Data Source: Institutional Retention & Graduation Ad-hoc Tool (Tableau Server).

Note: Cohort refers to a certain starting Academic Year as of the Fall Count Date in which students started their degree. The cohorts include newly admitted, first-time, full-time, bachelor degree seeking students in first entry programs and excludes inbound international exchange students and transfer students. A student is a graduate for a given Academic Year in which that student graduates (e.g., if a student in their fourth year graduates in June, they will be shows as graduated for Academic Year 4).
