UPDATE ON ACADEMIC INTEGRITY INITIATIVES – CONT'D

NEW INITIATIVES:

- **Focus on education/prevention – new CTL resources for students and faculty**

- **Introduction of AI resource modules on all Quercus course pages by summer 2023**

- **Standardized syllabus template wording**

- **Development of new AI case management software system to replace use of three different platforms – Summer 2023 pilot with Fall 2023 roll-out**
  - **Instructor upload of documentation to one portal, automatic diversion to Chair or Chair's representative for cases less than 10% and first offence, enhanced resolution tracking, seamless integration with related RO functions (e.g., petitions and grades)**

NEW CHALLENGES:

- **Addressing the use of technologies for compromising the integrity of in-person exams (e.g., buttonhole cameras and earpieces) and Artificial Intelligence tools for in-term assignments (e.g., ChatGPT)**
