DATE: March 2, 2022 for March 9, 2022

AGENDA ITEM: 4

ITEM IDENTIFICATION:

Operating Plans and Fees: Service Ancillaries, UTSC

JURISDICTIONAL INFORMATION:

Under the *Terms of Reference* for University of Toronto Scarborough Campus Affairs Committee, sections 5.1 and 5.3.1, the Committee considers and recommends to the UTSC Campus Council for approval the operating plans for the campus service ancillaries.

GOVERNANCE PATH:

1. UTSC Campus Affairs Committee (For Recommendation) (February 10, 2022)
2. University Affairs Board (For Information) (March 3, 2022)
- 3. UTSC Campus Council (For Approval) (March 9, 2022)**
4. Executive Committee (For Confirmation) (March 22, 2022)

PREVIOUS ACTION TAKEN:

At its meeting held on February 11, 2021, the UTSC Campus Affairs Committee considered and recommended the 2021-22 UTSC service ancillary operating plan proposal to the UTSC Campus Council for approval. On March 10, 2021, UTSC Campus Council approved the 2021-22 service ancillary operating plans, which were presented to the University Affairs Board for information on March 4, 2021. The service ancillary operating plans received confirmation of approval from the Executive Committee on March 25, 2021.

HIGHLIGHTS:

The UTSC Campus Affairs Committee considers and recommends operating plans for all UTSC service

ancillaries on an annual basis. Those plans include a management report that describes the proposed services and programs offered within the financial parameters of the University's operating budget and financial policies set by the Business Board. The plans also include each ancillary's annual operating budget, as well as changes to program and levels of service, categories of users, accessibility, and compulsory or optional fees. The plans will report on actual financial results for 2020-21, the forecast for 2021-22, and projections for the five-year period, 2022-23 to 2026-27. Only the proposed budget for 2022-23 is presented for approval.

Consultation

The UTSC Service Ancillary operating plans are developed in a consultative process with the Office of the Chief Administrative Officer and the Financial Services Department. These plans are assessed for completeness, adherence to fiscal policies, financial feasibility and their ability to achieve the four financial objectives for service ancillaries. Consultation around each of these plans also occurs with stakeholder groups that are directly affected and that form part of the advisory and decision-making structures of each operation.

Students are included in these groups. The Student Housing Advisory Committee includes membership from residents at large, students living off campus in rental accommodations, residence advisors, representation from the Scarborough Campus Residence Council, and elected members from the Scarborough Campus Student Union (SCSU). The Food User Committee gathers various representatives from the UTSC community including academic staff and faculty, administration, students, and representatives from the campus' food service provider and the SCSU. The Parking Advisory Review Committee includes academic staff and faculty, administration, and students.

Each advisory group was provided with the opportunity to discuss ancillary management plans, operations, products, programs, and initiatives presented by the service ancillary. Discussions covered accessibility, hours of operations, pricing, service levels, current and future programs, and maintenance projects planned, as applicable. The various advisory committees provided feedback and guidance to topics brought forward by the service ancillaries, which were used to develop the operating plans submitted to the Committee for recommendation. The 2022-23 operating plans and management reports were also provided to University of Toronto Financial Services Department for comment. No major concerns were raised.

Overview

Service ancillaries at the University of Toronto Scarborough include Student Housing and Residence Life, Retail and Conference Services, Food and Beverage Services, and Parking Services. These operations are measured over the long-term on their success in meeting four objectives: (i) to operate without subsidy from the operating budget; (ii) to provide for all costs of capital renewal, including deferred maintenance, furniture and equipment; (iii) having achieved the first two objectives, create and maintain a minimum operating reserve of 10 percent of annual expenditures; and (iv) having achieved the first three objectives, contribute net revenues to the operating budget.

2022-23 Service Ancillary Operating Plans and Budgets

Service ancillaries as a whole are budgeting net income before transfers of \$3.4 million for the year ending April 30, 2023 on projected revenues of \$15.4 million (see Schedule 1).

2022-23 Service Ancillary Capital Budgets

The service ancillaries are budgeting capital expenditures of \$3.4 million in 2022-23 (see Schedule 5), consisting primarily of life cycle replacement of furniture in the residences and a provision for capital expenditures in the townhouses based on recommendations to come forward later this year from the student housing master plan and capitalized design consultant costs for the parking structure.

2022-23 Service Ancillary Rates and Fees

Student Housing and Residence Life proposes an increase of 5% for townhouses and apartment style suites. Parking Services proposes a 10% permit fee increase for all categories of UTSC permits.

These budgets and rates provided for approval for 2022-23 are reasonable, based on the operating plans, which outline the opportunities and ongoing challenges facing the ancillaries, with the understanding that there will be continuing work to address various issues.

FINANCIAL IMPLICATIONS:

An assessment of each ancillary's ability to achieve the four financial objectives is summarized in Schedule 2.

RECOMMENDATION:

Be It Resolved,

THAT the 2022-23 operating plans and budgets for the UTSC Service Ancillaries, as summarized in Schedule 1; the Service Ancillary capital budgets as summarized in Schedule 5; and the rates and fees in Schedule 6, as presented in the Service Ancillary Report on Operating Plans dated January 04, 2022, be approved effective May 1, 2022.

DOCUMENTATION PROVIDED:
