1. Introduction to the Governing Council

1.a Preamble

ROLE OF GOVERNORS

- Governors are trustees of the University and are responsible for ensuring that:
 - all decisions are made in the best interests of the University.
 - the University will be handed on to succeeding generations with its strengths intact or improved, and its mission well supported.
 - Members are expected to put the interests of the University above their personal or constituency interests, recognizing and respecting the distinction between representing a community and representing the interests of a community.

EFFECTIVE GOVERNORS

- Understand and passionately support the mission of the University;
- Are willing to work to understand the context and implications of matters before the Council;
- Understand the overall trusteeship function of a governor and do not focus on one idea or issue;
- Have the capacity for critical thinking;
- Respect the distinct and separate roles of governance and administration: the Governing Council must ensure that the University is managed well, but responsibility for managing the University is delegated to the President and members of the administration.

TIME COMMITMENT

- Governors are expected to attend the meetings of Council, and normally to sit on two boards/committees of Council.
- Meetings are scheduled from September to June, usually begin either at 4 p.m. or 5 p.m. and continue for two or two and one half hours.
- A normal commitment would consist of preparation and meeting time for eighteen meetings a year. Special meetings and ad hoc committee assignments would be in addition to that commitment.
- Current governors estimate the time averages out to be approximately 4 hours a week, or 176 hours a year, depending on the depth to which you might wish to pursue individual issues.

1.b Powers and Duties of the Governing Council

Governing Council is the senior governing body of the University, responsible for overseeing the academic, business, and student affairs of the University. Matters approved by the Council and its Boards include:

- Campus and student services
- Major changes in academic programs and units
- Policies on admissions & awards, tuition & ancillary fees, research, and grading practices
- multi-year budget guidelines and capital plans;
- resource allocation in support of the university's priorities
- appointment of senior administrators;
- acquisition and/or disposal of assets.

2. Authority for Elections

2.a The University of Toronto Act, 1971

Subsection 2 (14) (nb) of The Act provides that the Governing Council may determine the manner and procedure of election of its members and conduct such elections. Subsection 2 (14) (nc) provides that the Governing Council may define the constituencies for elections and the membership of each constituency.

2.b Chief Returning Officer

A Chief Returning Officer (CRO) is appointed by the University Affairs Board on the recommendation of the Secretary of the Governing Council. The CRO may not vote in any election.

The CRO serves as a non-voting assessor to the Elections Committee.

The CRO:

- is responsible for the interpretation and implementation of the Election Guidelines;
- rules on the validity of nominations, violations of campaign rules, voter eligibility, and verification and tabulation of returns;
- has complete charge of all matters with respect to web-based voting in the Governing Council elections and maintains liaison with Student Information Systems on the production of the web-voting procedures;
- creates nomination forms for use in connection with the election.

The CRO's decisions concerning technical invalidation of nominations may be appealed to the Elections Committee.

2.c Deputy Returning Officer

A Deputy Returning Officer (or Deputy Returning Officers) may be appointed at the discretion of the Secretary of the Governing Council. The appointment(s) are reported to the University Affairs Board for information.

The Deputy Returning Officers assist the CRO in his/her duties as appropriate, and act in his/her absence as required. Deputy Returning Officers may not vote in any election.

2.d Elections Committee

The Elections Committee is responsible for annually considering the *Election Guidelines* and recommending them for approval to the University Affairs Board.

The members of the Elections Committee also serve as the **Election Overseers** and consider any objection to a ruling or decision of the CRO as well as any appeal or any other question arising from the conduct of the election as outlined in the *Guidelines*. The decision of the Election Overseers in such matters is final and not subject to any further review or appeal.

A member of the Elections Committee, who is standing for election, involved in an election campaign, or endorsing a candidate for election, may act as an Election Overseer provided he or she is not called upon to consider a matter arising from or pertaining to his or her own constituency.

3. Purpose of the Election Guidelines

The purpose of the *Election Guidelines* is to provide a framework for the conduct of the election of teaching staff, administrative staff and student members to the Governing Council.

The *Guidelines* covering eligibility and nomination procedures are intended to reflect the provisions of the *Act* that members be elected by and from among their constituency.

These *Guidelines* provide a mechanism for establishing the connection between a candidate and his or her constituency. It is important that the membership of the Governing Council reflects the community that it serves, and that each elected member is part of the community of interest shared by his/her constituency.

- The candidate's signature on the nomination form signifies approval of and responsibility for the statement.
- The statement will not be distributed or otherwise made available if, in the opinion of the Elections Overseers, assisted by such legal counsel as they may wish to employ, it would render the

- Candidates are advised to complete and submit their nomination papers early in the nomination period.

Technical Invalidation

- Nomination papers may be automatically invalidated on technical grounds by the CRO if they are:

- Where a candidate withdraws the nomination after this time, the withdrawal and the fact that his or her name remains on the ballot do not invalidate the election.
- Votes cast for a candidate who has withdrawn shall not be counted and are void.

Acclamations

- A candidate will be acclaimed – deemed to be elected – by the CRO when:
 - Following the completion of all verification and appeals procedures and the announcement of official candidates, the number of candidates nominated for election in any constituency is equal to or less than the number of members to be elected in that constituency, except when the acclamation would violate other provisions in these *Guidelines*.

6.c.iv Campaign Period

All candidates' meeting

- In the event that the meeting is missed, the candidate may contact the CRO to receive the information given at the all candidates' meeting.
- The candidate, whether present in person or not, is entirely responsible for all information provided at the all-candidates' meeting.

Campaigning

- Rules of campaigning are included in Appendix A on page 49 of these Guidelines.
- Candidates for election to the Governing Council are expected to conduct honourable campaigns, in accordance with the rules of fair play.

Fair play includes, but is not limited to, behaving in accordance with generally accepted community standards, being respectful of other candidates and their campaigns and representing facts accurately.

- Candidates for election to the Governing Council are required to follow these rules of campaigning and any additional regulations issued by the CRO. Failure to do so may result in the candidate's disqualification or sanction by the Elections Overseers.

6.c.v Web-based Voting

- Voting in student constituencies – Full-time undergraduate Constituency I and Constituency II, Part-time Undergraduate Constituency, Graduate Student Constituency I and Graduate Student Constituency II – is done on the web through the Repository of Student Information (ROSI).⁹

Date of election

- The election will be held over a minimum of five consecutive days chosen by the CRO in the period between the beginning of February and the end of March.

Hours of voting

- Web voting will be held during the hours ROSI is accessible as follows:
 - Monday: 6:00 a.m. to 11:45 p.m.;
 - Tuesday to Thursday: 12:15 a.m. to 11:45 p.m.;
 - Friday: 12:15 a.m. to 6 p.m.,
 - Saturday 12:00 a.m. to Sunday, 11:45 p.m.

Web-voting stations

- Web access is available free on computers in the Information Commons and its satellite facilities on all three campuses and in many colleges, faculties and libraries. Some students will have web access through their personal computers.

⁹ Post-graduate medical students in the Full-Time Undergraduate Student Constituency II vote using a mail ballot, as they are not registered via ROSI. Information concerning mail ballots in this constituency is included on page 43.

Voting

- At the time the voter logs into ROSI, he/she will be asked to provide his/her student number and personal identification number.
- After successfully logging in to ROSI, the voter may click on the election button on the ROSI homepage.
- Verification of eligibility of the student to vote in the various constituencies will be determined by records in ROSI.
- Once recognized as a valid voter, the voter will then be informed of the constituency in which he/she is eligible to vote and provided with a list of options, including casting a ballot and reading the candidate statements.
- The candidates will be listed in alphabetical order by surname.
- The voter may vote for the number of candidates that corresponds with the number of vacant seats in the constituency, and may change his/her vote at will until the vote is recorded.
- The voter may choose not to vote at this point and may exit the election site and return to the process at another time.
- Once the voter has decided for whom to vote, clicking the “cast ballot” button brings up a confirmation screen. You may still correct your ballot at this point by returning to the ballot screen. Clicking the “cast your ballot” button will record your vote.
- If the voter marked no candidate or more than the maximum number allowed, a message will indicate that the ballot is marked is invalid and ask the voter to amend the ballot before clicking the “cast ballot” button again. If the voter does not wish to amend the ballot, an invalid ballot will be recorded if the “cast ballot” button is clicked the second time without changes being made to the ballot.
- If the voter leaves all candidate choices blank, and then chooses to cast his/her ballot, he/she is advised that he/she has not selected any candidates, and at that point can choose the ‘Spoil Your Ballot’ button.
- A student who has already voted will not be accepted by ROSI as an eligible voter a second time.

Verification of ballots

- In web-based voting, verification of the voters eligible to cast ballots is part of the process of allowing the voter to cast a ballot. Separate verification is not required.

Notification of Results

- The CRO will receive a confidential report of the results that will be shared with the candidates at a scheduled meeting and then made public.

Equality of votes

- In the case of equality of votes where the election of the candidates receiving an equal number of votes would result in the election of a greater number of candidates than there are vacancies to be filled in any constituency, the successful candidate or candidates shall be determined by second election between or among the candidates receiving an equal number of votes which will be held no later than two weeks after the close of the first election. The CRO will set the new election schedule.
- If the second election also results in an equality of votes, the CRO will seek advice from the Elections Committee on how to proceed.

Announcement of results

- The number of votes received by each candidate will be announced, as will the number of spoiled ballots recorded.
- Results for the Full-time Undergraduate Student Constituency II will be the total of web votes cast plus mail votes received.

Recounts

- As there are no individual ballots in web-based voting, a recount is not possible.

Retention of results

- The results of web voting will be kept on the ROSI system for twenty-one days after the announcement of election results or until the determination of all appeals, whichever is later, and shall thereafter be destroyed.

Filing of notice to appeal

- Candidates may file a notice of intention to appeal any matter arising in the conduct of elections, including the announcement of results.
- Appeals must be filed in writing at the Office of the Governing Council by **5:00 p.m. on Friday April 3, 2009**.

Appeals

- The information sheet will include instructions on how to obtain the correct ballot for persons who receive an incorrect ballot.
- Persons who receive no ballot will be advised, through advertisements in the campus media and on the Governing Council elections web-site, how to obtain a ballot.

- All mail ballots received by the Office of the Governing Council will be verified to ascertain the eligibility of the voter to vote in the constituency for which he or she has returned a ballot.
- A list of post-graduate medical students provided by the appropriate Office of the Faculty of Medicine will be used to verify the eligibility of voters.

 - All mail ballots submitted by ineligible or unverifiable voters will be invalidated.
 - If more than one ballot is received from a voter, all such ballots shall be invalidated.
- Verification of the ballots occurs as the ballots are received and is conducted under the supervision of the CRO or designate. His or her decisions with respect to validation of ballots are final.

Scrutineering

- Each candidate for election may serve as his or her own scrutineer or appoint in writing a scrutineer for the tabulation of mailed returns in the constituency to which the candidate belongs.
- Scrutineers may also check the completed verification of mail ballot returns prior to tabulation.

Notification of Ballot Counting

- Prior to the end of the balloting period, the CRO will inform each candidate in writing of the place and schedule for counting ballots.
- Counting will begin at the given time whether or not candidates and/or scrutineers are present.
- In the event that a count time has to be changed, the CRO will use his or her best effort to contact all candidates concerned to inform them of the change.

- All ballots and return envelopes received will be held in security by the Office of the Governing Council for a period of twenty-one days after the announcement of election results or until the determination of all appeals, whichever is later, and will then be destroyed.

Elections not necessarily invalidated by irregularities

- An irregularity, failure, non-compliance or mistake in any proceedings relating to the election, or to the election in any constituency, does not invalidate the election if it appears to the Election Overseers that the election was conducted in accordance with the principles of these Guidelines and that the irregularity, failure, non-compliance or mistake did not or is not reasonably likely to have affected the result of the election.

6.c.vii Election expenses

- The CRO may lay charges of violations of campaign rules on his/her own initiative.

Investigation of Alleged Campaign Violations

- The CRO will investigate each allegation, assisted by such staff that he or she may wish to employ.

Frivolous and/or Vexatious Allegations of Campaign Violations

- In the case that the CRO receives frivolous and/or vexatious complaints, he/she may:
 - Warn the candidate complainant that, in his/her opinion, the complaints are frivolous and/or vexatious, and request that the complaints be withdrawn.
 - If the complainant refuses to withdraw the complaints, the CRO may assign a neutral party to investigate whether the complaint is frivolous and/or vexatious.

- If the neutral investigator determines that complaints received are frivolous and/or vexatious, the CRO is empowered to choose one of the following:
 - If the complainant is a candidate, recommend a sanction to the Elections Overseers;
 - Refuse to hear the complaint;
 - Recommend charges under the *Code of Student Conduct* or appropriate action under other relevant policies of the University including the *Statement on Prohibited Discrimination and Discriminatory Harassment*.
- Decisions made by the CRO in this regard are subject to appeal to the Elections Committee.

Hearings of Alleged Campaign Violations

- When an investigation confirms a campaign violation, the CRO will call a meeting of the Elections Overseers to discuss the charges of violations to the campaign rules and to decide on the appropriate action to be taken.
- The CRO will invite both the candidate making the allegation and the candidate alleged to have committed the offense to the meeting where the alleged violation will be addressed.
- Each candidate will have an opportunity to present his/her case.
- A written report of the meeting will be made available within a forty-eight (48) hour period to all those in attendance at the meeting.

Serious and Severe Violations

- Violations of these *Guidelines* and the policies and regulations of the University, its faculties, buildings and residences fall into two categories, *Serious* violations and *Severe* violations as interpreted by the Elections Overseers.
 - The Elections Overseers have the sole authority to determine the category into which a particular violation falls
 - The degree of a violation may influence its classification
- A **Serious** violation is one which contravenes the spirit and letter of these *Guidelines* in an attempt to gain an unfair advantage in the elections process but does not itself constitute a substantial effort to undermine that process.
- **Serious** violations might include, but are not limited to:
 - violations of the regulations concerning posters and information technology outlined in Appendix B of these *Guidelines*;
 - including, in the course of a campaign, material explicitly forbidden by these *Guidelines* (e.g. University Crest);
 - violations of any restrictions imposed by University faculties, departments, or administrative services;
 - unauthorized solicitation of votes, including but not limited to speaking in class without the prior permission of the instructor;
 - the use in a campaign of any tangible benefit;
 - deliberate misrepresentation of facts;
 - spending marginally over the maximum spending limit as set by the *Election Guidelines*;
 - making frivolous and/or vexatious campaign violation allegations.

- A **Severe** violation is one characterized by a deliberate and substantial effort to undermine the elections process;
- **Severe** violations might include, but are not limited to:
 - spending grossly over the maximum spending limit as set by the *Election Guidelines*;
 - intentionally misrepresenting campaign expenditures;
 - attempting to interfere in the election process, including the online voting process, as regulated by these *Guidelines*;

Sanctions

- Sanctions imposed for a confirmed violation may include:
 - Disqualification from the election;
 - Reduction or elimination of a candidate's reimbursement;
 - A declaration that an election in a particular constituency or the election of a specific candidate be ruled void.
- The University of Toronto reserves the right to charge any person who violates these *Guidelines* under the provisions of these *Guidelines* and under any other applicable Codes, including the *Code of Student Conduct* (<http://www.governingcouncil.utoronto.ca/Assets/Policies/PDF/studentc.pdf>) and the *Statement on Prohibited Discrimination and Discriminatory Harassment* (<http://www.governingcouncil.utoronto.ca/Assets/Policies/PDF/Statement+on+Prohibited+Discrimination+and+Discriminatory+Harassment.pdf>).

Disqualification

- The Elections Overseers may disqualify from the election (or void the election of) any candidate found to have committed a single *Severe* violation or two *Serious* violations of these *Guidelines*, or the policies and regulations of the University, its faculties, buildings and residences.
 - At their discretion, the Elections Overseers may choose not to disqualify (or void the election of) a candidate found to have committed two *Serious* violations if the cumulative effect of those violations does not, in their view, warrant disqualification (or voiding).

Declaration of Winning Candidate in the Event of a Disqualification

- In the event a winning candidate in any election is disqualified (or the election of a candidate is voided), the candidate with the next greatest number of votes will be declared elected, provided that this does not violate the proviso that no two elected candidates may be from the same college, campus or faculty in certain constituencies.

Publication of Confirmed Violations

- Details of confirmed violations, including the offending candidate's name, will be posted to the Governing Council web-site and, in web-based elections, to the voting web-site, for such time as the Elections Overseers deem appropriate.

APPENDIX C: Joint Statement on Campaigning in St. George Campus Residences

To: University Affairs Board
From: Council of Deans of Students and Deans of Residence
Date: November 12, 2007
Re: Joint Statement on Campaigning in Residences

As Deans of Students and Deans of Residence on the St. George campus, we are committed to making every effort to allow our residence students access to information about and opportunities to participate in, democratic processes.

We agree to the following principles with regards to campaigning in residences for Governing Council elections. Any candidate wishing to share information with students in residence will be allowed to do so in the following ways:

1. **Posting** – Posters may be distributed throughout the residence (up to a maximum of one poster per floor or house) with prior approval of the Residence Office.
2. **Information Tables/ Meeting with Students** – Candidates will be allowed, with prior approval from the Residence Office, to hand out informational materials and speak with students in public areas of the residence halls.
3. **Door to Door Campaigning** – Candidates will *not* be allowed to conduct door to door campaigning within the residence halls.

Exception: The one exception to this is at University College where, with prior approval of the Residence Office and when accompanied by a resident, candidates may be allowed to conduct door to door campaigning during specific evening hours. (see UC policy attached)

Sincerely,

APPENDIX D: Policy on Campaigning in Residence (University College)

Rationale:

In the spring of 2003 an ad-hoc committee of the UCRC was formed to discuss the issue of campaigners in residence during student elections. Residence students had brought forward concerns regarding building security, and invasion of privacy associated with door-to-door campaigning in the residences. The committee was comprised of members of the UCRC, the UCLIT, SAC, and the Residence Life Coordinator. The following guidelines were developed in an effort to strike a balance between ensuring the comfort and safety of all University College Residence students, while continuing to provide support and encouragement for student participation in the electoral process.

Guidelines:

1. a) Groups which are allowed to campaign in the UC Residences are limited to the UCRC, UC LIT, SAC (including all recognized clubs by Student Affairs), and Governing Council. All referenda under the mandate of the UCRC, UCLIT, and SAC are considered eligible as a campaign group.
- b) Campaigning door-to-door in residence is permitted Monday through Friday (incl.) 5-9 p.m.
- c) Times for posting campaigning material in designated areas in residence is not restricted.
1. All campaigners entering any of the UC Residences must either be a resident of the building themselves, or be accompanied by a resident of that building.
3. Residents may opt-out of door-to-door campaigning disturbances by using the opt out notice supplied by the Residence Office

Consequences:

If campaigners do not follow these guidelines, they will be asked to leave the residence and a complaint will be lodged with the elections committee.
