The Secretary of the Governing Council is an ex officio, non-voting member.

¹ Constituency definitions are provided in the University of Toronto Act, 1971.
² Normally, one of the two administrative staff positions will be reserved for a librarian.
³ “Other members of the community” refers to individuals in the broader community who have an interest in, commitment to or affiliation with the campus.
⁴Students include UTM-registered and UTM-affiliated students. UTM-affiliated students include but may not be limited to School of Graduate Studies students affiliated with the UTM campus (graduate students) and Faculty of Medicine (Mississauga Academy of Medicine) students affiliated with the UTM campus (undergraduate students).
1. **MEMBERSHIP** (cont’d)

The President may appoint annually University Officers as non-voting assessor members of the UTM Council in addition to the *ex officio* voting assessor.

1.2 **Term**

Terms begin on July 1 and continue to June 30.

1.3 **Appointment/Election of Members**

1.3.1 **Appointment of Governing Council Members to the UTM Council**

The Governing Council members of the UTM Council are appointed annually by the Governing Council and may be re-appointed subject to their continued membership on the Governing Council.

1.3.2 **Appointment/Election of Non-Governing Council Members to the UTM Council**

1.3.2.1 **Election of Administrative Staff, Students, and Teaching Staff of the UTM Campus**

Non-governors will be elected by and from among their respective UTM estates in a manner consistent with elections for the Governing Council as overseen by the Elections Committee of the Governing Council. The non-Governing Council student members are elected annually and may be re-elected. The non-Governing Council administrative staff and teaching staff members are elected for three-year terms and may be re-elected. Non-governors may serve on the UTM Council for a maximum of nine consecutive years, which is consistent with the maximum number of years that a member may serve on the Governing Council.\(^5\)

1.3.2.2 **Appointment of Community Members by the UTM Council Agenda Committee**

The representative UTM Council Agenda Committee will serve as a nominating committee for community members (alumni and other individuals from the broader community with a close relationship with the campus) of the UTM Campus Council.\(^6\) Membership of this Committee is outlined in Section 1 of the UTM Council Agenda Committee terms of reference. In fulfilling its responsibilities as a nominating committee, the UTM Council Agenda Committee will issue a broadly-based call for nominations for community members of Campus Council. In developing recommendations for alumni appointments, preference will normally be given to alumni of the UTM campus. The UTM Council Agenda Committee will recommend the community membership of the UTM Council, which is responsible for appointing those members. When serving as the nominating committee, the UTM Council Agenda Committee meets *in camera.*

---

\(^5\) *University of Toronto Act, 1971*, Section 2 (9).

\(^6\) The Governing Council’s Nominating Committee for Lieutenant Governor-In-Council Governors will serve as the nominating committee during the transition period while the UTM Council is being established in the initial year. For this purpose, the committee will include the Vice-President and Principals of UTM and UTSC.
1.4 Officers of the UTM Council

1.4.1 Chair and Vice-Chair

The Chair and Vice-Chair of the UTM Council shall be elected annually from among the members of the Governing Council on the UTM Council.

1.4.2 Secretary

The Standing Committees of the UTM Council are:

- Academic Affairs Committee
- Campus Affairs Committee
- Campus Council Agenda Committee

3.2 Special Committees

From time to time the UTM Council may find it useful to establish Special Committees to consider particular issues. Special Committees are normally formed on the recommendation of the UTM Council Agenda Committee, when, in the view of the UTM Council, one or more of the following conditions exist:

a) an issue cannot be accommodated easily within Standing Committee schedules - either intense scrutiny is required in a relatively short time or thorough examination of complex issues is necessary over a relatively long period of time;
3. COMMITTEES (cont’d)

3.2 Special Committees (cont’d)

b) an issue does not fall readily under an existing Standing Committee - either because it is not clearly within any Standing Committee's terms of reference or because aspects of the issue cut across several bodies;

c) there is a need for the participation of experts not represented on the relevant committee.

A recommendation from the UTM Council Agenda Committee to establish a Special Committee shall include terms of reference, an outline of membership, the anticipated reporting date and the date of disestablishment.

4. FUNCTION

On behalf of the Governing Council, the UTM Council exercises governance oversight of campus-specific matters, as well as any matters assigned to it by the Governing Council from time to time. In general, the UTM Council is concerned with matters affecting the Campus’ objectives and priorities, the development of long-term and short-term plans and the effective use of resources in the course of these pursuits.

Decisions of the UTM Council may be final with confirmation by the Executive Committee on behalf of the Governing Council, or constitute a recommendation to the Governing Council or one of its bodies.

5. AREAS OF RESPONSIBILITY

5.6 Matters for Information

The UTM Council receives, annually from its assessors, reports on matters within its areas of responsibility, including statements of current issues, opportunities and problems, and recommendations for changes in policies, plans or priorities that would address such issues.

6. PROCEDURES

6.1 Meetings

The UTM Council normally meets in open session but may, pursuant to section 33 of By-law Number 2 of the Governing Council, meet in closed session or in camera when: (i) matters may be disclosed at the meeting of such a nature, having regard to the circumstances, that the desirability of avoiding open discussion thereof outweighs the desirability of adhering to the principle that meetings be open to the public; or (ii) intimate financial or personal matters of any person may be disclosed at the meeting or part thereof. The UTM Council will use the procedures set out for the meetings of the Committees of the Governing Council.

6.2 Consent Agenda

The UTM Council Agenda Committee may determine that an item should be placed on a “consent” portion of the agenda. Those items are not given individual consideration by the UTM Council, unless a member so requests. Rather, members with questions for clarification or requests for further information may contact the assessor or other contact person shown on the item in advance of the meeting. Members with concerns who would like an item to be discussed by the UTM Council should notify the Secretary at least 24 hours in advance of the meeting. Upon the request of any member, the matter will be considered by the UTM Council in the usual manner.

Where a consent item requires a resolution of the UTM Council, and where no member has requested consideration of the item in the usual manner, the motion will be placed before the UTM Council and seconded, and it will normally immediately proceed to a vote without introduction or discussion.

Where a consent item is for information only, and where no member has requested consideration of the item in the usual manner, the item will normally be taken as received by the UTM Council without introduction or discussion.
6. PROCEDURES (cont’d)

6.3 Additional Reports for Information

To keep members abreast of developments in a timely manner, certain reports for information required by these terms of reference and others as decided by the UTM Council Agenda Committee from time to time will be considered by means of electronic publication. Members will be notified once the reports are made available. Members who have questions about a report will be invited to contact the sponsor of the item. Members with concerns about the report who would like it to be discussed by the UTM Council should notify the Secretary at least fourteen days in advance of the next meeting to enable consideration by the UTM Council Agenda Committee. The report will be considered by the UTM Council at that meeting in the usual manner.

Principles of Good Governance

A. Preamble

Subject to applicable laws, University governance must be guided by excellent principles of good governance in relation to stewardship and public accountability, and at the same time recognize the unique nature and characteristics of the academic community or institution, including:

- the fundamental autonomy of universities, coupled with the essential responsibility for public accountability;
- the need to respect the academic mission of excellence in teaching and research;
- the importance of ensuring that academic freedom and responsibility are respected;
- the need to be seen to be accountable – through transparency – to all parties interested in and supporting the University;
- the desire for meaningful and objective stakeholder participation in governance; and
- the diversity and broad representation of governors.

B. Governance Principles

Good governance principles begin with appropriate disclosure, transparency and clear lines of accountability between governance and administration. Aspects of this fundamental framework include: membership, role, the nature of meetings, expectations and attributes, as well as identification and selection, orientation and education, and evaluation of governors.

1. Membership

- Governors understand and are committed to their fiduciary responsibilities for the institution, both with respect to long-term stewardship and short-term decision-making.

- All estates are engaged (for the University, this means administrative staff, alumni, government appointees, students, teaching staff). The appropriate type, level and timing of engagement will vary among these groups with respect to the matters for which governance is responsible.

- The requirements for independence, credibility and legitimacy of all members are consistently met. Legitimacy derives from the process of appointment or election; credibility derives from experience, expertise, integrity and ability. Independence must be understood in the context of the representation from all estates; the natural tension that exists in this situation requires careful monitoring and leadership.
• Terms of service are appropriate for enabling governors to be effective in executing their responsibilities.

2. Role

• Governance approval, oversight and advice, where specified, cover a broad range of institutional responsibility:
  
  - strategy,
  - image and reputation,
  - finances,
  - capital expenditures and infrastructure,
  - human resources and compensation, including leadership recruitment and evaluation,
  - risk management,
  - academic quality, and
  - student experience.

3. Nature of Meetings

• Governance responsibilities are conducted through a set of committees with clear accountability and delegated authority for advice, oversight and/or approval. The board – or in the University’s case, the Governing Council – retains responsibility to advise on, oversee and/or approve specific matters within this framework of delegated authority.

• The conduct of governance meetings will balance open and confidential / closed discussion in order to ensure appropriate debate and respect for confidentiality.

• Members are provided with necessary and timely information to enable them to fulfill their governance responsibilities.

4. Expectations and Attributes

• Governors are collectively and individually stewards of the University. Each Governor must act in good faith with the view to the best interests of the University.

• Each Governor has the obligation to ensure his/her actions and choices always consider the long term impact for the university as a whole.

• While each Governor may be informed by concerns of his/her individual constituency, it is the absolute duty of a Governor to do what he/she can to ensure that all the constituencies in the future will also be well-served by the decisions that are taken today.

5. Identification and Selection

• Whether members are elected or appointed, the process for identifying or nominating potential candidates from each constituency should be open and transparent, with clearly articulated and broadly communicated information on governance, expectations of members and the preferred skills and experience of members.
• Whether members are elected or appointed, the process for selection should be characterized by a well-constructed interview or similar opportunity for the selectors/electors to understand the candidates and their qualifications fully.
6. **Orientation and Education**

- Effective governance relies on governors who are knowledgeable about their roles and responsibilities as fiduciaries and who are also knowledgeable about the institution, its history and culture, its current situation and its future plans. Governors must also be knowledgeable about the context in which they are asked to make decisions, including, for example, the legislative and policy environment affecting postsecondary education and research, the multi-faceted funding environment and societal expectations of universities. Regular or periodic educational opportunities that build on the initial orientation are essential to ensure that members are current on a range of matters related to the execution of their responsibilities.

7. **Evaluation**

- Regular evaluation of governance performance against the defined principles, and relative to general good governance standards, is necessary to ensure continuous improvement and the highest standards. In reviewing principles of governance from other organizations or sectors “best practices” need to be carefully assessed given the character and history of an institution.

1. **Preamble**

Assuring the quality of governors begins with ensuring a clear articulation and understanding of expectations, attributes and principles of ethical conduct.

Governors are collectively and individually stewards of the University. Each Governor must act in good faith with the view to the best interests of the University as a whole, to defend the autonomy and independence of the University and to enhance its public image.

Fundamental to this is the awareness of and compliance with all applicable laws, regulations, University policies and procedures – however principles of ethical conduct go beyond these prerequisites. As Governors of the University of Toronto, there is an obligation to meet legal requirements but also to guide one’s behaviour and decisions on the basis of **trust**, **honesty** and **integrity**.

All members of the University – whether Governors, Administration, Faculty, Students, or Other Staff – are guided by principles of ethical conduct which must be aligned. The elements of this document are intended to complement similar materials guiding other groups within the University.

2. **Expectations and Attributes of Governors**

To fulfill expectations of a Governor’s responsibilities, principal duties include:

1. Advancing and upholding the mission of the University; and

2. Understanding and having relevant input into the University’s vision, strategies and objectives.

3. Assuming, with the other Governors, the stewardship role of overseeing the business and affairs of the University.

4. Exercising informed judgement – within a reasonable time of joining the Council, becoming knowledgeable about the University and its role in the province, the country, and globally; the academic sector more broadly; emerging trends, issues and challenges, thereby being able to provide wise counsel on a range of issues, through knowledge of and experience with topics and their context.

5. Understanding the current governance policies and practices, the mandates and authorities of the committees on which he or she serves.

6. Understanding that the Governing Council’s role is one of oversight with a focus on strategic matters rather than management or administration.
7. Preparing thoroughly for each meeting by reviewing the materials provided and requesting, as appropriate, clarification or additional information in order to appropriately add value in deliberations and exercising oversight.

8. Communicating persuasively and logically at governance meetings and being willing to be accountable for and be bound by decisions made by the Governing Council or its Boards/Committees.

9. Voting on all matters requiring a decision except where a conflict of interest may exist.

10. Committing to participate actively in governance meetings. Attending at least 75% of all meetings and advising the Secretariat in advance if one must be absent and, if there is a need for extended absences, consulting with the Chair about the need and implications. Electronic participation can be considered in some circumstances.

3. Key Principles of Ethical Conduct

Reflecting good governance practice, and to sustain the strong historical commitment to the highest level of ethical integrity showcased by Governors in conducting all of their affairs, the following principles are highlighted for clarity. Consistent with the University’s values, including academic freedom, collegiality and civil discourse, these are intended to complement other applicable statutes, policies, guidelines and other materials within the University to guide considerations and conduct. They are not intended to be static, encompassing rules.

Respect for Others

Every member of the University should be able to work, live, teach and learn in an environment free from discrimination and harassment. Inappropriate language or behaviour which may impair these conditions is not to be tolerated. Respect for the rights and dignity of others regardless of differences must be maintained; demeaning actions or behaviour along sexual, racial, physical, socioeconomic or political lines has no place in our University.

The University’s obligation, role modelled by Governors, is to support the fullest range of respectful and constructive debate. This inclusive dialogue supports the principles and the professional conduct of good governance, which fosters diligent and thoughtful advice, and objective, informed approval.

Conflicts of Interest (business/financial, family, personal relations, employment)

Occasionally, situations may arise when a Governor’s interests may actually or appear to conflict with their role and responsibility to the University. A conflict can arise when one’s position on the Governing Council can reasonably be seen to unfairly advance one’s own personal benefit involving:

- Business or financial interests;
- Employment;
- Family; or
- Personal Relations.
All members are responsible for maintaining the transparency which the University prides itself on within the immediate and broader communities. As such, any actual, potential, or appearance of a conflict must be disclosed, considered, and appropriately managed or eliminated. If one has any doubt, the Secretary of the Governing Council is the first contact for discussion, who may seek additional advice or counsel where valuable, and who may refer the matter to the Chair.

**Protecting Confidential Information**

In their highly trusted advisory and governing capacities, Governors will be exposed to different types of sensitive information requiring considered use and confidentiality. This may concern faculty, staff, administration or students; it may, for example, be specific to University affairs or financial business, or it may be proprietary to the University.

Governors must ensure that they fully understand their obligations and maintain this information in confidence.

**4. Questions, Clarification and Concerns**

The Secretary of the Governing Council is available for discussion of any questions or clarification, whether of one’s personal situation relative to a matter before Council or its committees or observations of other Governors. When requested, concerns can be raised anonymously and the confidentiality of the information provided will be respected.

Mandate of Governance

A. Preamble

The “Principles of Good Governance”1 form the basis on which the mandate of governance is based. The three primary functions of governance are:

- approval – governance approves specific policies, plans or projects according to established procedures.
- oversight – governance receives a wide variety of reports and information through which it monitors the quality and substance of institutional leadership and decision-making.
- advice – governance is consulted and provides input, sometimes in confidence, on proposed initiatives at various stages of development.

B. Governance versus Administration

In discussing the functions of governance, it is also important to clarify what governance is not – that is, to define the legitimate boundary or “hand-off” between governance and administration. In general, the President, as chief executive officer, and the administration have the responsibility for articulating the University’s mission and strategic directions on the advice of and for ultimate approval by governance.

The President and the administration also have responsibility for outlining problems, explaining issues, identifying the need for changes in policy, and formulating new policy for governance consideration.

C. Functions

The functions of governance encompass the following ten aspects of advancing and sustaining the University’s purpose, strength and well-being:

- strategy
  - provides advice on the development and expression of the University’s specific mission;
  - approves the University’s specific mission;
  - provides advice on strategy as the administration is developing it (but does not develop institutional strategy itself);
  - satisfies itself that the proposed strategy is appropriate, and
  - approves the strategy.

    Ø academic divisions,

Ø admissions standards, and
Ø awards and honours.

• student experience
  - ensures that policies and practices are in place and implemented for assurance of quality across all dimensions of the student experience.

D. Responsibility for Functions: Boards and Committees

Responsibility for particular functions is distributed among the Boards and Committees of the Governing Council. In many instances, the Governing Council reserves final decision-making authority; in others the Council has delegated initial review and final decision-making to various governance bodies.
