HIGHLIGHTS:

CATEGORY 5

The University's Policy on Ancillary Fees, under Category 5, permits divisions to charge students for the reasonable cost of the provision of certain learning materials and services. The University, through its operating budget, is responsible for the delivery of an academic program, but the student may be expected to purchase the requisite materials prescribed for the program.

These cost recovery fees include fees for: publications, case studies, or laboratory manuals; field trips; clothing; equipment that becomes the property of the student; equipment rentals; other goods or services provided individually to students for their exclusive use; and any non-credit remedial instruction provided. All of the fees reported fall within one of these categories. As directed under the policy, the only cost recoveries that may be charged are those shown on the University Schedule of Cost Recovery Fees. This schedule has been updated and is attached for the Business Board's information. (See Attachment B).

For 2009-10, we have continued our efforts to simplify the schedule of Category 5 Cost Recovery Ancillary Fees. We have encouraged divisions to reduce the number of fees by combining them into a single omnibus fee for course materials, or by eliminating small fees entirely. After achieving a reduction of 40 (6%) of these fees in 2008-09, we have achieved a further reduction of 148 (29%) of these Category 5 fees in 2009-10. We expect to see a phased reduction in the number of fees on this schedule over the next several years.

CATEGORY 6

These fees include fees for special registration arrangements, optional copies or records, special arrangements relating to examinations, placement fees, library fines, application fees, and other services. None of these fees is subject to the MTCU policy on ancillary fee protocols.

Details of changes to the existing fees are given on the following pages. Additions to the schedule are under a separate cover of approval.

The 2009-10 schedule of Category 6: Administrative User Fees and Fines is attached. (See Attachment C).

FINANCIAL AND/OR PLANNING IMPLICATIONS:

CATEGORY 5

The fees are set at a level to cover the cost of the service.

CATEGORY 6

In 2007-08, these fees produced \$13,528,320 in income for the University's academic divisions, which closely matched the costs of providing the relevant services.
