PRESENTER: See Sponsor

DATE: May 15, 2024, for May 29, 2024

AGENDA ITEM: 8 (c)

ITEM IDENTIFICATION:

Annual Report: Recognized Student Groups, St. George

JURISDICTIONAL INFORMATION:

Section 5.6 of the University Affairs Board *Terms of Reference* states that "The Board receives annually, from the appropriate administrators, reports on services within its areas of responsibility, including but not limited to multi-campus services and offices, Campus Police, Human Resources and Equity, crisis response, and campus organizations".

Section III.c of the *Policy on the Recognition of Student Groups* states that "All administrative decisions to grant, deny, or withdraw recognition will be reported regularly to the University Affairs Board for information."

GOVERNANCE PATH:

1. University Affairs Board [For Information] (May 29, 2024)

PREVIOUS ACTION TAKEN:

This annual report was last presented to the University Affairs Board on May 31, 2023.

HIGHLIGHTS:

In accordance with the University's *Policy on Recognition of Student Groups*, this is a report on administrative decisions to grant, deny, or withdraw recognition for student groups based on the St. George campus for the 2023-24 academic year.

There are 596 student groups listed in this report that have been granted recognition and 94 applications under review, for a total of 690 active applications. No student groups were denied recognition and no groups have had recognition withdrawn.

As many campus organizations address the complex issues of the world around us, engagement in a campus group can often provide important opportunities to be exposed to different ideas and perspectives. This helps the University provide meaningful opportunities for debate and dissent and fosters the development of students' understanding of difference. Participation in campus groups provides means by which students integrate and engage with small communities within the University of Toronto.

FINANCIAL IMPLICATIONS:

There are no financial implications for the University's operating budget.

RECOMMENDATION:

This report is provided for information.

DOCUMENTATION PROVIDED:

- St. George Recognized Student Groups, 2023-24

MEMORANDUM

To: Members of the University Affairs Board

From: Heather Kelly, Executive Director, Student Life Programs & Services

Date: May 15, 2024

Subject: St. George Recognized Student Groups, 2023-24

The size and diversity of the student community on the St. George campus provides an extraordinary number of opportunities for students to participate in a vast array of activities undertaken by student organizations. Participation in these groups forms an integral part of the student experience. Student groups contribute, in a variety of ways, to the educational, intellectual, recreational, social, and cultural life of the University of Toronto community. For many students, involvement in voluntary student organizations is not only a traditional part of campus life; it forms a significant component of their learning while at the University.

Many recognized student organizations engage in co-curricular activities that enrich the participation of their members in their own academic programs. Involvement in a student organization can also provide significant learning opportunities for students with respect to leadership, civic and community engagement, and organizational capacity. Since many student organizations address the complex issues of the world around us, engagement in a student group can often provide important opportunities to be exposed to different ideas and perspectives. This helps the University provide meaningful opportunities for debate and dissent, and to foster the development of students' understanding of difference. Finally, participation in student groups provides one means by which students integrate and engage with small communities within the University of Toronto.

Student Life's Clubs and Leadership Development team offers programming for club leaders throughout the year, including our Clubs Essential Training Program, President's Retreat, and Club Cafés. This year, the team partnered with the Sexual & Gender Diversity Office to host a networking event for the leaders of U of T's 2SLGBTQ2S+ clubs and groups. In addition to educational programming, the Clubs and Leadership Development team, through the Clubs Help Desk, offer a wide range of supports and services for clubs, including recognition support, bank letters, office space, Co-Curricular Record assistance, mentorship program assistance, meeting spaces, and more. Clubs can also apply for funding through the Student Initiative Fund as well as the Black Student Engagement Fund.

This year, our Clubs and Leadership Development team focused on enhancing spaces for clubs within the 21 Sussex Clubhouse space. The team partnered with two academic courses, INF2192 (Faculty of Information – Representing UX) and APS112 (Faculty of Applied Science and Engineering – Engineering

Strategies and Practice) to examine the ways in which student clubs access and use the available shared spaces in the Clubhouse. These recommendations will be actioned in the coming year.

In accordance with the University's *Policy on the Recognition of Student Groups (the Policy)*, this is a report on administrative decisions to grant, deny, or withdraw recognition for groups based on the St. George campus in this academic year. The student groups listed below have been granted recognition until September 30, 2024.

All groups that have been granted recognition for the 2023-24 academic year are listed in this memorandum.

Recognition of student groups by the University provides several benefits and opportunities:

1. the right to use the name of the University in the name of the group and in conjunction with group activities;
2. eligibility to use University facilities and meeting spaces at no cost or at a lower cost compared to external organizations;
3. eligibility to apply for temporary office space;
4. listings in select University directories as a University-recognized student group;
5. verification letters confirming recognition status (sometimes required by banks and other external organizations); and
6. access to other University services and resources made available from time to time.

A student organization seeking recognition must submit an annual application to Clubs & Leadership Development along with a copy of group's constitution. The constitution outlines the group's purpose, objectives, and procedures. It addresses organizational structure, membership, meetings, the election or appointment of members in leadership positions, amendments to the constitution, and rules of conduct. A commitment to democracy and accountability to members should also be reflected.

Full membership in a recognized student group (including eligibility to vote and serve in a leadership position) must be open to any currently registered University of Toronto student from any division. While discriminatory membership practices are not allowed, it is acknowledged that certain groups could well be homogeneous in nature without being discriminatory. Status as non-voting members may be extended to other University community members or interested persons from outside the University.

Groups seeking recognition by the University must be genuine student organizations and generally non-profit in nature. A recognized student group cannot be controlled by any external body. However, many organizations are affiliated with provincial, national, or international bodies and other external groups.

Under the terms of the *Policy*, the University will not attempt to censor, control or interfere with any group on the basis of its philosophy, beliefs, interests or opinions expressed unless and until these lead to activities which are illegal or which infringe the rights and freedoms of others within the community. By the same token, recognition as a student group implies neither endorsement of a group's beliefs or philosophy, nor the assumption of legal liability for the group's activities.

Please note that, pursuant to the *Policy*, the recognition of student groups which draw their membership from only one academic division is delegated to the governance body of that division.

It is important to note that there are hundreds of additional clubs, many athletics and recreation activities, Hart House clubs and committees, as well as recognized student groups based on other campuses which, while not listed here, add significantly to the educational, intellectual, recreational, social, and cultural life of the U of T community. In addition, many students are involved in student governments, college and faculty student societies, course unions, and departmental student associations.

Recognition Granted

As of April 15, 2024, recognition has been granted by Student Life's Clubs & Leadership Development team to the following 596 student organizations for the 2023-24 academic year. More information about these organizations is available online at sop.utoronto.ca.

1. (The) Students for AI Literacy at the University of Toronto (SAIL@UofT)
2. 180 Degrees Consulting Club – University of Toronto
3. 881 Drama Club
