

Student Wellbeing Matters

Students are the largest stakeholders on campus and in our communities, we deserve a seat at the table to ensure protective practices related to safety and support.

Fairness for International Students

International students pay 3-5 times more than domestic students for the same education. Enough is enough, we demand Fairness for International Students!

Global ReAction

An attack on one of us is an attack on all of us. Let's globally unite and join in solidarity with each other. No one gets left behind.

Student Representation:

SCSU voting seats on all central committees, hiring committees, working groups, and governing bodies

Requests for UTSC's Campus Council

Here is a couple of ways that your team can commit to helping SCSU, and ultimately the students of UTSC:

Joint Campaigns: unite with Students in lobbying our elected officials to accomplish large-scale wins like greater public investment in education, OHIP for international students, students on voting committees, and more!

SCSU's Bursaries & Grants: We are requesting that any funds that UTSC's Campus council can donate to any of our Bursaries will go a long way to helping support students, i.e our Emergency Grant, our Academic Textbook Bursary, Transit Support grant and our survivor grant would be greatly appreciated.

SCSU's Food Centre: Our food centre helps hundreds of UTSC students weekly with free groceries. Contributing to the food centre would help us fight food insecurity on our campus. With the return to in-person activities the demand for our food centre has drastically increased. We are Looking for food, hygiene products and monetary funds.

SCSU's Academic Support Centre: We need financial support in purchasing more textbooks so we can continue with our textbook exchange program. Additionally we need more laptops either used and donated or monetary support so we can purchase laptops for the students of UTSC.

SCSU's Racialized Student Collective: We need financial support in purchasing more books by racialize authors and monetary support for more mental health events

Support our Events: we want to make this the biggest and best year yet for students on our campus!!!

Thank you for listening!
