Item: Student Society Proposals for Fee Increases – St. George and Multi-Campus  
Summary of Proposed Fee Changes: Compulsory Non-Academic Incidental Fees – St.  
George and Multi-Campus

**Re:** Student Society Proposals for Fee Changes:  
University of Toronto St. George and Multi-Campus

---

The Office of the Vice-Provost, Students has received a number of fee change requests from student societies. The applications have been reviewed in light of the requirements of the *Policy for Compulsory Non-Academic Incidental Fees*, are found to be in compliance with these requirements, and are recommended for approval.

Requests for fee increases from student societies must meet a number of requirements. Section B.4. of the *Policy for Compulsory Non-Academic Incidental Fees* outlines the University's general expectations:

*Requests to change the fee collected on behalf of a student society and requests for new fees shall be approved only when evidence has been presented that the request has been authorized by due constitutional process in the organization. The procedures to request approval of a new fee or an increase to an existing fee shall be published in the Handbook for Student Societies.*

*Cost of Living Increases*

*(a) Where the amount of an increase in the fee charged is not greater than the year-over-year change in consumer prices for Ontario as measured by Statistics Canada (December-over-December) as of December 31 of the previous year, the request must be supported by the results of a previous referendum approving the principle of a cost-of-living adjustment. In special circumstances (e.g., when a portion of a student society fee is designated for a health plan or capital project), other inflation indexes or predetermined inflation factors may be used, provided that the request is supported by the results of a previous referendum approving the use of the specific inflation index or predetermined inflation factor.*

*Referendum Requirement*

*(b) Where the amount of an increase in the fee charged is greater than the year-over-year change in consumer prices, the request must be supported by the majority of the society's members voting in a recent referendum.*

The procedures for handling fee change requests (from the *Handbook for Student Societies* published by the OVPS) also provide that requests for a fee increase must be supplied with the following:

*Evidence that the request to change the existing fee (or to institute a new charge) has been authorized by due constitutional process of the organization. This evidence should include a copy of or specific reference to the section of the society's constitution which related to the mechanism for fee changes, minutes of the meeting at which the resolution to request the change was passed, details and results of any referenda related to the subject which may have been held within the division, and publicity given the matter to ensure that those who may be affected by the change are aware of the proposal, including size and purpose of the increase, and have had the opportunity to make their views known.*

Normally, the administration intersects with these processes at two points. Initially, student societies may seek advice from the OVPS on the wording of the referendum questions (with respect to clarity and technical language). The second point occurs after the referendum when the student society makes the formal request for a fee increase. The recommendation for approval is derived from the assessment of whether or not the society has met the requirements established in the *Policy* and relevant procedures.

Occasionally, the OVPS is asked to look into complaints about referendum procedures and compliance with relevant portions of the society's constitution and/or by-laws. The results of these investigations play a significant role in the assessment of the request and the recommendation for approval.

The assessment of requests for fee increases is normally based upon the following expectations:

1. The student society must make the request in a manner consistent with the *Policy for Compulsory Non-Academic Incidental Fees* and the University's procedures for increases to student society fees;
2. When required, there must be a positive result in a referendum for a fee increase (special conditions established by the society's by-laws, such as quorum, must also be met);
3. The referendum question itself should be clear and provide enough information to students in order to gain a full understanding of the implications of the question and proposed fee for them;
4. The referendum must be held in a fair manner, advertised and promoted in a reasonable manner, and the members of each organization should be given a reasonable opportunity to vote; and
5. Each organization must comply with the provisions of its own by-laws, rules of procedure, and specific policies and procedures approved by the society's board or council.

Societies which have previously received approval (by referendum) from their members for an annual cost of living increase in the society's portion of the fee may request increases, upon approval by the society's board or council, of up to the previous Ontario December-over-December cost of living increase (consumer price index) calculated by Statistics Canada. The December 2017 consumer price index for Ontario was 1.5%.

As outlined in the excerpt from the *Policy* above, where members of a society have given consent (through a previous referendum) to the concept of inflationary increases according to a specific inflation factor or measure, this inflation factor may be used. For example, the University of Toronto Students' Union (UTSU), the University of Toronto Graduate Students' Union (UTGSU), and the Association of Part-Time Undergraduate Students (APUS) may request increases in the designated portions of their fees for health and dental plans at a rate established by approval of a previous referendum. UTSU and APUS may request increases in their health and dental plan fees of up to 10%. The UTGSU may request increases in its health and dental plan fees of an amount less than or equal to a health industry index.

It is important to note that when dealing with a student society request for a fee change, it is the society's own constitution, by-laws, or established policies that set the standards for acceptable results in referenda. In some cases, society constitutions establish a minimum voter turnout in order to consider a referendum result to be valid. The University has not established additional criteria with respect to valid referendum voter turnout.

In addition, with respect to both requests for increases based upon the results of a referendum, and increases which require only the approval of the society's board or council, the administration relies on the assurances of student societies that due constitutional processes and fair procedures have been followed.

3. The establishment of a dedicated *Skule Endowment Fund* portion of the fee.

A referendum was held from March 28, 2018 to March 31, 2018, in which undergraduate Faculty of Applied Science and Engineering students were asked to support the establishment of a dedicated *Skule Endowment Fund* portion of the EngSoc fee. The wording of the question was as follows:

*Skule Endowment Fund Preamble*

*TL;DR – Proposal to continue the Skule Endowment Fund levy of \$100/year for the 2018-2019 and 2019-2020 school years. The Engineering Society and the University of Toronto have agreed to have the funds held and invested by the University while elected student representatives control the use of income or principal. The fund has already contributed \$1 million to secure co-curricular student space at the Centre of Engineering Innovation and Entrepreneurship (CEIE).*

*The Engineering Society is proposing the Skule Endowment Fund Levy of \$100 per year for full-time students (\$50 per fall and winter sessions) and \$50 per year for part-time students (\$25 per fall and winter sessions), excluding students on PEY, for the 2018-2019 and 2019-2020 school years. The Skule Endowment Fund was established by referendum in the spring of 2011. Since then a total of \$1,072,316.02 has been collected.*

*The Engineering Society has reached an agreement with the University of Toronto that allows the funds to be held and invested by the University in trust while elected student representatives retain control over the use of any income or principal.*

*Interest earned from the principal collected through the levy may be used each year to fund student life improvements following the same procedure as the existing Temporary Special Levy Fund. A capital improvement previously funded through similar student levies includes the renovation of the Sandford Fleming Atrium. The levy for the Skule Endowment Fund will be renewed by referendum every two years.*

*In addition, the principal of the fund can be spent on specific capital projects (e.g. the construction of co-curricular student space). These decisions will be made by elected student representatives with the Engineering Society. Already, the fund has contributed \$1 million to support student club space in the lower level of the Centre of Engineering Innovation and Entrepreneurship (CEIE), an entirely new facility being built by the Faculty of Applied Science and Engineering. At this early stage, capital contributions from students through the Skule Endowment Fund provides substantially superior co-curricular student facilities in this new building, thereby improving student experience in the Faculty for decades to come. Further, it will be our generation of students that will be known for contributing to a leading vision for engineering the profession.*

*Students will be able to opt out by the last Friday of February each year and reimbursement will be provided by the Engineering Society.*

*Skule Endowment Fund Question*

*Are you in favour of establishing the Skule Endowment Fund levy as described in the above preamble?*

YES NO ABSTAIN (SPOIL BALLOT)

The results of the referendum were as follows:

YES:	253 (71.7%)	Approx. Number of Eligible Voters:	4,398
NO:	94 (26.6%)	Voter turnout:	353 (8.0%)
SPOILED/ABSTAIN:	6 (1.7%)		
TOTAL:	353 (100%)

## Varsity Publications

---

### Background

In the fall/winter 2017-18, the **Varsity Publications Inc.** fee was \$2.01 per session, charged to all full-time undergraduate University of Toronto students.

### Requests

1. An increase in the society portion of the fee (undergraduate).

A referendum was held from February 28, 2018 to March 3, 2018, in which full-time undergraduate students across all three campuses were asked to support an increase to the Society portion of The Varsity fee. The wording of the question was as follows:

*The Varsity, the University of Toronto's student newspaper of record, is the largest and most widely read student newspaper in Canada. Despite this fact, The Varsity's annual levy is considerably smaller than that of other Canadian student newspapers.*

*The current Varsity fee is \$2.01 per fall, winter, and summer sessions, with a provision allowing for annual cost of living increases as approved by The Varsity's board of directors.*

*We are seeking consent from The Varsity's members for an increase to The Varsity Publications fee. The proposed increase is \$0.80 per session (full-time only).*

*If the increase is approved, the total fee for The Varsity Publications would be \$2.81 per fall and winter sessions, and would be charged to all full-time undergraduate students beginning in the fall 2018 session. Annual cost of living increases (approved by the referendum in 2007) would continue to be permitted.*

*Are you in favour of an increase in The Varsity Publications fee as described in the preamble?*  
Yes    No    Abstain

The results of the referendum were as follows:

YES:	534 (81.4%)	Approx. Number of Eligible Voters:	61,214
NO:	109 (16.6%)	Voter turnout:	656 (1.1%)
SPOILED/ABSTAIN:	13 (2.0%)		
TOTAL:	656 (100%)		

2. The establishment of the society portion of the fee for graduate students.

A referendum was held from February 28, 2018 to March 3, 2018, in which full-time graduate students were asked to support an increase to the Society portion of The Varsity fee. The wording of the question was as follows:

*The Varsity, the University of Toronto's student newspaper of record, is the largest and most widely read student newspaper in Canada. Although graduate students currently do not pay an*

annual fee for *The Varsity*, the scope of our coverage has expanded significantly to encapsulate the stories that are important to the graduate student experience.

By including graduate students in our membership, we're extending the opportunity to obtain part-time employment on our masthead and to vote in our internal elections and Annual General Meetings — an opportunity that, according to our current bylaws, is not currently permitted for non-levy paying students. We're also extending graduates the opportunity to ensure accurate and adequate coverage of graduate affairs by joining our Board of Directors. Moreover, a seat on the Board would be reserved specifically for a graduate student.

We are therefore seeking consent from graduate students to establish a new fee for *The Varsity Publications*. The proposed fee is \$0.80 per fall, winter, and summer sessions (full-time only). We are also seeking consent from graduate students to allow *The Varsity's* Board of Directors to approve annual cost-of-living increases (specifically, Statistics Canada's December-over-December Ontario Consumer Price Index).

If the fee is approved, the total fee for *The Varsity Publications* would be \$0.80 per fall and winter, and would be charged to all full-time graduate students beginning in the fall 2018 session.

Are you in favour of an increase in *The Varsity Publications* fee as described in the preamble?

Yes    No    Abstain

The results of the referendum were as follows:

YES:	65 (51.2%)	Approx. Number of Eligible Voters:	16,192
NO:	60 (47.2%)	Voter turnout:	127 (0.8%)
SPOILED/ABSTAIN:	2 (1.6%)		
TOTAL:	127 (100%)		

## Summary of Changes

- (a) an increase of \$0.80 per session in the society portion of the fee (undergraduate); and

If approved, the total Varsity Publications Inc. fee for full-time undergraduate students will be \$2.81 per session. If approved, the total Varsity Publications Inc. fee for full-time graduate students will be \$0.80 per session.

## For Information: Student Teachers' Union (STU)

---

### Background

In fall/winter of 2017-18, the Student Teachers' Union fee was \$6.50 per fall and winter sessions (full-time only) charged to undergraduate students at the Ontario Institute for Studies in Education.

2017-18 is the final year in which students are enrolled in the undergraduate program at the Ontario Institute for Studies in Education. Since the STU fee is collected only from students enrolled in this program, the fee can no longer be collected and – as a result – STU will no longer be a student society of the University of Toronto.

### For Information

The Student Teachers' Union Student Society fee of \$6.50 will not be collected after the fall/winter 2017-18 sessions.
