“Teaching Staff” means the employees of the University, University College, the constituent colleges and the arts and science faculties of the federated universities who hold the academic rank of professor, associate professor, assistant professor, full-time lecturer or part-time lecturer, unless such part-time lecturer is registered as a student, or who hold any other rank created by the Governing Council and designated by it as an academic rank for the purposes of clause 1 (1) (m) of The Act. For the purposes of Governing Council elections, lecturer is understood to include the ranks of Lecturer and Senior Lecturer, Tutor and Senior Tutor. (Lecturer includes associates in the Faculty of Dentistry.) Assistant Professor (conditional), Athletics Instructor, Senior Athletics Instructor, Sessional Lecturer I and Sessional Lecturer II have also been designated by the Governing Council as academic ranks for the purposes of clause 1 (1) (m) of The Act.

A teaching staff member's constituency will normally be determined on the basis of his or her major teaching appointment to a faculty, college or school. In the event that a teaching staff member's major appointment does not uniquely determine a single constituency, he or she must select a constituency from among those so determined. Only in the case of a teaching staff member without a teaching appointment to a faculty, college or school, will his or her constituency be determined by another appointment. Teaching staff who hold a concurrent non-academic or academic non-teaching appointment will vote in the appropriate teaching staff constituency.
