DATE: April 27, 2023 for May 4, 2023

AGENDA ITEM: 4

ITEM IDENTIFICATION:

2023-24 List of University of Toronto programs eligible for the Ontario Co-operative Education Tax Credit (under Section 88 of the *Taxation Act, 2007*)

JURISDICTIONAL INFORMATION:

The Committee on Academic Policy and Programs (AP&P) has general responsibility for policy on, and for monitoring, the quality of education of the University.

GOVERNANCE PATH:

1. Committee on Academic Policy and Programs [for approval] (May 4, 2023)

PREVIOUS ACTION TAKEN:

The list of University of Toronto programs eligible for the Ontario Co-operative Education Tax Credit is brought forward annually to governance. The 2022-23 list was approved by the AP&P on May 5, 2022.

HIGHLIGHTS:

The attached document is the 2023-24 list of graduate and undergraduate programs at the University of Toronto that incorporate paid work placements or internships that meet the criteria of the Ontario Co-operative Education Tax Credit. This program allows businesses to claim a tax credit for any qualifying paid student work placement to a maximum of \$3,000 per placement.

The regulations require eligible educational institutions to submit a list of programs that meet the criteria of eligibility to the Ministry of Finance.

Under Section 88 of the Provincial *Taxation Act, 2007* the criteria that the placement or internship must meet include:

1. The student must be engaged in productive work during the placement and not be just an observer,
2. The work placement is:
 - a. not less than eight months or more than sixteen months, for a qualifying internship program or
 - b. at least 10 weeks for all other qualifying co-operative education programs,
3. The student is paid for the work performed during the placement,
4. The employer supervises and evaluates the student's job performance during the placement and
5. The educational institution monitors the student's progress in the work placement.
6. The total time spent in the work component is not more than 75 per cent of the total time spent in required academic study, and
7. The total time for mandatory work component must be at least 30 per cent of the total time spent in required academic study.

The terms of the tax credit require all eligible educational institutions to keep “proper documentation to prove that its governing body or its authorized delegate has stated that the submitted list of programs to the ministry meet the above requirements.” See: <http://www.fin.gov.on.ca/en/bulletins/ct/4014.html#whatisaqualifyingcoop>.

This year, six undergraduate programs and one graduate program have been removed from the eligibility list, with twenty-nine additional undergraduate programs being added.

The Faculty of Arts & Science has removed six programs that were eligible under the Professional Experience Year (PEY) co-op as that option is no longer available to students in those Arts & Science programs. The PEY remains an option for students in Engineering, Engineering Science, and UTM Mathematical and Computer Science programs.

The Faculty of Arts & Science has added twenty-nine undergraduate programs that are eligible as part of the newly expanded Arts & Science Internship Program (ASIP) offerings. Further details on the expansion of the ASIP offerings are included in the Annual Report on Major Modifications.

The Faculty of Applied Science and Engineering has removed the M.Eng program from eligibility as it no longer meets criteria item 5 listed above.

There were two departmental name updates from the University of Toronto Scarborough effective July 2020 that have now been reflected in this report. These renames are: the Centre for French & Linguistics was renamed to the Department of Language Studies, and the Centre for

Health and Society was renamed to the Department of Health and Society.

FINANCIAL IMPLICATIONS:

None.

RECOMMENDATION:

Be It Resolved

THAT the 2023-2024 List of University of Toronto Programs Eligible for the Ontario Co-operative Education Tax Credit, dated May 4, 2022, be approved.

DOCUMENTATION PROVIDED:
