The status of a student as full time will be determined by the definition used in the student's academic division. For purposes of the Governing Council elections, students at the University of Toronto at Scarborough who are registered in a work term will be considered to be full-time students;

"Graduate Student" means all students registered in programs of part-time or full-time study leading to a degree or post-secondary diploma or certificate of the University or in a program designated by the Governing Council as a program of post-secondary study at the University in the School of Graduate Studies;

“Teaching Staff” means the employees of the University, University College, the constituent colleges and the arts and science faculties of the federated universities who hold the academic rank of professor, associate professor, assistant professor, full-time lecturer or part-time lecturer, unless such part-time lecturer is registered as a student, or who hold any other rank created by the Governing Council and designated by it as an academic rank for the purposes of clause 1 (1) (m) of *The Act*. For the purposes of Governing Council elections, lecturer is understood to include the ranks of Lecturer and Senior Lecturer, Tutor and Senior Tutor. (Lecturer includes associates in the Faculty of Dentistry.) Assistant Professor (conditional), Sessional Lecturer I, Sessional Lecturer II, Athletics Instructor and Senior Athletics Instructor have also been designated by the Governing Council as academic ranks for the purposes of clause 1 (1) (m) of *The Act*.

Chapter II - Purpose

Subsection 2 (2) of *The Act* established the composition of the Governing Council of the University as follows:

The Governing Council shall be composed of,

- (a) the Chancellor and the President, who shall be *ex officio* members;
- (b) two members appointed by the President from among the officers of the University, University College, the constituent colleges, the federated universities and the federated and affiliated colleges;
- (c) sixteen members, none of whom shall be students, members of the administrative staff or members of the teaching staff, appointed by the Lieutenant Governor in Council;
- (d) twelve members elected by the teaching staff from among the teaching staff;
- (e) eight members, four of whom shall be elected by and from among the full-time undergraduate students, two of whom shall be elected by and from among the graduate students, and two of whom shall be elected by and from among the part-time undergraduate students;
- (f) two members elected by the administrative staff from among the administrative staff; and
- (g) eight members who are not students or members of the teaching staff or the administrative staff elected by the alumni from among the alumni. 1971, c. 56, s. 2(2); 1978, c. 88, s. 2(1).

The purpose of these *Election Guidelines* is to provide a framework for the conduct of the election of teaching staff, administrative staff and student members to the Governing Council. Clause 2(14)(nb) of *The Act* provides for the Governing Council to “determine the manner and procedure of election of its members, including the determination of constituencies, assign students and members of the teaching staff and administrative staff to such constituencies, and conduct such elections ...”.

The *Guidelines* covering eligibility and nomination procedures are intended to reflect the provisions of the *Act* that members be elected by and from among their constituency. These *Guidelines* provide a mechanism for establishing the connection between a candidate and his or her constituency. It is important that the membership of the Governing Council reflects the community that it serves, and that each elected member is part of the community of interest shared by his/her constituency.

Once elected, members become trustees of the University with two key duties: the fiduciary duty and the duty of care and diligence both of which are encapsulated in the subsection 2(3) of *The Act*, which states that members of the Governing Council are to act "with diligence, honestly and with good faith in the best interests of the University...". Members of the Governing Council have a strict obligation in law to act in the best interests of the University of Toronto. While members bring to the table their own perspectives and those of the groups with whom they are associated, members do not act as anyone's delegate or primarily as vehicles for the expression of the concerns of a particular estate. Members are expected to put the interests of the University above their personal or constituency interests, recognizing and respecting the distinction between representing a community and representing the interests of a community.

Chapter III - Authority for the Conduct of the Elections

1. The election is conducted by the Governing Council under the authority of *The Act*.
2. In the event of any conflict between these *Guidelines* and the provisions of *The Act*, the provisions of the *Act* prevail.
3. These *Guidelines* pertain to the election of members from the teaching staff, administrative staff and students of the University to the Governing Council. These *Guidelines* may be applied, as appropriate, to the election of teaching staff and librarians to the Academic Board.
4. On the recommendation of the Secretary of the Governing Council, the University Affairs Board shall appoint a Chief Returning Officer who shall be responsible for the interpretation and implementation of these *Guidelines*. The Chief Returning Officer may not vote in any election.
5. The Secretary of the Governing Council, at his or her discretion, shall appoint a Deputy Returning Officer (or Deputy Returning Officers) and the appointment(s) shall be reported to the University Affairs Board for information. Deputy Returning Officers assist the Chief Returning Officer in his/her duties as appropriate, and act in his/her absence as required. Deputy Returning Officers may not vote in any election.
6. The Chief Returning Officer shall rule upon the validity of nominations, violations of campaign rules, voter eligibility, and verification and tabulation of returns, assisted by such legal counsel or such other advice he or she may wish to employ. The Chief Returning Officer's decisions concerning technical invalidation of nominations may be appealed to the Elections Committee.
7. The Chief Returning Officer has complete charge of all matters with respect to web-based voting in the Governing Council Elections and will maintain liaison with Student Information Systems on the production of the web-voting procedures.
8. The Chief Returning Officer may prescribe forms for use in connection with the election which may contain instructions, information and requirements in addition to those set out in these *Guidelines*, so long as they are not inconsistent herewith.
9. In matters of procedure not provided for in these *Guidelines*, the procedure shall be regulated by an analogy to the procedures that were employed in the previous Governing Council election, or if no analogy exists, as the Chief Returning Officer directs.
10. The members of the Elections Committee shall serve as the Election Overseers. The Election Overseers shall consider any objection to a ruling or decision of the Chief Returning Officer, as appropriate, or any appeal or other matter of contention regarding the validity of nominations, eligibility of voters, tabulation and verification of returns or any other question arising from the conduct of the election as outlined in these *Guidelines*. A majority of the Election Committee sitting as Overseers shall constitute a quorum for the consideration of any such objection, appeal or other matter of contention, and the decision of the Election Overseers in such matters shall be final and not subject to any further review or appeal.
11. No member of the Elections Committee who is standing for election, involved in an election campaign or endorsing a candidate for election may act as an Election Overseer unless observing this principle would result in a failure of quorum. In such circumstances, to achieve quorum, a member of the Elections Committee who is standing for election, involved in an election campaign or endorsing a candidate for election may sit as an Election Overseer provided he or she is not called upon to consider a matter arising from or pertaining to his or her constituency.

 - The signature of the candidate on the nomination form also signifies:
 - the candidate's agreement to abide by the rules and provisions outlined in these *Guidelines* and
 - the candidate's agreement that all those who work for him or her, both formally and informally, similarly agree to abide by the rules and provisions outlined in these *Guidelines*.
 - In the case of absence (other than casual) from Ontario of the candidate, the Chief Returning Officer may at his or her discretion accept verification of the candidate's willingness to stand, the possession of Canadian citizenship and approval of the candidate's statement by means of a cabled, telegraphed, telexed, faxed or e-mail message or a telephone call followed by written confirmation where the Chief Returning Officer is satisfied as to the authenticity of such message.

- All nomination papers must be received in the Office of the Governing Council by **5:00 p.m. on Friday, January 26, 2007**.
- Nominations received by **5:00 p.m. on Friday, January 26, 2007** will be subject to a verification process. The eligibility of nominators will be verified as follows:

 - all student constituencies - printed full name and student number against Repository of Student Information (ROSI) records

- administrative staff constituency - printed full name and department or office against records of the Human Resources Information Systems and staff records in the federated universities.
- In the event that one or more of a nominee's nominators cannot be verified, they may be replaced by the nominee if, in the judgment of the CRO, the error was made in good faith.
 - The deadline for this process will be the end of the verification period.

x) Certification of nomination

- A nomination will be certified as valid by the Chief Returning Officer only if:
 - a **candidate is eligible** for election in the constituency in which he or she is nominated;
 - the **nomination form is the one provided by the Chief Returning Officer** either in the Governing Council Office or on the web;
 - the nomination form contains at least the **minimum number of verified nominators**;
 - the **nominee's signature is present**, indicating his/her consent to stand for election; and
 - the **form is accompanied by the citizenship papers** required by these *Guidelines* and by the Chief Returning Officer.
- Following the close of nominations, **no alterations can be made to the nomination papers**.

xi) Errors or irregularities in nominations

- **The onus is on the person nominated for election to file a *bona fide* nomination paper.**
 - Errors and irregularities in these papers constitute grounds for rejection of the nomination.
 - Errors or irregularities may be corrected prior to the close of nominations.
 - The Chief Returning Officer will attempt to notify candidates of the existence of any errors or irregularities before the close of the nominations period, but is not bound to do so.
 - Candidates are advised to complete and submit their nomination papers early in the nomination period.

xii) Technical invalidation

- Nomination papers may be automatically invalidated on technical grounds by the Chief Returning Officer if they are:
 - in error
 - incomplete
 - not appropriately verifiable
 - not accompanied by the other papers required by these *Guidelines* and by the Chief Returning Officer.
- Such decisions may be appealed to the Elections Overseers.

- On **Thursday, February 1, 2007 at 12:00 noon**, the names of all candidates for office will be announced.

xiv) Filing of notice to appeal decision of invalidation

- Those whose nomination papers have been invalidated on technical grounds because their papers were found to be irregular or in error, may file a notice of intention to appeal to the Election Overseers. This notice must be filed in writing by **5:00 p.m. on Friday, February 2, 2007** at the Office of the Governing Council.

- The names of candidates nominated for election will be **public information** as they are received, **once the nomination has been validated.**
 - The **names of nominators will not be released** by the Chief Returning Officer to the public or the other candidates.
- xiii) Withdrawal of nomination
- A person nominated as a candidate in the election may withdraw the nomination by submitting a notarized statement to the Chief Returning Officer.
 - The Office of the Governing Council will make available such a document for completion and, if requested a sufficient time in advance, will arrange for its notarization.
 - If a person nominated as a candidate wishes to have his or her name removed from the ballot, he or she must withdraw by **Tuesday, February 13, 2007 at 5:00 p.m.**
 - Where a candidate withdraws the nomination after this time, the withdrawal and the fact that his or her name remains on the ballot do not invalidate the election and votes cast for the candidate who has withdrawn shall not be counted and are void.
 - In the case of elections in the Full-time Undergraduate Student Constituency II, when post-graduate medical students receive a mail ballot while all other students in the constituency vote in the web-based election, the fact that the names of candidates who have withdrawn after the mail ballot deadline but before the web-based ballot deadline remain on the mailed ballot does not invalidate the election and votes cast for the candidates who have withdrawn shall not be counted and are void.
- xix) Acclamations
- A candidate will be acclaimed – deemed to be elected – by the Chief Returning Officer when:
 - Following the completion of all verification and appeals procedures and the announcement of official candidates, the number of candidates nominated for election in any constituency is equal to or less than the number of members to be elected in that constituency, except when the acclamation would violate other provisions in these *Guidelines* (see, for example, the description of the Full-Time Undergraduate Constituencies in Chapter IV (a)).
 - where a person nominated as a candidate has withdrawn his or her nomination and, as a result, the number of the remaining candidates duly nominated is equal to or less than the number of members to be elected in the constituency in question, except where the acclamation would violate other provisions in these *Guidelines* (see, for example, the description of the Full-Time Undergraduate Constituencies in Chapter IV (a)).

b) Campaign period

i) Mandatory all candidates' meeting

 - If a candidate fails to attend this meeting, or to send an authorized representative, she/he will be declared ineligible to run in the election.
 - In the event that the meeting is missed due to illness, unforeseen transportation problems, a death or serious illness in the family, or other extenuating circumstances, the candidate can meet with CRO at another time to receive the information given at the all candidates' meeting, without being disqualified.
 - The candidate, whether present in person or not, is entirely responsible for all information provided at the all-candidates' meeting.

ii) Campaigning

- Campaigning for web-based elections may not begin before **12:01 a.m. on Monday, February 26, 2007**, and will end at the close of the voting period: **5:00 p.m. on Friday, March 9, 2007.**

c) Balloting

i) Eligibility

- Clause 2(14)(nb) of *The Act* states that: "...no person shall be eligible to cast more than one ballot".
- All eligible voters are entitled to vote using a ballot provided by the Chief Returning Officer for the election.
- Only ballots provided by the CRO may be considered valid; photocopies of ballots or copies of ballots obtained from other sources will be declared invalid.
- Candidates for election to the Governing Council who are eligible to vote in more than one constituency shall vote in the constituency in which they have declared their candidacy *per* subsection 2(3a) of *The Act* and Chapter VI(a)(ii) of these Guidelines. Otherwise, eligible voters shall vote according to the following rules:
 - Members of the teaching staff who hold a non-academic appointment will vote in the appropriate teaching staff constituency.
 - Sessional Lecturers I or Sessional Lecturers II who are employed by the University in any other way will vote in the appropriate teaching staff constituency.
 - Full-time students who are employed by the University as teaching assistants, research assistants, temporary library help, or in any other way, will vote in the appropriate student constituency.
 - Part-time students who are administrative staff employees of the University or teaching staff of the University may choose the constituency in which to vote, but they may vote in only one constituency.
- If more than one mail ballot is received from any one voter in a constituency in which the voter is entitled to vote, none of such ballots will be considered valid.

ii) By mail ballot

- teaching staff
- administrative staff
- post-graduate medical students

1. Method

- Ballots will be mailed to each voter at his or her sessional home address or the University address as recorded in the University's record systems. Where the Chief Returning Officer

has good reason to believe that a voter can be reached at a campus address as opposed to an off-campus address recorded in the University's record system, he or she may direct a ballot to the campus address.

- Each ballot will be accompanied by a small secrecy envelope into which the marked ballot should be sealed.
- Also provided will be a return-address envelope into which the small secrecy envelope should be sealed.
- Voters will be required to provide, on the upper left-hand corner of the return envelope, information sufficient to allow verification of their ballot return.
- All mail ballots submitted by ineligible or unverifiable voters will be invalidated.
- Each ballot will also be accompanied by an information sheet containing candidates' statements, information on the correct method to return the ballot, information on eligibility to use that particular ballot, and a short description of the powers and duties of the Governing Council.
- The information sheet will include instructions on how to obtain the correct ballot for persons who receive an incorrect ballot.
- Persons who receive no ballot will be advised, through advertisements in the campus media and on the Governing Council elections web-site, how to obtain a ballot. Non-receipt of mailed ballots will not invalidate an election.
- A person who indicates that he or she has not received a ballot by mail may obtain one ballot from the Chief Returning Officer in person, by mail or by written proxy.

2. Voting in multiple seat constituencies

- A voter may vote for as many candidates as there are seats vacant in his or her constituency.

3. Marking the ballot

- **Any kind of mark** on the ballot that indicates an intention on the part of the voter to cast a valid vote is acceptable.

4. Balloting by absent voters

- It is suggested that voters who will be absent from their recorded address during the balloting period arrange to have their ballot forwarded to them.

5. Returning ballots

- Ballots may be returned through either Canada Post or University delivery or by hand to the Office of the Governing Council, Simcoe Hall, Room 106.
- Ballots returned by electronic means such as facsimile or e-mail will be invalidated.
- **Once submitted, a ballot will not be returned to the voter, and may not be changed. A second ballot will not be provided.**

6. Verification of ballots

- All mail ballots received by the Office of the Governing Council will be verified to ascertain the eligibility of the voter to vote in the constituency for which he or she has marked a ballot.
 - Teaching and Administrative Staff lists as of approximately February 10th will be used.
 - Name, college/faculty/school and signature should be provided on the envelope as requested.
 - Failure to provide the information requested may result in invalidation of the ballot.

- If more than one ballot is received from a voter, all such ballots shall be invalidated.
- Verification of the ballots occurs as the ballots are received and is conducted under the supervision of the Chief Returning Officer. His or her decisions with respect to validation of ballots are final.

7. Counting of ballots

i) Scrutineering

- Each candidate for election may serve as his or her own scrutineer or appoint in writing a scrutineer for the tabulation of mailed returns in the constituency to which the candidate belongs, and such scrutineers may also check the completed verification of mail ballot returns prior to tabulation.

ii) Notification

- Prior to the end of the balloting period, the Chief Returning Officer will inform each candidate in writing of the place and schedule for counting ballots.
 - Counting will begin at the given time whether or not candidates and/or scrutineers are present.
 - In the event that a count time has to be changed, the Chief Returning Officer will use his or her best effort to contact all candidates concerned to inform them of the change.

iii) Equality of votes

- In the case of equality of votes where the election of the candidates receiving an equal number of votes would result in the election of a greater number of candidates than there are vacancies to be filled in any constituency, the successful candidate or candidates shall be determined by a second election between or among the candidates receiving an equal number of votes.
 - The Chief Returning Officer will set the new election schedule.
 - Ballots for this election will be mailed out within two weeks of the close of the first election.
- If the second election also results in an equality of votes the Chief Returning Officer will seek advice from the Elections Committee on how to proceed.

iv) Announcement of results

- The number of votes received by each candidate will be announced, as will the number of spoiled ballots received.

v) Recounts

- If authorized by the Elections Overseers, a recount will be conducted on the written request of any candidate in a constituency, received within a period of seven days after the announcement of the election results.

vi) Retention and disposal of ballots and return envelopes

- All ballots received, and all return envelopes, will be held in security by the Office of the Governing Council for a period of twenty-one days after the announcement of election results or until the determination of all appeals, whichever is later, and shall thereafter be destroyed.

iii) By web-based voting

- all graduate and undergraduate students

1. Date of election

- The election will normally be held over five consecutive days (Monday to Friday), chosen by the Chief Returning Officer in the period between the beginning of February and the end of March.
- The Chief Returning Officer may establish advance web polls where it appears that because of a lack of scheduled University activities, a significant number of voters in a division may not have a fair opportunity to vote.

2. Hours of voting

- Web voting will be held from Monday to Friday during the hours ROSI is accessible (Monday: 6:00 a.m. to 11:45 p.m.; Tuesday to Thursday: 12:15 a.m. to 11:45 p.m.; Friday: 12:15 a.m. to 5 p.m.).

3. Web-voting stations

- Web access is available free on computers in the Information Commons and its satellite facilities on all three campuses and in many colleges, faculties and libraries. Some students will have web access through their personal computers.

4. Voting

- At the time the voter logs into ROSI, he/she will be asked to provide his/her student number and personal identification number.
- After successfully logging in to ROSI, the voter may click on the election button on the ROSI homepage. ROSI can be accessed either directly or through the Governing Council or the Information Commons homepages during the election period; verification of eligibility of the student to vote in the various constituencies will be determined by records in ROSI.
- Once recognized as a valid voter, the voter will then be informed of the constituency in which he/she is eligible to vote and provided with a list of options, including casting a ballot and reading the candidate statements.
- The candidates will be listed in alphabetical order by surname.
- The voter may vote for the number of candidates that corresponds with the number of vacant seats in the constituency, and may change his/her vote at will until the vote is recorded.
- The voter may choose not to vote at this point and may exit the election site and return to the process at another time.
- Once the voter has decided for whom to vote, clicking the “cast ballot” button brings up a confirmation screen. You may still correct your ballot at this point by returning to the ballot screen. Clicking the “cast your ballot” button will record your vote.
- If the voter marked no candidate or more than the maximum number allowed, a message will indicate that the ballot as marked is invalid and ask the voter to amend the ballot before clicking the “cast ballot” button again. If the voter does not wish to amend the ballot, an invalid ballot will be recorded if the “cast ballot” button is clicked the second time without changes being made to the ballot.
- If the voter leaves all candidate choices blank, and then chooses to cast his/her ballot, he/she is advised that he/she has not selected any candidates, and at that point can choose the ‘Spoil Your Ballot’ button.
- A student who has already voted will not be accepted by ROSI as an eligible voter a second time.

5. Verification of ballots

- In web-based voting, verification of the voters eligible to cast ballots is part of the process of allowing the voter to cast a ballot. Separate verification is not required.

6. Counting of ballots
 - i) Notification
 - The Chief Returning Officer will receive a confidential report of the results that will be shared with the candidates at a scheduled meeting and then made public.
 - ii) Equality of votes
 - In the case of equality of votes where the election of the candidates receiving an equal number of votes would result in the election of a greater number of candidates than there are vacancies to be filled in any constituency, the successful candidate or candidates shall be determined by second election between or among the candidates receiving an equal number of votes which will be held no later than two weeks after the close of the first election. The Chief Returning Officer will set the new election schedule.
 - If the second election also results in an equality of votes, the Chief Returning Officer will seek advice from the Elections Committee on how to proceed.
 - iii) Announcement of results
 - The number of votes received by each candidate will be announced, as will the number of spoiled ballots recorded.
 - iv) Recounts
 - As there are no individual ballots in web-based voting, a recount is not possible.
 - v) Retention of results
 - The results of web voting will be kept on the ROSI system for twenty-one days after the announcement of election results or until the determination of all appeals, whichever is later, and shall thereafter be destroyed.
- d) Appeals
 - i) Appeals concerning nominations
 - See Chapter VI (a)(xv) and (xvi) for information concerning appeals concerning nominations.
 - ii) Filing of notice to appeal
 - Candidates may file a notice of intention to appeal any matter arising in the conduct of elections, including the announcement of results but excepting a matter for which no appeal is provided. Appeals must be filed in writing at the Office of the Governing Council by **5:00 p.m. on Friday, March 16, 2007** for web-based elections, and **5:00 p.m. on Tuesday, March 27, 2007** for mail ballot elections.
 - iii) Appeals
 - Appeals will be completed by **5:00 p.m. on Wednesday, March 28, 2007**, for web-based elections and **4:00 p.m. on Thursday, April 5, 2007** for mail ballot elections. The decision of the Election Overseers shall be final and not open to review.
- e) Elections not necessarily invalidated by irregularities

An irregularity, failure, non-compliance or mistake in any proceedings relating to the election, or to the election in any constituency, does not invalidate the election if it appears to the Election

Overseers that the election was conducted in accordance with the principles of these *Guidelines* and that the irregularity, failure, non-compliance or mistake did not or is not reasonably likely to have affected the result of the election.

f) Election expenses

i) Spending limit

- Spending limits for the teaching staff are set at \$400 with \$300 reimbursable.
- Spending limits for the administrative staff are set at \$800 with \$600 reimbursable.
- Each year a separate spending limit will be set for each constituency in the student elections. The limit will be calculated on the basis of \$50 per thousand students enrolled as of November 1, with a minimum \$400.

- In 2006, the spending limits were:

Full-time undergraduates, Faculty of Arts and Science, UTSC and UTM	\$ 2023
Full-time undergraduates, professional faculties	\$ 585
Part-time undergraduates	\$ 400
Graduate students – Constituency I	\$ 400
Graduate students – Constituency II	\$ 400

(See Chapter VI (f)(iii) below for procedures concerning enforcement of this limit and Appendices B and C concerning posters and campaigning.)

- In the event that an additional election is required as a result of an equality of votes in the previous election, a separate spending limit will be established by the Chief Returning Officer.

ii) Reimbursement of election expenses

- A student candidate who obtains at least 25 percent of the votes obtained by the candidate elected in the constituency with the lesser number of votes will be refunded an amount equal to the lesser of:
 - (a) the first \$100 of spending, plus seventy-five percent of any additional spending of amounts above \$100 and less than the spending limit for the candidate's constituency,
 - or
 - (b) actual expenses.
- Expenses eligible for reimbursement include, but are not limited to, the following:
 - paper and office supplies

 - costs which could be considered of a personal nature and unrelated to the campaign
 - web design and domain expenses not explicitly related to the election
 - medical expenses including prescription and non-prescription drugs.

- Candidates who do not receive the required number of votes will not be eligible for any reimbursement.
- All candidates, whether they are seeking reimbursement or not, are required to submit receipts for all expenses including a statement of all donated goods and services actually used in the candidate's campaign (except voluntary unpaid labour) with their fair market value thereof, within fourteen days of the close of the election.
- Candidates will be required to sign a sworn statement that all expenses have been disclosed and that the total represents the total amount of expenses by the candidate or by anyone acting on his or her behalf or with his or her knowledge and consent.

iii) Enforcement of the election expenses limit

- Enforcement of the election expenses limit will be effected by the requirement to submit the sworn statement. There will be no circumstances under which the limit may be exceeded.
- If the sworn statement indicates that the limit has been exceeded, or if an allegation is made that a candidate has exceeded the limit, the Chief Returning Officer will investigate the matter and, if warranted, take the alleged violation to the Elections Committee acting as the Election Overseers.
 - A hearing will be held.
 - The decision of the Election Overseers will be final and binding.
 - If the candidate is found guilty, and has been successful in the election, he/she will be disqualified and lose his/her seat.
- Failure to submit the sworn statement concerning election expenses may be referred by the Chief Returning Officer to the Elections Committee which acting as the Election Overseers may conduct a hearing and impose penalties including, but not limited to, public announcement, disqualification from future Governing Council elections for a year or number of years, or, if the candidate has been successful in the election, disqualification and loss of seat.
- With in seven days of the deadline for submitting the sworn statement, the Chief Returning Officer must inform the Elections Committee and the concerned candidate(s) of any irregularities that have been discovered. If a hearing is necessary, it should be held as soon as possible and should be completed no later than five weeks following the close of the election.

g) Resignation for ineligibility

- A candidate will be declared ineligible if at any time during the election period he or she ceases to meet the eligibility requirements for that seat.
- An elected governor must resign if, at any time during his or her term, he or she ceases to be a member of the constituency in which he or she was elected.
 - Teaching staff holding the academic rank of **Sessional Lecturer I or Sessional Lecturer II must continue to have an appointment in the constituency in which they were elected.**
 - **A student member of Governing Council must be registered in the constituency in which he or she holds his or her seat by Monday, September 17, 2007.**
 - If an undergraduate student governor from the University of Toronto at Scarborough is not registered in the fall semester (September – December 2007), he/she must have been registered in the May – August 2007 semester, and must sign a letter of intent declaring that he/she will be registered in the January – April 2008 semester.
- Please note the exception for students registered in double degree programs, page 10.

h) By-elections

- By-elections shall take place automatically unless the vacancy occurs within eight months of the end of a member's term.
- If the vacancy occurs in that period, the Chief Returning Officer shall consult the Elections Committee as to whether a by-election shall be held.

- Notice of the Committee's meeting will be given to the appropriate recognized constituency organization in sufficient time to allow comments to be made to the Committee.
- The decision of the Committee on whether a by-election should be held is final and binding.
- By-elections shall take place under the authority and regulations of the Chief Returning Officer, using procedures analogous to those contained elsewhere in these *Guidelines*.

i) **Re-opening of nominations**

- If no verified nomination papers are filed during the nomination period, or the number of verified nomination papers is fewer than the number of available seats, the Chief Returning Officer may re-open nominations twice.

13. **Violation of Campaign Rules**
 - (a) The Chief Returning Officer (CRO) shall have the sole authority to enforce the provisions of the *Election Guidelines*.
 - (b) No candidate may attempt to enforce the provisions of the *Election Guidelines*.
 - (c) Allegations of violation of the *Election Guidelines* by a candidate or one of the candidate's workers shall be submitted in writing to the CRO who shall decide on the charge.
 - (d) The CRO may lay charges of violations of campaign rules on his/her own initiative.
 - (e) A charge of a violation must be given in writing to the CRO within five days of the alleged violation. The CRO will investigate each allegation, assisted by such staff that he or she may wish to employ.
 - (f) In the case that the CRO receives frivolous and/or vexatious complaints, he/she may:
 - (i) Warn the candidate complainant that, in his/her opinion, the complaints are frivolous and/or vexatious, and request that the complaints be withdrawn.
 - (ii) If the complainant refuses to withdraw the complaints, the CRO may assign a neutral party to investigate whether the complaint is frivolous and/or vexatious.
 - (iii) If the neutral investigator determines that complaints received are frivolous and/or vexatious, the CRO is empowered to choose one of the following:
 - a. If the complainant is a candidate, recommend a sanction to the Elections Overseers;
 - b. Refuse to hear the complaint;
 - c. Recommend charges under the *Code of Student Conduct* or appropriate action under other relevant policies of the University including the *Statement on Prohibited Discrimination and Discriminatory Harassment*.
 - (iv) Decisions made by the CRO in this regard are subject to appeal to the Elections Committee.
 - (g) The Elections Committee shall meet from time to time as the Election Overseers at the call of the CRO to discuss any charges of violations to the campaign rules and to decide on the appropriate action to be taken, with such meeting being subject to the following:
 - (i) The CRO shall invite both the candidate making the allegation and the candidate alleged to have committed the offense to the meeting where the alleged violation will be addressed. Each candidate will have an opportunity to present his/her case.
 - (ii) A written report of the minutes of the said meeting will be made available within a forty-eight (48) hour period to all those in attendance at the meeting.
 - (h) It will be the responsibility of the candidate to ascertain his/her position with respect to decisions made by the Election Overseers regarding alleged violations committed by the candidate. This must be done on a daily basis by consulting the CRO, a published list, or

minutes posted on a designated elections space in the Office of the Governing Council or on its web-site.

- (i) Details of confirmed violations, including the offending candidate's name, will be posted to the Governing Council web-site and, in web-based elections, to the voting web-site, for the duration of the election or until such time as the Elections Overseers determine, whichever is shorter.
- (j) Sanctions assessed for a confirmed violation may include:
 - (i) Disqualification from the election;
 - (ii) Reduction or elimination of a candidate's reimbursement;
 - (iii) A declaration that an election in a particular constituency or the election of a specific candidate be ruled void.
 - (iv) Publication of the violation, its details and the name of the offender on the elections web-site for the duration of the election
- (k) Violations of these *Guidelines* and the policies and regulations of the University, its faculties, buildings and residences fall into two categories, *Serious* violations and *Severe* violations as interpreted by the Elections Overseers. In principle, a *Severe* violation is one characterized by a deliberate and substantial effort to undermine the elections process; in contrast, a *Serious* violation is one which contravenes the spirit and letter of these *Guidelines* in an attempt to gain an unfair advantage in the elections process but does not itself constitute a substantial effort to undermine that process. The Elections Overseers have the sole authority to determine the category into which a particular violation falls, guided by the following observations, and acknowledging that the degree of a violation may influence its classification:
 - (i) *Serious* violations might include, but are not limited to:
 - violations of the regulations concerning posters and information technology outlined in Appendix B of these *Guidelines*;
 - including, in the course of a campaign, material explicitly forbidden by these *Guidelines* (e.g. University Crest);
 - violations of any restrictions imposed by University faculties, departments, or administrative services;
 - inappropriate use of property, including but not limited to chalk messages on sidewalks, adhesive stickers/signs affixed to furniture and/or equipment;
 - unauthorized solicitation of votes, including but not limited to speaking in class without the prior permission of the instructor;
 - the use in a campaign of any service or tangible benefit conferred on a candidate by virtue of his/her holding any position in any organization on campus. This includes, but is not limited to, office supplies, equipment, advertising space, secretarial service, email lists and other privileged information, and funding;
 - unauthorized use of University resources, including but not limited to printing, copying, office supplies, equipment and secretarial service;
 - deliberate misrepresentation of facts;
 - spending marginally over the maximum spending limit as set by the *Election Guidelines*;
 - making frivolous and/or vexatious campaign violation allegations.
 - (ii) *Severe* violations might include, but are not limited to:
 - spending grossly over the maximum spending limit as set by the *Election Guidelines*;
 - intentionally misrepresenting campaign expenditures;
 - attempting to interfere in the election process as regulated by these *Guidelines*;

- soliciting Student Information System (SIS) and/or Personal Identity Number (PIN) numbers.
- (l) The Elections Overseers may disqualify from the election (or void the election of) any candidate found to have committed a single *Severe* violation or two *Serious* violations of these *Guidelines*, or the policies and regulations of the University, its faculties, buildings and residences. At their discretion, the Elections Overseers may choose not to disqualify (or void the election of) a candidate found to have committed two *Serious* violations if the cumulative effect of those violations does not, in their view, warrant disqualification (or voiding).
- (m) In the event a winning candidate in any election is disqualified (or the election of a candidate is voided), the candidate with the next greatest number of votes will be declared elected, provided that this does not violate the proviso that no two elected candidates may not be from the same college, campus or faculty in certain constituencies. (See the section on the student constituencies in Chapter IV.)
