1. Chair’s Remarks

The Chair welcomed members and guests to the meeting. He welcomed Amorell Saunders N’Daw, Director of Governance, back to her role after a year-long secondment and thanked Rena Prashad, Governance Coordinator, for her extra guidance and support during the year.

The Chair reported that the University had received a communication from the Chief Commissioner of the Ontario Human Rights Commission prior to the University Affairs Board (UAB) meeting on January 30th. The Commissioner expressed concerns about the proposed University-Mandated Leave of Absence Policy within the context of the duty to accommodate. The Commissioner requested that the University delay the approval of the Policy. As a result, the Policy was withdrawn from the UAB agenda for approval. The Chair noted that the University’s administration continued to be confident that the proposed Policy and its implementation were in compliance with the Ontario Human Rights Code. However, to ensure that the best interests of students continued to be addressed, the University would take the Commissioner’s comments under advisement and provide a thorough and thoughtful response.

The Chair updated the Committee on the status of the tri-campus Democratic Engagement Initiative undertaken by the University’s administration to address and increase student engagement in a broad manner—not only to support student organizations and referendums—but to increase student engagement in Municipal, Provincial, and Federal elections.

2. Operating Plans and Fees: Student Services

a. Operating Plans and Fees

Desmond Pouyat, Dean of Student Affairs, presented the 2018-19 operating plans and fees for student affairs and services. He focused on the following framework objectives:

- Strong programing and services with continued growth;
- Efficiencies in program and service delivery; and
- Modest increases to funds that support campus life activities and student initiatives.

---

1 Presentation- Operating Plans and Fees
He explained that the plans were also driven by enrolment, increasing campus life activity, continued increases in use of services and programs, allocations from the operating budget in 2017-2018, and space limitations.

b. Overview and Advice-- Council on Student Services (CSS)

Mr. Pouyat presented the Committee with a summary of the CSS process and offered an overview of the proposal made to CSS. He reported that CSS voted in favour of the Student Services and Health & Wellness budgets, and against the Athletics and Recreation budget. Under the terms of the Long-Term Protocol on the Increase or Introduction of Compulsory Non-Tuition Related Fees (the Protocol), (a memorandum of agreement between the University and the student governments, on behalf of all students) the University administration could invoke a permanent increase in existing fees by a percentage less than or equal to the lesser of the Consumer Price Index (CPI) increase or the University of Toronto Index (UTI) increase, and a temporary three-year increases in existing fees by a percentage less than or equal to the greater of the CPI increase or the UTI increase. He further explained that students were aware of the applicable CPI/UTI increases that would be invoked though the CSS process and vote. Finally, Mr. Pouyat reported that the Chair of CSS was aware of the recommendations being presented to the Committee for consideration. Bruce Kidd, Vice-President and Principal, commented that invoking the permanent and temporary increases also offset inflation when a CSS budget was defeated.

On motion duly made, seconded and carried,

YOUR COMMITTEE RECOMMENDS,

THAT, the 2018-19 operating plans and budgets for the UTSC Student Affairs and Services (including the Health & Wellness Centre, Athletics & Recreation, and Student Services), as presented in the documentation from Mr. Desmond Pouyat, Dean of Student Affairs, be approved; and

THAT the sessional Health & Wellness Fee for a UTSC-registered or UTSC-affiliated full-time student be increased to $68.99 ($13.80 for a part-time student), which represents a year over year increase of $1.68 ($0.34 for a part-time student) or 2.5 %;

THAT the sessional Student Services Fee for a UTSC-registered or UTSC-affiliated full-time undergraduate student be increased to $183.00 ($36.60 for a part-time student), which represents a year over year increase of $5.40 ($1.08 for a part time student) or 3.04 %

THAT the sessional Athletics & Recreation Fee for a UTSC-registered or UTSC-affiliated full-time student be increased to $143.07 ($28.61 for a part-time

student), which represents a year over year increase of $5.50 ($1.10 for a part-time student) or 4% (resulting from a permanent increase of 2.2% and a three-year temporary increase of 4.7% on the eligible portion).

Mr. Pouyat reported that the Compulsory Non-Academic Incidental Fees report and analysis was an inventory of all compulsory non-academic incidental fees paid by students across the University, and were presented\(^3\) to the UTM and UTSC Campus Affairs Committees and the University Affairs Board for information. He explained that fees were divided into three categories (Student Service, Cross-Divisional Student Societies, and Divisional Fees), and that some fees varied by division while others remained relatively constant. In a graphical illustration, Mr. Pouyat drew members’ attention to the specific fees paid by full-time, part-time undergraduate, and graduate students at UTSC.

4. Compulsory Non-Academic Incidental Fees – Student Society Fees: UTSC Student Society Proposals for Fee Increases

Mr. Pouyat reported that Student Society Fees were collected by the University on behalf of Student Societies. In his presentation\(^4\), he explained that for a Society to operate it was necessary for the Society to be open, accessible, and democratic, and that there were constitutions and by-laws in place to oversee the requirements for: financial reports, annual audits, appropriate accounting and financial processes, and a complaint process. Mr. Pouyat remarked that in 2018-19 the Scarborough Campus Student’s Union (SCSU) was requesting fee increases for the cost of living and for the continuance of the Refugee Student Program.

On motion duly made, seconded and carried,

YOUR COMMITTEE RECOMMENDS,

\[
\text{THAT beginning in the Summer 2018 session, the SCSU fee be increased as follows: an increase of $6.30 per session ($1.26 part-time) in the UTSC Sports and Recreation Centre Levy portion of the fee; and subject to confirmation of approval of the following fee increase proposals by the Scarborough Campus Students’ Union (SCSU) Board of Directors on March 29, 2018,}
\]

\[
\text{THAT beginning in the Fall 2018 session, the SCSU fee be increased as follows:}
\]

\[
\text{(a) an increase of $0.40 per session in the Society membership portion of the fee}

\(^4\) Presentation- Compulsory Non-Academic Incidental Fees – Student Society Fees: UTSC Student Society Proposals for Fee Increases
($0.02 part-time), (b) an increase of $0.59 per session in the Student Centre portion of the fee ($0.18 part-time), (c) an increase of $0.12 per session (full-time only) in the CFS/CFS-O portion of the fee, (d) an increase of up to $7.48 (full-time only) per session in the Accident & Prescription Drug Insurance Plan portion of the fee, and (e) an increase of up to $9.46 (full-time only) per session in the Dental Plan portion of the fee, and (f) continuation of the Student Refugee Program portion of the fee through the 2017-18 academic period.

If approved, the total Fall/Winter SCSU fee will be up to $431.02 per session ($46.71 part-time), charged to all UTSC undergraduate students.

5. Operating Plans and Fees: Service Ancillaries

Andrew Arifuzzaman, Chief Administrative Officer, presented the 2018-19 UTSC service ancillaries operating plans to the Committee. Mr. Arifuzzaman reported that UTSC had three major budgets, which included: operating fund, student fees, and ancillary fees. He reported that ancillary budgets operated by providing services to internal and external users and maintained self-sufficient operations by managing operating expenses, making capital investments, and maintaining financial reserves. The 2018-19 operating plans, increases, and challenges were presented:

- **Student Housing and Residence Life**- fee increase of 3 percent to further develop the residence experience. The team had been working on process improvements that resulted in a 4 percent reduction in year over year total costs;
- **Retail and Conference Services**- would continue to host conferences, camps and film shoots on campus during times when space was not in use for teaching, learning, research, or co-circular programing. Obtaining space to host conferences continued to be a challenge;
- **Food & Beverage Services**- Expansion of ‘Feature’ table, ‘Fresh Vending’ machine, and more healthy options in the Market Place. Plans were underway to adjust hours of operation to meet the needs of the campus community;
- **Parking Services**- fee increase of 3 percent in all permit categories to maintain existing facilities. The introduction of monthly parking permits for students would be introduced in September 2018.

In response to a suggestion from a member regarding monthly parking permits for faculty, Gary Pitcher, Director, Campus Safety, Issue and Emergency Management, remarked that the option was possible and that Parking Services was considering more flexible parking options.

On motion duly made, seconded and carried,

YOUR COMMITTEE RECOMMENDS,

---

5 Presentation- Operating Plans and Fees: Service Ancillaries
THAT the 2018-19 operating plans and budgets for the UTSC Service Ancillary, as summarized in Schedule 1; the Service Ancillary capital budgets as summarized in Schedule 5; and the rates and fees in Schedule 6, as presented in the documentation dated December 15, 2017, be approved effective May 1, 2018.

6. Reports of the Presidential Assessors

William Gough, Vice-Principal, Academic and Dean, reported that beginning in Fall 2018 most international PhD students at the University would be paying tuition fees equivalent to those of domestic students. He discussed the Strategic Mandate Agreement 2 (SMA2) with respect to no growth in domestic undergraduate student enrolment, and unregulated international undergraduate enrolment at UTSC. International recruitment strategies were being developed for India, Korea, Vietnam, and the United States of America.

Mr. Pouyat reported that all full-time undergraduate and graduate students at the University would be receiving the Student Voices on Sexual Violence survey in late February. The survey was scheduled to run through March 2018 – with plans for a second cycle in 2021. He explained that the survey would be conducted by the CCI Research Inc. on behalf of the Ministry of Advanced Education and Skills Development. It was anticipated that approximately 650,000 Ontario university and college students would be invited to participate in the survey. He remarked that the survey could trigger trauma for participants who had been affected by sexual violence, which was why a ‘support button’ was embedded throughout the survey for those requiring assistance. Finally, he reported that The Ministry planned to release the survey results in Fall 2018 highlighting common metrics.

Mr. Arifuzzaman reported that the laboratory, vivarium, and infrastructure revitalization projects in the Science Wing (SW) supported by the Lab Innovation for Toronto (LIFT) Strategic Investment Fund (SIF) were on target for completion on April 30th. He remarked that the winter had imposed challenges on the Highland Hall construction. However, despite the setback, the building was on track to be operational by Fall 2018 Orientation. In addition, he reported that the campus Secondary Plan had been submitted to the City of Toronto and that the Greenhouse Gas Campus Retrofits Program (GGRP) would help the campus reduce electricity usage by installation of LED lighting retrofits and other carbon reduction strategies. Finally, he remarked that the campus was awaiting final market bid submissions from industry proponents for the Student Residence project on February 15th.

The report of the previous meeting was approved.

8. Business Arising from the Report of the Previous Meeting

There was no business arising from the report of the previous meeting.
9. Date of the Next Meeting

The Chair reminded members that the next scheduled meeting of the Committee would be held on Wednesday, March 28, 2018 at 4:10 p.m.

10. Other Business

No other business was raised.

The meeting adjourned at 5:45 p.m.

- One graduate student, appointed by the GSAS, to represent graduate students at large

Budgets that follow CSS Process

- Student Services Fee budget
- Health & Wellness Centre budget
- Athletics and Recreation budget

The CSS Process

- Presentations by departments followed by Q&A
- Advisory groups meet for each department
- Finance Committee meetings
- Budget preview meeting and presentations mid-January to CSS student voters (Wednesday January 10, 2018)
- Additional meeting held as necessary to answer questions and provide information
- Final Budget Presentation and Vote (Thursday January 18, 2018)
### CSS Budget Vote

- All members have a vote
- Only the student vote determines the outcome
- A simple majority of student votes required to pass a budget

### When a Budget Vote Fails

- The Administrative Assessor is permitted by the Long-term Protocol on the Increase or Introduction of Compulsory Non-Tuition related Fees (The Protocol) to recommend a fee increase to the appropriate governing body (Campus Affairs Committee and Campus Council).
- The recommended fee increase is based on the calculated UTI, and applicable CPI used in the university’s long range budget projections, assumptions, and strategies.
- The recommended fee increase **CANNOT** be greater than the UTI or CPI increase. The highest of UTI or CPI can **ONLY** be implemented as a **temporary 3 year increase** while the lesser of the two is a permanent increase.

### CPI (Definition - Student Services)

CPI is the inflation factor equal to the Consumer Price Index as described in the University of Toronto’s Long-range Budget Projection Assumptions and Strategies (or its equivalent).

### UTI: University of Toronto Index

UTI is an indexation of a service’s fee

- Accounts for changes in salary and benefit costs, revenue from other sources, occupancy costs, and changes in enrolment.
- Calculated separately for each service's fee.

### Permanent and Temporary Increases

**Permanent increase:**
The lesser of the UTI increase or the CPI increase.

**Temporary increase (up to 3 years):**
The greater of the UTI increase or the CPI increase.

**Examples:**

<table>
<thead>
<tr>
<th>UTI</th>
<th>CPI</th>
<th>UTI x CPI</th>

</tr>
<tr>
<td>1.3</td>
<td>2.0</td>
<td>1.3</td>
<td>1.3 x 2.0</td>
<td>1.3</td>
</tr>
</tbody>
</table>

These provisions of the Protocol allow services, programs, and overall operations to avoid jeopardy, and to be maintained, but does not provide the financial framework for any substantive expansion in growth of programs and services.

**Approval Process Summary**

- Strongly supported by Campus financial services team
- Departmental and Student Affairs business officers
- Tri-campus Input
