

Student Affairs & Services Administrative Structure

Student Affairs & Services

Key Portfolio Challenges & Opportunities 2024-25

- Support progress on UTM's *rethinking academic advising project*, particularly for first-year, first-generation and undecided students
- Hone newly opened Student Services Hub operations based on students' usage and needs, as a *first stop* linking students with experts, activities and supports across campus and as a source to *untangle complex concerns*
- Launch *UTM RecZone outdoor fields and courts project*, expanding students' recreation, sport and wellness engagements while celebrating UTM's diversity of people and interests
- Invest in *systems modernization* across the student services, making it easier for students to engage and staff to support them
- Support the well-being of *students who are struggling* amidst current events, regional hostilities and political turmoil
