- Student Societies: Request for Fee Increases – St. George & University-Wide

To: Members of the University Affairs Board
From: Professor Sandy Welsh, Vice-Provost, Students
Date: April 16, 2025
Re: Student Societies: Request for Fee Increases – St. George & University-Wide

Fee change requests from several St. George and University-wide student society have been received by the Office of the Vice-Provost, Students (OVPS) and described below. The OVPS has reviewed the requests below in light of the requirements of the *Policy for Compulsory Non-Academic Incidental Fees*, has found them to be in compliance with these requirements, and has recommended them for approval.

Fee increase requests from student societies must meet a set of requirements. Section B.4 of the *Policy for Compulsory Non-Academic Incidental Fees* outlines the University's expectations:

Requests to change the fee collected on behalf of a student society and requests for new fees shall be approved only when evidence has been presented that the request has been authorized by due constitutional process in the organization. The procedures to request approval of a new fee or an increase to an existing fee shall be published in the Handbook for Student Societies.

Cost-of-Living Increases

(a) Where the amount of an increase in the fee charged is not greater than the year-over-year change in consumer prices for Ontario as measured by Statistics Canada (December-over-December) as of December 31 of the previous year, the request must be supported by the results of a previous referendum approving the principle of a cost-of-living adjustment. In special circumstances (e.g., when a portion of a student society fee is designated for a health plan or capital project), other inflation indexes or predetermined inflation factors may be used, provided that the request is supported by the results of a previous referendum approving the use of the specific inflation index or predetermined inflation factor.

Referendum Requirement

(b) Where the amount of an increase in the fee charged is greater than the year-over-year change in consumer prices, the request must be supported by the majority of the society's members voting in a recent referendum.

The *Handbook for Student Societies*, which is published by the OVPS on an annual basis, also provides that student society fee change requests must include the following:

Evidence that the request to change the existing fee (or to institute a new charge) has been authorized by due constitutional process of the organization. This evidence should include a copy of or specific reference to the section of the society's constitution which related to the mechanism for fee changes, minutes of the meeting at which the resolution to request the change was

passed, details and results of any referenda related to the subject which may have been held within the division, and publicity given the matter to ensure that those who may be affected by the change are aware of the proposal, including size and purpose of the increase, and have had the opportunity to make their views known.

Normally, the administration intersects with student society fee change processes at two points. Initially, student societies are asked to seek advice from the OVPS on the wording of their referendum questions (with respect to clarity and technical language). The second point occurs after the referendum, when the society makes the formal request for a fee change. The recommendation for approval is derived from the assessment of whether or not the society has met the requirements established in the *Policy* and relevant procedures.

Occasionally, the OVPS is asked to look into complaints about referendum procedures and compliance with relevant portions of the society's constitution and/or by-laws. The results of these investigations play a significant role in the assessment of the request and the recommendation for approval.

The assessment of fee change requests is normally based upon the following expectations:

1. The student society must make the request in a manner consistent with the *Policy for Compulsory Non-Academic Incidental Fees* and the University's procedures for changes to student society fees;
2. When required, there must be a positive result in a referendum for a fee increase (special conditions established by the society, such as quorum, must also be met);
3. The referendum question should be clear and provide enough information for the society's members to gain a full understanding of the implications of the question and the proposed fee;
4. The referendum must be held in a fair manner, promoted in a reasonable manner, and provide all of the society's members with a reasonable opportunity to vote; and
5. The student society must comply with the provisions of its own constitution, by-laws, rules of procedure, and specific policies and procedures approved by its board or council.

Student societies that have previously received approval (through a previous referendum) from their members for an annual cost-of-living increase in one or more of the society's portions of its fee may request increases, upon approval by the society's board or council, of up to the previous Ontario December-over-December Consumer Price Index, as calculated by Statistics Canada. The December 2024 consumer price index for Ontario was 1.7%.

However, as outlined in the excerpt from the *Policy* above, where members of a society have given consent (through a previous referendum) to the concept of inflationary increases according to a specific inflation factor or measure, this inflation factor may be used. For example, the Association of Part-time Students, the University of Toronto Graduate Students' Union, and the University of Toronto Students' Union may each request increases of up to 10% in the Health and Dental Plan portions of their fees.

It is important to note that, it is the student society's own constitution, by-laws, and established policies that set the standards for acceptable results in referenda. In some cases, society constitutions establish a minimum voter turnout in order to consider a referendum result to be valid. The University has not established additional criteria with respect to valid referendum voter turnout.

In addition, with respect to both requests for fee changes based on a referendum and those only requiring the approval of a society's board or council, the administration relies on the assurances of student societies that due constitutional processes and fair procedures have been followed.

Faculty of Music Undergraduate Association (FMUA)

Background

The total FMUA fee for the Fall 2024/Winter 2025 sessions, charged to all undergraduate students in the Faculty of Music, was \$300.00 per session. The fee included:

- \$50.00 per session for the society portion of the fee; and
- \$200.00 per session for the Special Projects Fund portion of the fee.

Request

1. An increase in the society portion of the fee, and the continuation of, and decrease in, the Special Projects Fund portion of the fee.

A referendum was held from March 19, 2025, to March 23, 2025, in which undergraduate students in the Faculty of Music were asked to support an increase in the society portion of the FMUA, and the continuation of, and an increase in, the dedicated Special Projects Fund portion of the EngSoc fee. The wording of the question was as follows:

Preamble

(1) The Association is seeking the support of its Membership to expand the amount of money available for the operations of the Association.

*This expansion is to facilitate the money required to run the Music Cafe, to hire a full time and part time staff member, and to keep events, such as semi-formal, free. The **Student Society Fee goes towards operations.***

*Questions 1 and 2 propose a joint solution to expand the amount of money available for the Student Society Fee. **We do not want to increase fees, since you already pay so much money!***

To facilitate an increase in the Student Society fee, we propose two changes:

1. *We decrease the amount of money (by \$50) allocated for the Special Projects Fund (Question 2); and*
2. *We eliminate (\$50) contributions to the Endowment Fund (Question 1).*

*These changes will **allow us to increase the Student Society Fee** from \$50 to \$150 per semester (Question 2).*

You might be concerned that by decreasing the Special Projects Fund the Grants program will suffer. However, in the Fall and Winter sessions of the Grants program this year, we only spent 36% of the money collected for those sessions. By decreasing the Special Projects Fund by \$50 dollars, we will end up spending 48% of the funds instead. This is still more than enough to

support everyone's Grant applications, while also leaving plenty left over for group projects and new initiatives. In other words, we are simply currently collecting too much from you!

*Furthermore in Question 1, the elimination of contributions to the Endowment Fund **does not mean we are ending** the Endowment Fund system. The Endowment Fund has over \$500K this year, and by investing the principal of the fund, we are able to net an annual profit of \$15 to \$20K. This money can be used for projects upon the direction of the General Members (voters), and the wording change is just to reflect this new system for the Endowment Fund.*

(2) The Association is further seeking the support of its Membership to expand the types of services covered by the Special Project Fund.

Question 3 is on amending the current Special Project Fund fee policy to allow funding for all projects, both curricular and co-curricular. This means that for services such as the Student Service Program (Tutoring) we are able to offer tutoring services directly tied into the first and second year theory curriculum, as opposed to offering general tutoring. Furthermore, this means that in the future, this fund can be used to pay for pianists, coachings, extra lessons, and other items that we currently cannot cover due to the previous fee policy.

Appendix A: Current Fee Policies

Please note that the Student Service Fee Policy is not up for amendment in the Questions below.

Student Service Fee Policy

The FMUA Student Society Fee is the core funding for the organization and its operation. The fee covers external staff wages, operating costs of the office, banking, legal and accounting services, and the cost of providing services to students.

Special Projects Fund Fee Policy

The FMUA Special Projects Fund funds co-curricular activities and initiatives put forward by the association, its membership, and the Faculty of Music. Example initiatives include the purchasing of equipment used for co-curricular activities, production of co-curricular events, operation of co-curricular services, and funding for co-curricular experiences that directly enhance the experience of Faculty of Music undergraduate students.

The goals for all projects supported by the FMUA Special Projects Fund are as follows:

- 1. That they go above and beyond what is merely necessary for the delivery of a music degree via co-curricular events, services and projects.*
- 2. That they, whenever possible, be for capital and not operating expenditures. Exceptions may be granted for approved projects which are services and require yearly contributions.*
- 3. That the magnitude of the expenditure is proportional to the number of students impacted.*
- 4. That funds be allocated in an equitable but not necessarily equal fashion so that all members may reap the benefits of the fund.*

5. *That all proposals submitted be made available to the membership for feedback for at least two weeks before approval or rejection and that all approved projects be made available to the membership.*

At the end of each fiscal year, any leftover funds that have not been spent due to lack of qualifying submissions may be transferred to the FMUA Endowment Fund.

Endowment Fund Fee Policy

Interest earned from the principal is spent using the same criteria as the FMUA Special Projects Fund. In addition, the principal of the fund can be spent on capital projects such as building renovations and student space construction in the future when the need arises. Such decisions shall be brought forward to the membership at a General Meeting of the Faculty of Music Undergraduate Association.

Question

I SUPPORT the decrease of the Special Projects Fund fee from \$200 to \$150 **AND** the increase of the Student Society fee from \$50 to \$150 per Fall and Winter semester. The Special Project Fund and Student Society fee adjustments, as well as the elimination of the Endowment Fund as proposed in Question 1 would balance each other out, thus the total amount per Member as paid in the 2024-2025 year would not increase or decrease for the forthcoming session. This change would come into effect for the Fall 2025 session.

- *YES, I SUPPORT the decrease of the Special Projects Fund fee from \$200 to \$150 AND the increase of the Student Society fee from \$50 to \$150 per Fall and Winter semester.*

Innis College Student Society (ICSS)

Background

The total ICSS fee for the Fall 2024/Winter 2025 sessions, charged to all students in Innis College, was \$35.65 per session. The fee included:

- \$28.62 per session for the society portion of the fee; and
- \$7.00 per session for the World University Service of Canada (WUSC) Student Refugee Program portion of the fee.

The total ICSS fee for the Fall 2024/Winter 2025 sessions for first-year Innis College students was \$107.63 per session. The fee included the portions listed above and \$70.00 per session for the Innis College Orientation fee.

Request

1. A cost-of-living increase in the society portion of the fee.

At its meeting, held on March 4, 2025, the ICSS Council approved a resolution to seek a cost-of-living increase in the society portion of the fee.

In the course of considering this request, the Office of the Vice-Provost, Students has not received any complaints.

2. An increase in the World University Service of Canada (WUSC) Student Refugee Program portion of the fee.

A referendum was held from March 5, 2025, to March 6, 2025, in which students in Innis College were asked to support an increase in the dedicated World University Service of Canada (WUSC) Student Refugee Program portion of the ICSS fee. The wording of the question was as follows:

Preamble

The Innis College Student Society ("ICSS") partners with the World University Service of Canada ("WUSC") to sponsor one refugee student per year for admission to study at the University of Toronto. By providing refugee youth with opportunities to continue their education, the ICSS and WUSC hope to equip students with the knowledge, skills and experiences to build a brighter future for themselves and their families.

Innis College students voted via referendum to allow the University to collect a compulsory nonacademic incidental fee of \$7.00 per fall and winter sessions from all Innis College students to support this program. These funds are used to cover all living expenses for the student for their first twelve months at the University of Toronto.

The Innis College Student Society ("ICSS") is seeking consent from its members to increase the World University Service of Canada ("WUSC") Student Refugee Program fee by \$1.50 per fall and winter sessions. With this increased funding and with further support from Innis College donors, the ICSS will be able to fully fund 24 months of residence costs for every refugee student.

Question

Do you agree to a fee increase of \$1.50 per fall and winter sessions (from \$7.00 per fall and winter sessions to \$8.50 per fall and winter sessions) for the World University Service of Canada (WUSC) Student Refugee Program fee beginning in the Fall 2025 session?

- *YES: I AM in favour of a fee increase of \$1.50 per fall and winter sessions for the World University Service of Canada (WUSC) Student Refugee Program fee beginning in the Fall 2025 session*
- *NO: I am NOT in favour of a fee increase of \$1.50 per fall and winter sessions for the World University Service of Canada (WUSC) Student Refugee Program fee beginning in the Fall 2025 session*

The results of the referendum were as follows:

Yes:	119 (65.0%)	Eligible Voters (approx.):	2,183
No:	64 (35.0%)	Voter Turnout (approx.):	183 (8.4%)
Abstain:	0 (0.0%)		
Total ballots:	183		

In the course of considering this request, the Office of the Vice-Provost, Students has not received any complaints.

3. Establishment of a cost-of-living allowance in the World University Service of Canada (WUSC) Student Refugee Program portion of the fee.

A referendum was held from March 5, 2025, to March 6, 2025, in which students in Innis College were asked to support the establishment of a cost-of-living allowance in the ICSS society fee. The wording of the question was as follows:

Preamble

The Innis College Student Society ("ICSS") partners with the World University Service of Canada ("WUSC") to sponsor one refugee student per year for admission to study at the University of Toronto. By providing refugee youth with opportunities to continue their education, the ICSS and WUSC hope to equip students with the knowledge, skills and experiences to build a brighter future for themselves and their families.

As early as 1995, Innis College students voted via referendum to allow the University to collect a compulsory non-academic incidental fee of \$3.50 per fall and winter sessions from all Innis College students to support this program. In 2017, Innis College students voted to approve an increase to this fee of \$3.50 per fall and winter sessions to a total of \$7.00 per fall and winter sessions. These funds are used to cover all living expenses for the student for their first twelve months at the University of Toronto. This fee has not been increased or adjusted for inflation since 2017.

The ICSS is not currently able to adjust this fee for cost-of-living increases without a referendum. The ICSS is seeking consent from its members to allow for cost-of-living adjustments to this fee once per year upon approval by the ICSS Council.

Question

Do you agree to allow the World University Service of Canada (WUSC) Student Refugee Program fee to be adjusted annually in accordance with the Ontario Consumer Price Index upon approval by the ICSS Council and beginning with the Fall 2025 session?

- *YES: I AM in favour of allowing the World University Service of Canada (WUSC) Student Refugee Program fee to be adjusted annually in accordance with the Ontario Consumer Price Index upon approval by the ICSS Council*
- *NO: I am NOT in favour of allowing the World University Service of Canada (WUSC) Student Refugee Program fee to be adjusted annually in accordance with the Ontario Consumer Price Index upon approval by the ICSS Council*

The results of the referendum were as follows:

Yes:	118 (64.5%)	Eligible Voters (approx.):	2,183
No:	65 (35.5%)	Voter Turnout (approx.):	183 (8.4%)
Abstain:	0 (0.0%)		
Total ballots:	183		

In the course of considering this request, the Office of the Vice-Provost, Students has not received any complaints.

4. An increase in the Orientation portion of the fee.

A referendum was held from March 31, 2025, to April 1, 2025, in which students in Innis College were asked to support an increase in the dedicated Orientation portion of the ICSS fee. The wording of the question was as follows:

Preamble

In 2011, Innis College students voted via referendum to allow the University to collect a compulsory non-academic incidental fee of \$50.00 per fall and winter sessions from first-year Innis College students to support the annual Innis Orientation program for first-year students.

Although the Innis College Student Society is allowed to adjust this fee for cost-of-living increases once per year, the fee has not been consistently adjusted since 2011. The fee has only been adjusted from \$50.00 to \$54.06 per fall and winter sessions in the past 14 years.

Beginning in the 2024-25 academic year, Innis Orientation increased in length from three full days of programming to five full days of programming. Orientation expenses have also increased in cost due to cost-of-living increases.

The ICSS is seeking consent from its members to allow for a one-time increase to the Innis College Orientation fee of \$15.94 per fall and winter sessions. This fee is only charged to first-year Innis College students. Upper year Innis College students are not charged this fee.

Question

Do you agree to a fee increase of \$15.94 per fall and winter sessions (from \$54.06 per fall and winter sessions to \$70.00 per fall and winter sessions) for the Innis College Orientation fee (charged only to first-year students) beginning in the Fall 2025 session?

- *YES: I AM in favour of a fee increase of \$15.94 per fall and winter sessions for the Innis College Orientation fee (charged only to first-year students) beginning in the Fall 2025 session*
- *NO: I am NOT favour of a fee increase of \$15.94 per fall and winter sessions for the Innis College Orientation fee (charged only to first-year students) beginning in the Fall 2025 session*

The results of the referendum were as follows:

Yes:	118 (61.5%)	Eligible Voters (approx.):	2,183
No:	74 (38.5%)	Voter Turnout (approx.):	192 (8.8%)
Abstain:	0 (0.0%)		
Total ballots:	192		

In the course of considering this request, the Office of the Vice-Provost, Students has not received any complaints.

Additional Information

The referendum question and results pertaining to the establishment of a cost-of-living allowance in the World University Service of Canada (WUSC) Student Refugee Program portion of the fee (item 3 of this section) is shared to provide additional context as it affects how increases to that portion may be proposed and considered in future years. University governance approval is not required at this time.

Summary of Changes

If approved, the total fall/winter ICSS fee, charged to all students in Innis College, will be \$37.63 per session (an increase of \$1.98). The total fall/winter ICSS fee for first-year Innis College students will be \$107.63 per session (an increase of \$17.92).

Whereas the UTGSU has operated a supplemental Health Plan since 1986; and

Whereas the Health & Dental Plan has grown to include dental, vision, and mental health coverage via subsequential referenda; and

Whereas the Health & Dental Plan receives a dedicated student fee to cover the premiums and operational costs of administering the plan and which students may opt-out of to receive a refund; and

Whereas the Health & Dental Plan fee is monitored and adjusted annually based on the plan utilization, inflation trends, and cost of living increases; and

Whereas the maximum permitted increase for the Health & Dental Plan is currently linked to the “Health Industry Index” and “Dental Industry Index” which are no longer standard indexes; and

Whereas in the absence of a definition for the “Health Industry Index” and “Dental Industry Index” the UTGSU Board of Directors has been able to increase health fees by 16.8% and dental fees by 10.9% in 2022-23 without referendum; and

Whereas the UTGSU Board of Directors is seeking to limit maximum permitted inflationary increases to health and dental fees at 10% annually; and

Whereas all four of the undergraduate students’ unions at the University of Toronto have a maximum permitted inflationary increases of 10% annually; and

Whereas the following clauses bring the UTGSU under compliance with current terminology and procedures, and align with other students’ unions; therefore

Be it resolved that the UTGSU Board of Directors be permitted to increase the student fees for the health insurance portion of the health and dental plan only up to ten percent (10%) annually; and

Be it further resolved that the UTGSU Board of Directors be permitted to increase the student fees for the dental insurance portion of the health and dental plan only up to ten percent (10%) annually; and

Be it further resolved that any increase above ten percent (10%) must be approved by a membership referendum.

11. An increase in the Bikechain portion of the fee.
A referendum was held from March 4, 2024, to March 7, 2024, in which full-time undergraduate students on the St. George campus and Toronto School of Theology students were asked to support an increase in the dedicated Sexual Education Centre portion of the UTSU fee and the establishment of a cost-of-living allowance for that portion. The wording of the question was as follows:

Preamble

Bikechain is U of T's on-campus bike repair education space. We serve students by operating a Monday-Friday Do-It-Yourself bike repair centre where students are provided with tools and

guidance from experienced mechanics to repair their own bicycles. We also offer a free bicycle lending program, free workshops on bicycle repair and maintenance, free mobile bicycle repair clinics, and more. All of our services are pay-what-you-can or entirely free.

Bikechain makes cycling affordable and accessible for students by equipping students with tools and skills to complete their own repairs. Since 2005, we have taught over 42,000 people how to fix their bikes and ride safely. Our resources are in high demand with students: There is a frequent waitlist to use our repair space, and our free bicycle lending fleet often entirely booked out.

Bikechain’s levy funding has not increased in many years and is no longer sufficient to accommodate student demand for our services. A “yes” on this referendum would allow us to sustain and expand our programming, including our free bicycle lending program, free repair and maintenance workshops, Monday - Friday pay-what-you-can bicycle repair support, free learn-to-bicycle program, refurbishing affordable bikes, free mobile repair services, free group rides and social events, outreach to students facing barriers to cycling, and cycling advocacy.

Question

Do you agree to a levy increase of \$1.77 to a total \$2.40 per semester (WITH option to opt-out for cash refund), beginning in fall 2025, in order to provide free and affordable bicycle services for students?

- *Yes, I AM in favour of a fee increase of \$1.77 that would require UTSU members to pay a total of \$2.40 per semester (WITH option to opt out for cash refund) in support of Bikechain, to come into effect during the fall 2025 semester*
- *No, I am NOT in favour of a fee increase of \$1.77 that would require UTSU members to pay a total of \$2.40 per semester (WITH option to opt out for cash refund) in support of Bikechain, to come into effect during the fall 2025 semester*
- *Abstain*

The results of the referendum were as follows:

Yes:	2,225 (43.2%)	Eligible Voters (approx.):	41,346
No:	1,350 (26.2%)	Voter Turnout (approx.):	5,153

12. Establishment of the Regenesiis portion of the fee.

A referendum was held from March 4, 2024, to March 7, 2024, in which full-time undergraduate students on the St. George campus and Toronto School of Theology students were asked to support the establishment of a dedicated Regenesiis portion of the UTSU fee and the establishment of a cost-of-living allowance for that portion. The wording of the question was as follows:

Preamble

Regenesiis is an environmental organization at the University of Toronto. Regenesiis Toronto understands that students are experiencing an unprecedented affordability crisis.

We are seeking the consent of UTSU members to help fund Regenesiis programs and initiatives. Starting in Fall 2025, each UTSU member would pay a fee of \$3.00 per session and would be able to obtain a refund of said fee through Regenesiis.

Regenesiis would be required to spend all of the collected fees on its environmental and community-related projects and initiatives that both help the environment and make life more affordable for students. The collected fees would go towards supporting environmental initiatives and programming on/near UofT, including a grocery cooperative, a campus farmers' market, a free store, community gardening, a community kitchen, and an item library.

Question

Do you agree to a levy of \$3.00 per session for each UTSU member; adjusted annually in accordance with the Ontario Consumer Price Index?

- ☐ *Yes, I support the funding Regenesiis UofT*
- ☐ *No, I do not support funding Regenesiis UofT*
- ☐ *Abstain*

No:	1,189 (23.1%)	Voter Turnout (approx.):	5,153
Abstain:	1,837 (35.7%)		(12.5%)
Total ballots:	5,153
