ITEM IDENTIFICATION:

Compulsory Non-Academic Incidental Fees: UTM Student Societies - Proposals for Fee Increases (UTMSU)

JURISDICTIONAL INFORMATION:

Section 5.1. of the *Terms of Reference* provides that student societies and compulsory non-academic incidental fees are within the responsibility of the UTM Campus Affairs Committee. Sections 5.4.1. and 5.4.2 state that fees for UTM representative student committees and campus student societies “are approved by the UTM Council on the recommendation of the UTM Campus Affairs Committee”.

Student society fees are subject to the terms and conditions of the *Policy on Ancillary Fees* (Category 2.0, “Student organizations and services provided by such organizations”, and Category 3.0, “Student levies for specific, limited projects”), and the *Policy for Compulsory Non-Academic Incidental Fees*.

Increases that are greater than the cost of living must be supported by referendum. Other increases must be supported by a previous referendum approving the concept of annual increases by the cost of living or an explicit inflation factor. The administrative procedures are outlined in the *Handbook for Student Societies*, which is published by the Office of the Vice-Provost, Students (OVPS).

Requests for increases are brought forward to the UTM Campus Affairs Committee by the administration on the assurances of the student societies that due constitutional and fair procedures have been followed within the societies concerned. If a complaint is received about the process related to a fee request from a student society, the OVPS makes inquiries about the issue and, if necessary, investigates matter further as part of the assessment of the request.

GOVERNANCE PATH:

1. **UTM Campus Affairs Committee [For Recommendation] (March 26, 2025)**
2. UTM Campus Council [For Approval] (April 22, 2025)
3. University Affairs Board [For Information] (May 1, 2025)
4. Executive Committee [For Confirmation] (May 6, 2025)

PREVIOUS ACTION TAKEN:

Requests for changes to existing student society fees and/or the establishment of new fees may be brought forward to the UTM Campus Affairs Committee on one or more occasions each year. The UTM Campus Affairs Committee last considered changes to student society fees on February 6, 2025.

HIGHLIGHTS:

The following student society has requested changes to fees charged on their behalf by the University:

University of Toronto Mississauga Students' Union (UTMSU; legally, Erindale College Students' Union)

- Society fee (part-time) – cost-of-living increase of \$0.02 per session (from \$1.33 to \$1.35)

The total fall/winter UTMSU fee for MAM students will increase by up to \$45.72 per session (from \$560.15 to up to \$605.87).

The Office of the Vice-Provost, Students (OVPS) has not yet received confirmation of approval by the UTMSU Board of Directors for some of the proposed fee changes listed above; this is normal and is the result of the asynchronous nature of the UTMSU and University governance systems. In the interim, the maximum allowable increase permitted without a referendum is shown as the “up to” amount. These amounts are typically finalized and approved by the end of the winter session.

The OVPS has reviewed the requests above in light of the requirements of the *Policy for Compulsory Non-Academic Incidental Fees*, has found them to be in compliance with these requirements, and has recommended them for approval.. Additional information regarding these requests has been included in this item’s documentation.

FINANCIAL IMPLICATIONS:

There are no net implications for the campus’ operating budget.

Compulsory Non-Academic Incidental Fees: UTM Student Societies - Proposals for Fee Increases

To: Members of the UTM Campus Affairs Committee
From: Mark Overton, Dean of Student Affairs & Assistant Principal, Student Services

Re: Compulsory Non-Academic Incidental Fees: UTM Student Societies - Proposals for Fee Increases

Fee change requests from a UTM student society have been received by the Office of the Vice-Provost, Students (OVPS) and described below. The OVPS manages the University-wide administrative processes related to student society fee change requests and keeps my office informed with respect to the fee change requests received from UTM student societies. The OVPS has reviewed the requests below in light of the requirements of the *Policy for Compulsory Non-Academic Incidental Fees*, has found them to be in compliance with these requirements, and has recommended them for approval.

Fee increase requests from student societies must meet a set of requirements. Section B.4 of the *Policy for Compulsory Non-Academic Incidental Fees* outlines the University's expectations:

Requests to change the fee collected on behalf of a student society and requests for new fees shall be approved only when evidence has been presented that the request has been authorized by due constitutional process in the organization. The procedures to request approval of a new fee or an increase to an existing fee shall be published in the Handbook for Student Societies.

Cost of Living Increases

(a) Where the amount of an increase in the fee charged is not greater than the year-over-year change in consumer prices for Ontario as measured by Statistics Canada (December-over-December) as of December 31 of the previous year, the request must be supported by the results of a previous referendum approving the principle of a cost-of-living adjustment. In special circumstances (e.g., when a portion of a student society fee is designated for a health plan or capital project), other inflation indexes or predetermined inflation factors may be used, provided that the request is supported by the results of a previous referendum approving the use of the specific inflation index or predetermined inflation factor.

Referendum Requirement

(b) Where the amount of an increase in the fee charged is greater than the year-over-year change in consumer prices, the request must be supported by the majority of the society's members voting in a recent referendum.

The *Handbook for Student Societies*, which is published by the OVPS on an annual basis, also provides that student society fee change requests must include the following:

Evidence that the request to change the existing fee (or to institute a new charge) has been authorized by due constitutional process of the organization. This evidence should include a copy of or specific reference to the section of the society's constitution and/or by-laws which relate to the mechanism for fee changes, minutes of the meeting at which the resolution to request the change was passed, details and results of any referenda related to the subject which may have been held within the division, and publicity given the matter to ensure that those who may be affected by the change are aware of the proposal, including size and purpose of the increase, and have had the opportunity to make their views known.

Normally, the administration intersects with student society fee change processes at two points. Initially, student societies are asked to seek advice from the OVPS on the wording of their referendum questions (with respect to clarity and technical language). The second point occurs after the referendum, when the society makes the formal request for a fee change. The recommendation for approval is derived from the assessment of whether or not the society has met the requirements established in the *Policy* and relevant procedures.

Occasionally, the OVPS is asked to look into complaints about referendum procedures and compliance with relevant portions of the society's constitution and/or by-laws. The results of these investigations play a significant role in the assessment of the request and the recommendation for approval.

The assessment of fee change requests is normally based upon the following expectations:

1. The student society must make the request in a manner consistent with the *Policy for Compulsory Non-Academic Incidental Fees* and the University's procedures for changes to student society fees;
2. When required, there must be a positive result in a referendum for a fee increase (special conditions established by the society, such as quorum, must also be met);
3. The referendum question should be clear and provide enough information for the society's members to gain a full understanding of the implications of the question and the proposed fee;
4. The referendum must be held in a fair manner, promoted in a reasonable manner, and provide all of the society's members with a reasonable opportunity to vote; and
5. The student society must comply with the provisions of its own constitution, by-laws, rules of procedure, and specific policies and procedures approved by its board or council.

Student societies that have previously received approval (through a previous referendum) from their members for an annual cost-of-living increase in one or more of the society's portions of its fee may request increases, upon approval by the society's board or council, of up to the previous Ontario December-over-December Consumer Price Index, as calculated by Statistics Canada. The December 2024 consumer price index for Ontario was 1.7%.

However, as outlined in the excerpt from the *Policy* above, where members of a society have given consent (through a previous referendum) to the concept of inflationary increases according to a specific inflation factor or measure, this inflation factor may be used. For example, the University of Toronto Mississauga Students' Union may request increases of up to 10% in the Health Plan and Dental Plan portions of its fee.

It is important to note that, it is the student society's own constitution, by-laws, and established policies that set the standards for acceptable results in referenda. In some cases, society constitutions establish a minimum voter turnout in order to consider a referendum result to be valid. The University has not established additional criteria with respect to valid referendum voter turnout.

In addition, with respect to both requests for fee changes based on a referendum and those only requiring the approval of a society's board or council, the administration relies on the assurances of student societies that due constitutional processes and fair procedures have been followed.

Recommendation

THAT, beginning in the Fall 2025 session, the University of Toronto Mississauga Students' Union (UTMSU; legally, Erindale College Students' Union) fee be modified as follows:

- (a) an increase of \$0.02 per session in the society portion of the fee for part-time students;
